

In each of the 20 jurisdictions for the study, local counseling agencies and national counseling intermediaries will be recruited to provide (a) online education and telephone counseling and (b) in-person education and counseling. One national provider will be responsible for the online education and telephone counseling. Local counseling agencies will be recruited to provide the in-person education and counseling. In each case, the counseling agencies will be responsible for documenting the counseling services provided to the 4,026 study participants assigned to receive one of these types of counseling (the remaining 2,975 study participants constitute the control group). Staff of the lenders will be asked to participate in semi-structured interviews that seek to understand the recruitment process and provide the study team a weekly outcome report for recruitment calls. Staff at the counseling agencies will be asked to participate in semi-structured interviews that seek to understand provision of counseling in each jurisdiction and provide the study team information on counseling and education services that study participants receive. The purpose of these data collection activities is to collect the information needed to evaluate the impact of pre-purchase housing counseling.

Agency form numbers, if applicable: None.

Estimation of the total numbers of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: The average time per client for lender staff to conduct a recruitment call is 3 minutes, with recruitment conducted with up to 87,500 potential homebuyers. The average time per client for the 17,500 potential first-time homebuyers to complete an eligibility assessment is 5 minutes. The average time per client for the 7,000 potential study participants to complete the consent form is 5 minutes. The average time per client for the 7,000 enrolled study participants to complete the baseline survey is 25 minutes. The average time per study participant for the 7,000 enrolled study participants to complete each tracking letter is 5 minutes. There will be 9 tracking letters issued over the course of 3 years. The average time per client for the follow-up interviews is 30 minutes. The average time for each study participant's co-borrower to complete the co-borrower consent agreement is 3 minutes. The average time per client for counseling agencies to document the services provided to study participants is 10 minutes, with responses required for

both the educational component and for the counseling services. The average time for counseling agency staff to complete interviews is 60 minutes—up to 8 interviews conducted at up to 40 counseling organizations. The average time for lenders' staff to complete recruitment calls and input the contact information is 3 minutes. The average time for lenders' call center teams to complete the recruitment call outcome report is 30 minutes. These reports will be provided to the study team weekly through the enrollment period. The enrollment period is estimated to last 52 weeks for each lender. The average time for lenders' staff to complete interviews is 60 minutes. Up to 84 staff will be interviewed across 3 lenders. The total burden for the study is 21,056 hours: 14,683 hours for study participants and potential study participants, 105 hours for study participants' co-borrowers, 1,662 hours for counseling agencies, and 4,606 hours for lenders.

Status of the proposed information collection: This is a new collection.

Authority: The Paperwork Reduction Act of 1995, 44 U.S.C. chapter 35, as amended.

Dated: August 15, 2012.

Colette Pollard,

*Departmental Reports Management Officer,
Office of the Chief Information Officer.*
