

located in southeastern Idaho. The Approved RMP is designed to achieve or maintain desired resource conditions developed through the planning process including management actions for forest, upland, and riparian vegetation; wildlife habitat; lands with wilderness characteristics; cultural and visual resources; and recreation.

The preferred alternative as described in the Draft RMP/Environmental Impact Statement (EIS) was carried forward with some modifications into the Proposed RMP/Final EIS published in the **Federal Register** on May 7, 2010 [75 FR 25288].

The BLM received two protest letters on the Proposed RMP/Final EIS. The BLM Director denied all protest issues as reported in the Director's Protest Resolution Report which can be reviewed at the following Web site: [http://www.blm.gov/wo/st/en/prog/planning/planning\\_overview/protest\\_resolution/protestreports.html](http://www.blm.gov/wo/st/en/prog/planning/planning_overview/protest_resolution/protestreports.html).

No inconsistencies with State or local plans, policies, or programs were identified during the Governor's consistency review of the Proposed RMP/Final EIS. The Approved RMP is essentially the same as Alternative B described in the Proposed RMP/Final EIS with only minor editorial modifications made in preparing the ROD/Approved RMP. The Approved RMP can be accessed at the following Web site: [http://www.blm.gov/id/st/en/fo/pocatello/planning/pocatello\\_resource.html](http://www.blm.gov/id/st/en/fo/pocatello/planning/pocatello_resource.html).

The ROD/Approved RMP includes an implementation level decision designating travel routes for motorized public use in the following areas: The Soda Hills Management Area, Formation Cave Research Natural Area (RNA), Robbers Roost RNA, and Oneida Narrows. This decision is described in the Comprehensive Trails and Travel Management section of the Approved RMP (Action TM-1.2.11). Any party adversely affected by this implementation level decision may file an appeal within 30 days of publication of this Notice of Availability pursuant to 43 CFR, part 4, subpart E. The appeal should state the specific route(s), as identified in Figures 18, 19, 20 and 21 of the Approved RMP that are being appealed.

The appeal must be filed with the Pocatello Field Manager by mail at the above-listed address. Please consult the appropriate regulations and the ROD/Approved RMP for further appeal information and requirements regarding motorized vehicle route designations.
