

are satisfied. The Commission believes that the Exchange's view is not unreasonable. In approving the proposed rule change, the Commission notes that in any instance in which a listed company relies on the Exception, the company's board would continue to be required under the proposal to affirmatively determine that the director does not have any relationship which, in the opinion of the board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.²²

The Commission further notes that a listed company is permitted to use the Exception only if its board, under exceptional and limited circumstances, determines that membership on the committee by the individual is required by the best interests of the company and its shareholders. Moreover, the Commission notes that any time an issuer relies on the Exception, it is required to make the public disclosures indicated above.

Finally, the Commission believes that replacing the undefined term "officer" with the defined term "Executive Officer," in keeping with the Exchange's longstanding interpretation of its listing rules, clarifies the applicability of the listing rules.

For the reasons discussed above, the Commission finds that the rule change is consistent with the Act.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²³ that the proposed rule change (SR-NASDAQ-2012-062), be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁴

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Designation of a Longer Period for Commission Action on Proposed Rule Change Relating to the Handling of Stop and Stop Limit Orders

July 19, 2012.

On May 24, 2012, Financial Industry Regulatory Authority, Inc. ("FINRA") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to amend FINRA's rules relating to the handling of stop and stop limit orders. The proposed rule change was published for comment in the **Federal Register** on June 6, 2012.³ The Commission received four comment letters regarding the proposal.⁴

Section 19(b)(2) of the Act⁵ provides that within 45 days of the publication of notice of the filing of a proposed rule change, or within such longer period up to 90 days as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or as to which the self-regulatory organization consents, the Commission shall either approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved. The 45th day from the publication of notice of filing of this proposed rule change is July 21, 2012. The Commission is extending the 45-day time period.

The Commission finds that it is appropriate to designate a longer period within which to take action on this proposed rule change. In particular, extension of time will ensure the Commission has sufficient time to consider the Exchange's proposal in

light of, among other things, the comments received on the proposal. The extension of time also will allow the Commission sufficient time to consider any responses to the comments.

Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,⁶ designates September 4, 2012, as the date by which the Commission should either approve or disapprove, or institute proceedings to determine whether to disapprove, this proposed rule change.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.⁷
