SUPPLEMENTARY INFORMATION:

I. Abstract

The OMB regulations at 5 CFR part
1320, which implement the Paperwork
Reduction Act of 1995, 44 U.S.C. 3501
et seq., require that interested members
of the public and affected agencies have
an opportunity to comment on
information collection and
recordkeeping activities (see 5 CFR
1320.8(d)).

On November 14, 2005, the
Departments of Agriculture, the Interior,
and Commerce published regulations at
7 CFR part 1, 43 CFR part 45, and 50
CFR part 221, to implement section 241
of the Energy Policy Act of 2005
(EPA), Public Law 109-58, which the
President signed into law on August 8,
2005. Section 241 of the EPA added
section 33 to the Federal Power Act
(FPA), 16 U.S.C. 823d, that allowed the
license applicant or any other party to
the license proceeding to propose an
alternative to a condition or prescription

that one or more of the Departments develop for inclusion in a hydropower license issued by the Federal Energy Regulatory Commission (FERC) under the FPA. This provision required that the Departments of Agriculture, the Interior, and Commerce to collect the information covered by 1094–0001.

Under FPA section 33, the Secretary of the Department involved must accept the proposed alternative if the Secretary determines, based on substantial evidence provided by a party to the license proceeding or otherwise available to the Secretary, (a) that the alternative condition provides for the adequate protection and utilization of the reservation, or that the alternative prescription will be no less protective than the fishway initially proposed by the Secretary, and (b) that the alternative will either cost significantly less to implement or result in improved operation of the project works for electricity production.

In order to make this determination, the regulations require that all of the following information be collected: (1) A description of the alternative, in an equivalent level of detail to the Department's preliminary condition or prescription; (2) an explanation of how the alternative: (i) If a condition, will provide for the adequate protection and utilization of the reservation; or (ii) if a prescription, will be no less protective than the fishway prescribed by the bureau; (3) an explanation of how the alternative, as compared to the preliminary condition or prescription, will: (i) Cost significantly less to implement; or (ii) result in improved operation of the project works for electricity production; (4) an explanation of how the alternative or revised alternative will affect: (i) Energy supply, distribution, cost, and use; (ii) flood control; (iii) navigation; (iv) water supply; (v) air quality; and (vi) other aspects of environmental quality; and (5) specific citations to any scientific studies, literature, and other documented information relied on to support the proposal.

This notice of proposed renewal of an existing information collection is being published by the Office of Environmental Policy and Compliance, Department of the Interior, on behalf of all three Departments, and the data provided below covers anticipated responses (alternative conditions/prescriptions and associated information) for all three Departments.

II. Data

(1) *Title*: 7 CFR Part 1; 43 CFR Part 45; 50 CFR Part 221; the Alternatives Process in Hydropower Licensing.

OMB Control Number: 1094–0001.
Current Expiration Date: September 30, 2012.

Type of Review: Information Collection Renewal.

Affected Entities: Business or for-profit entities.

Estimated annual number of respondents: 5.

Frequency of responses: Once per alternative proposed.

(2) *Annual reporting and recordkeeping burden*:

Total annual reporting per response: 500 hours.

Total number of estimated responses: 5.

Total annual reporting: 2,500 hours.

(3) *Description of the need and use of the information*: The purpose of this information collection is to provide an opportunity for license parties to propose an alternative condition or prescription to that imposed by the Federal Government in the hydropower licensing process.

As required under 5 CFR 1320.8(d), a **Federal Register** notice soliciting comments on the collection of information was published on May 22, 2012 (77 FR 30308). No comments were received. This notice provides the public with an additional 30 days in which to comment on the proposed information collection activity.

III. Request for Comments

The Departments invite comments on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the agencies, including whether the information will have practical utility;

(b) The accuracy of the agencies' estimate of the burden of the collection and the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(d) Ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other collection techniques or other forms of information techniques.

“Burden” means the total time, effort, and financial resources expended by persons to generate, maintain, retain, disclose, or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train

personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information.

All written comments, with names and addresses, will be available for public inspection. If you wish us to withhold your personal information, you must prominently state at the beginning of your comment what personal information you want us to withhold. We will honor your request to the extent allowable by law. If you wish to view any comments received, you may do so by scheduling an appointment with the Office of Environmental Policy and Compliance by calling (202) 208–3891. A valid picture identification is required for entry into the Department of the Interior.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget control number.

Dated: August 16, 2012.

Willie R. Taylor,

Director, Office of Environmental Policy and Compliance.
