

requested a temporary deviation from the operating schedule of the vertical lift span bridge across the Neches River at mile 19.5 in Beaumont, Texas. The vertical clearance of the bridge in the closed-to-navigation position is 13 feet above Mean High Water and 140 feet above Mean High Water in the open-to-navigation position.

In accordance with 33 CFR 117.971, the vertical lift span of the bridge is automated and normally not manned but will open on signal for the passage of vessels. This deviation allows the vertical lift span of the bridge to remain closed to navigation from 7 a.m. to 3 p.m. on Wednesday, August 8, 2012.

The closure is necessary in order to replace the south vertical lift joints on the bridge, which allow the bridge to be raised. This maintenance is essential for the continued operation of the bridge. Notices will be published in the Eighth Coast Guard District Local Notice to Mariners and will be broadcast via the Coast Guard Broadcast Notice to Mariners System.

Navigation on the waterway consists of commercial and recreational fishing vessels, small to medium crew boats, and small tugs with and without tows. No alternate routes are available for the passage of vessels; however, the closure was coordinated with waterway interests who have indicated that they will be able to adjust their operations around the proposed work schedule. Small vessels may pass under the bridge while in the closed-to-navigation position provided caution is exercised.

The bridge will be able to open manually in the event of an emergency, but it will take about one hour to do so.

Due to prior experience and coordination with waterway users, it has been determined that this closure will not have a significant effect on vessels that use the waterway.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: July 17, 2012.

David M. Frank,
Bridge Administrator.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG-2012-0611]

Drawbridge Operation Regulation; New Jersey Intracoastal Waterway (NJICW); Atlantic City, NJ

AGENCY: Coast Guard, DHS.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Fifth Coast Guard District, has issued a temporary deviation from the regulation governing the operation of the Route 30/Absecon Boulevard Bridge across Beach Thorofare, NJICW mile 67.2 and the US40-322 (Albany Avenue) across Inside Thorofare, NJICW mile 70.0, both at Atlantic City, NJ. The deviation is necessary to ensure the safety of the heavy volumes of vehicular traffic that would be transiting over the bridges for the annual Air Show at Bader Field located within the city limits. This deviation allows the drawbridges to remain closed to navigation to accommodate the free movement of vehicles for the 2012 Air Show.

DATES: This deviation is effective from 8:30 a.m. until 6 p.m. on Friday August 17, 2012.

ADDRESSES: Documents mentioned in this preamble as being available in the docket are part of docket USCG-2012-0611 and are available online by going to <http://www.regulations.gov>, inserting USCG-2012-0611 in the "Keyword" box and then clicking "Search". This material is also available for inspection or copying at the Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Terrance Knowles, Environmental Protection Specialist, Fifth Coast Guard District; telephone 757-398-6587, email Terrance.A.Knowles@uscg.mil. If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

SUPPLEMENTARY INFORMATION: The New Jersey Department of Transportation requested a temporary deviation from the current operating regulations of the Route 30/Absecon Boulevard Bridge across Beach Thorofare, NJICW mile

67.2 and the US40-322 (Albany Avenue) across Inside Thorofare, NJICW mile 70.0, both at Atlantic City, NJ. The temporary deviation has been requested to ensure the safety of the heavy volumes of vehicular traffic that would be transiting over the bridges for the annual Air Show at Bader Field located within the city limits. The specific operating requirements for these drawbridges are normally planned for the third or fourth Wednesday of August, of every year. However, to celebrate the tenth anniversary of the 2012 Air Show and to accommodate for a larger crowd, Atlantic City—the host city, requested to reschedule the event to Friday, August 17, 2012. Under this temporary deviation, on Friday, August 17, 2012, the draws for both bridges will open every two hours on the hour from 10 a.m. until 3 p.m.; and need not open from 8:30 a.m. to 10 a.m. and from 3 p.m. to 6 p.m.

Route 30/Absecon Boulevard Bridge

The current operating regulation for the Route 30/Absecon Boulevard Bridge across Beach Thorofare is outlined at 33 CFR 117.733(e) which requires that the bridge shall open on signal if at least four hours of notice is given; except that from April 1 through October 31, from 7 a.m. to 11 p.m., the draw need only open on the hour; on July 4, the draw need not open from 9:40 p.m. until 11:15 p.m. to accommodate the annual July 4th fireworks show. Should inclement weather prevent the fireworks event from taking place as planned, the draw need not open from 9:40 p.m. until 11:15 p.m. on July 5th to accommodate the annual July 4th fireworks show; on the third or fourth Wednesday of August the draw will open every two hours on the hour from 10 a.m. until 4 p.m. and need not open from 4 p.m. until 8 p.m. to accommodate the annual Air Show. In the closed position to vessels, the vertical clearance for this bascule-type bridge is 20 feet above mean high water.

US40-322 (Albany Avenue) Bridge

The current operating regulation for the US40-322 (Albany Avenue) Bridge across Inside Thorofare is outlined at 33 CFR 117.733(f) shall open on signal except that year-round, from 11 p.m. to 7 a.m.; and from November 1 through March 31 from 3 p.m. to 11 p.m., the draw need only open if at least four hours notice is given; from June 1 through September 30, from 9 a.m. to 4 p.m. and from 6 p.m. to 9 p.m., the draw need only open on the hour and half hour; and from 4 p.m. to 6 p.m., the draw need not open; on July 4, the draw need not open from 9:40 p.m. until 11:15 p.m., to accommodate the annual

July 4th fireworks show. Should inclement weather prevent the fireworks event from taking place as planned, the draw need not open from 9:40 p.m. until 11:15 p.m. on July 5th to accommodate the annual July 4th fireworks show; and on the third or fourth Wednesday of August, the draw will open every two hours on the hour from 10 a.m. until 4 p.m. and need not open from 4 p.m. until 8 p.m. to accommodate the annual Air Show. In the closed position to vessels, the vertical clearance for this bascule-type bridge is 10 feet above mean high water.

The majority of the vessels that transit the bridges this time of the year are recreational boats. Vessels able to pass through the bridges in the closed positions may do so at anytime. Both bridges will be able to open for emergencies. The Atlantic Ocean is an alternate route for vessels unable to pass through the bridges in closed positions. The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the closure periods for the bridge so that vessels can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridges must return to their regular operating schedules immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: July 18, 2012.

Waverly W. Gregory, Jr.,

Bridge Program Manager, Fifth Coast Guard District.

DEPARTMENT OF AGRICULTURE

Forest Service

36 CFR Part 219

RIN 0596-AD02

National Forest System Land Management Planning; Correction

AGENCY: Forest Service, USDA.

ACTION: Correcting amendments.

SUMMARY: The Department of Agriculture (USDA) published a National Forest System land management planning rule in the *Federal Register*, on April 9, 2012, (77 FR 21162).

Errors have been found in the rule with respect to punctuation, hyphenation, and wording. The errors

have been corrected in the rule published today.

DATES: These corrections are effective July 27, 2012.

ADDRESSES: Written inquiries about this correction document may be sent to the Director, Ecosystem Management Coordination Staff, USDA Forest Service, 1400 Independence Ave. SW., Mailstop Code 1104, Washington, DC 20250-1104.

FOR FURTHER INFORMATION CONTACT: Ecosystem Management Coordination staff's Planning Specialist Regis Terney at 202-205-1552.

SUPPLEMENTARY INFORMATION:

Background

This document makes technical corrections to Title 36, Code of Federal Regulations, Part 219—Planning, Subpart A—National Forest System Land Management Planning (36 CFR part 219, subpart A). One technical correction at 36 CFR 219.11(d)(4) concerns the wording describing the maximum size for openings that may be cut in one harvest operation. The wording should have said “maximum size for openings” instead of “maximize size for openings.”

At 36 CFR 219.17(b)(2) and (b)(3), the reference to “36 CFR part 209” should be “36 CFR part 219” and reference to “parts 200 to 209” should be “parts 200 to 299” and, therefore, technical corrections have been made to Title 36, Code of Federal Regulations, Part 219—Planning, Subpart A—National Forest System Land Management Planning (36 CFR part 219, subpart A), § 219.17(b)(2) and (b)(3). The correct reference in section 219.17(b)(2) and (3) is “36 CFR Part 219, published at 36 CFR Parts 200 to 299, revised as of July 1, 2010.”

In addition, corrections have been made to punctuation, hyphenation, and wording errors. The punctuation, hyphenation, and word corrections do not change the content of the rule. These specific changes are as follows:

In § 219.4, paragraph (a), the acronym “NEPA” is spelled out; in paragraph (a)(2), the term “Government” is capitalized; and in paragraph (a)(3)(b)(2)(iii), the word “to” has been added.

In § 219.6 paragraph (a)(1), the word “contained” has been removed from the first sentence.

In § 219.7 paragraph (c)(2)(viii), the word “which” has been changed to “that.”

In § 219.11 paragraph (d)(4) “maximize” has been changed to “maximum” and in paragraph (d)(4)(ii) “60-days” has been hyphenated.

In § 219.19 Definitions, changes have been made in definitions as follows: at

“*Collaboration or collaborative process*” the comma has been removed from “October, 2007;” at “*Connectivity*” the term “long distance” has been hyphenated; at “*Cultural Services*” a comma was added after the term “experiences;” and at “*Source water protection areas*” “the” was added to “Environmental Protection Agency.”

Need for Correction

As published, the final regulations contain errors which may be misleading and, therefore, need to be changed. Other changes are to make the document grammatically correct.

List of Subjects in 36 CFR Part 219

Administrative practice and procedure, Environmental impact statements, Indians, Intergovernmental relations, National forests, Reporting and recordkeeping requirements, Science and technology.

Accordingly, 36 CFR part 219 is corrected by making the following correcting amendments:

PART 219—PLANNING

■ 1. The authority citation for part 219 continues to read as follows:

Authority: 5 U.S.C. 301; 16 U.S.C. 1604, 1613.

■ 2. In § 219.4 revise paragraph (a) introductory text, and paragraphs (a)(2), and (b)(2)(iii) to read as follows:

§ 219.4 Requirements for public participation.

(a) *Providing opportunities for participation.* The responsible official shall provide opportunities to the public for participating in the assessment process; developing a plan proposal, including the monitoring program; commenting on the proposal and the disclosure of its environmental impacts in accompanying National Environmental Policy Act (NEPA) documents; and reviewing the results of monitoring information. When developing opportunities for public participation, the responsible official shall take into account the discrete and diverse roles, jurisdictions, responsibilities, and skills of interested and affected parties; the accessibility of the process, opportunities, and information; and the cost, time, and available staffing. The responsible official should be proactive and use contemporary tools, such as the Internet, to engage the public, and should share information in an open way with interested parties. Subject to the notification requirements in § 219.16, the responsible official has the discretion to determine the scope,
