SUPPLEMENTARY INFORMATION:

Title: Annual Report of Class I and Class II Motor Carriers of Property (formerly OMB 2139-0004).

OMB Control Number: 2126-0032.

Type of Request: Revision of a currently-approved information collection.

Respondents: Class I and Class II Motor Carriers of Property.

Estimated Number of Respondents: 197 (per year).

Estimated Time per Response: 9 hours.

Expiration Date: September 30, 2012.

Frequency of Response: Annually.

Estimated Total Annual Burden: 1,773 hours [197 respondents x 9 hours to complete form = 1,773].

Background

The Annual Report of Class I and Class II Motor Carriers of Property (Form M) is a mandated reporting requirement for all for-hire motor carriers (See 49 U.S.C. 14123; and implementing FMCSA regulations at 49 CFR part 369). Motor carriers (including interstate and intrastate) subject to the Federal Motor Carrier Safety Regulations are classified on the basis of their gross carrier operating revenues.¹

Under the Financial and Operating Statistics (F&OS) program, FMCSA collects from Class I and Class II property carriers balance sheet and income statement data along with information on safety needs, tonnage, mileage, employees, transportation equipment, and other related data. FMCSA may also ask carriers to respond to surveys concerning their operations. The data and information collected

¹ For purposes of the Financial and Operating Statistics (F&OS) program, carriers are classified into the following three groups: (1) Class I carriers are those having annual carrier operating revenues (including interstate and intrastate) of \$10 million or more after applying the revenue deflator formula as set forth in Note A of 49 CFR 369.2; (2) Class II carriers are those having annual carrier operating revenues (including interstate and intrastate) of at least \$3 million, but less than \$10 million after applying the revenue deflator formula as set forth in 49 CFR 369.2; and (3) Class III carriers are those having annual carrier operating revenues (including interstate and intrastate) of less than \$3 million after applying the revenue deflator formula as set forth in Note A of 49 CFR 369.2.

would be made publicly available and used by FMCSA to determine a motor carrier's compliance with the F&OS program requirements prescribed at chapter III of title of 49 CFR part 369.

The regulations were formerly administered by the Interstate Commerce Commission and later transferred to the Secretary on January 1, 1996, by section 103 of the ICC Termination Act of 1995 (Pub. L. 104-88, 109 Stat. 803 (Dec. 29, 1995)), now codified at 49 U.S.C. 14123. On September 30, 1998, the Secretary delegated and transferred the authority to administer the F&OS program to the former Bureau of Transportation Statistics (BTS), now part of the Research and Innovative Technology Administration (RITA), to former chapter XI, subchapter B of 49 CFR part 1420 (63 FR 52192).

On September 29, 2004, the Secretary transferred the responsibility for the F&OS program from BTS to FMCSA in the belief that the program was more aligned with FMCSA's mission and its other motor carrier responsibilities (69 FR 51009). On August 10, 2006, the Secretary published a final rule (71 FR 45740) that transferred and redesignated certain motor carrier financial and statistical reporting regulations of BTS, that were formerly located at chapter XI, subchapter B of title 49 CFR part 1420, to FMCSA under chapter III of title 49 CFR part 369.

Public Comments Invited

Issued on: August 13, 2012.
