SUPPLEMENTARY INFORMATION

I. Abstract

Decennial censuses have relied on primarily two modes of data collection, mail and in person interview. The Census Bureau seeks to explore alternative modes of contact and collection in an effort to reduce costs and increase self-response. This research will be conducted through a series of projects and tests throughout the decade. Contact involving cellular telephone numbers, text messages, and email are under investigation, extending the Census Bureau's existing knowledge

and use of mail, landline telephone, and internet modes. The 2013 Alternative Contact Strategy Test is the first test to support this research.

The Census Bureau will test alternate contact information through a self-response test. Telephone numbers obtained from commercial vendors will be used to contact 40,000 households. Information on the household's communication and contact modes will be collected. The information will be analyzed to inform future contact strategies for 2020 Research and Testing Project tests and design options for the 2020 Census.

II. Method of Collection

The Census Bureau will conduct the 2013 Alternative Contact Strategy Test with a national sample of 40,000 households, utilizing Computer Assisted Telephone Interviews. The Census Bureau estimates the response rate to be 65 percent. Interviewers will call households to confirm and collect contact information such as address, telephone, cell, and email.

The Census Bureau plans to conduct the 2013 Alternative Contact Strategy Test data collection in early winter of 2013. The specific data collection start and end dates along with the duration of the data collection period are still under consideration. The Census Bureau, however, expects that the duration of the data collection period will be about a month.

Diamond Sawblades and Parts Thereof From the People's Republic of China: Rescission of Antidumping Duty Administrative Review in Part

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On December 28, 2010, the Department initiated an administrative review of the antidumping duty order on diamond sawblades and parts thereof (diamond sawblades) from the People's Republic of China (the PRC). The period of review is January 23, 2009, through October 31, 2010. The Department is rescinding this review in part.

DATES: *Effective Date:* August 8, 2012.

FOR FURTHER INFORMATION CONTACT: Yang Jin Chun, AD/CVD Operations, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-5760.

SUPPLEMENTARY INFORMATION:

Rescission of Administrative Review in Part

On December 28, 2010, based on timely requests for an administrative review, the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on diamond sawblades from the PRC.¹ In accordance

¹ See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 75 FR 81565 (December 28, 2010).

with 19 CFR 351.213(d)(1), the Department will rescind an administrative review "if a party that requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review." On March 28, 2011, the petitioner, Diamond Sawblades Manufacturers Coalition, withdrew its request for review of sales of subject merchandise with respect to Hebei Jikai Industrial Group Co., Ltd. (Hebei Jikai) and Jiangyin Likn Industry Co., Ltd. (Jiangyin Likn). These two companies have separate rates from a prior segment of this proceeding.² In *Diamond Sawblades and Parts Thereof from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review and Intent to Rescind Review in Part*, 76 FR 76135 (December 6, 2011), we inadvertently assigned the PRC-wide rate to these companies. However, it is the Department's practice to rescind an administrative review with respect to a company that has a separate rate from a prior segment of the proceeding where the only party that requested a review timely withdrew its request.³

On June 4, 2012, the Department deferred issuing the final results of this administrative review in order to investigate further serious allegations of fraud in the concurrent administrative review of diamond sawblades and parts thereof from Korea.⁴ These allegations involve Korean affiliates of a Chinese mandatory respondent (Weihai Xiangguang Mechanical Industrial Co., Ltd.) and a Chinese separate-rate company (Qingdao Shinhan Diamond Industrial Co., Ltd.). That said, because we received letters withdrawing the requests for review of Hebei Jikai and Jiangyin Likn within the 90-day time limit, and we received no other requests for review of these companies, the Department is rescinding this review with respect to diamond sawblades from the PRC exported by these two companies in accordance with 19 CFR 351.213(d)(1). The Department will issue appropriate assessment instructions to U.S. Customs and Border
