

of 22 feet at mean high water and 25 feet at mean low water. The existing drawbridge operation regulations are listed at 33 CFR 117.799(h). Long Creek and Sloop Channel both are transited by commercial fishing and recreational vessel traffic.

The owner of the two bridges, the State of New York Department of Transportation, requested bridge closures to facilitate a public event, the 2012 March of Dimes Motorcycle Run.

Under this temporary deviation the Loop Parkway Bridge and the Meadowbrook Parkway Bridge may remain in the closed position between 11 a.m. and 1 p.m. on September 15, 2012, to facilitate a public event, the 2012 March of Dimes Motorcycle Run.

There are no alternate routes for vessel traffic; however, vessels that can pass under the closed draws during this closure may do so at any time. The bridges may be opened in the event of an emergency.

In accordance with 33 CFR 117.35(e), the bridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: August 23, 2012.

Gary Kassof,

Bridge Program Manager, First Coast Guard District.

[Docket No. USCG-2001-10486]

RIN 1625-AA32

Standards for Living Organisms in Ships' Ballast Water Discharged in U.S. Waters

AGENCY: Coast Guard, DHS.

ACTION: Rule; information collection approval; Correction.

SUMMARY: On June 13, 2012, the Coast Guard published in the **Federal Register** an announcement of effective date that announced an information collection approval for the Standards for Living Organisms in Ships' Ballast Water Discharged in U.S. Waters (BWDS) Final Rule (77 FR 35268). The rulemaking triggered new information collection requirements affecting vessel owners

and their potential requests for an extension of the compliance date if they cannot practicably comply with the compliance date otherwise applicable to their vessels. The June 13, 2012, document announced that the request to revise the existing collection of information to add the new request for an extension provision was approved by the Office of Management and Budget (OMB) and may now be enforced. The OMB control number is 1625-0069. The approval for this collection of information expires on May 31, 2015.

In the June 13, 2012, document, the Coast Guard inadvertently failed to indicate that we received public submissions to the BWDS Final Rule (77 FR 17254). The Coast Guard is now publishing a document to advise the public that we received four public submissions to this collection of information. As the four public submissions were not collection of information-related, we did not revise our collection of information estimates. You may view copies of the public submissions and the Coast Guard responses to them in the BWDS docket online by going to <http://www.regulations.gov>, inserting USCG-2001-10486 in the "Keyword" box, and then clicking "Search." A corrected information collection request package has been submitted to OMB for their review. The current 1625-0069 approval by OMB is still effective. If OMB decides to amend the current 1625-0069 approval, a copy of that decision will be placed in the docket.

FOR FURTHER INFORMATION CONTACT: If you have questions about this document, call or email Mr. John Morris, Project Manager, U.S. Coast Guard; telephone 202-372-1402, email environmental_standards@uscg.mil. If you have questions about viewing the docket (USCG-2001-10486), call Ms. Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

Dated: September 4, 2012.

Kathryn A. Sinniger,

Chief, Office of Regulations and Administrative Law, U.S. Coast Guard.

[EPA-R03-OAR-2012-0436; FRL-9725-1]

Approval and Promulgation of Air Quality Implementation Plans; West Virginia; Section 110(a)(2) Infrastructure Requirements for the 2008 Lead National Ambient Air Quality Standards

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is approving a State Implementation Plan (SIP) revision submitted by the State of West Virginia. This SIP revision addresses the infrastructure program elements specified in Clean Air Act (CAA) section 110(a)(2) necessary to implement, maintain, and enforce the 2008 lead national ambient air quality standards (NAAQS).

DATES: This final rule is effective on October 10, 2012.

ADDRESSES: EPA has established a docket for this action under Docket ID Number EPA-R03-OAR-2012-0436. All documents in the docket are listed in the www.regulations.gov Web site. Although listed in the electronic docket, some information is not publicly available, i.e., confidential business information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through www.regulations.gov or in hard copy for public inspection during normal business hours at the Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103. Copies of the State submittal are available at the West Virginia Department of Environmental Protection, Division of Air Quality, 601 57th Street SE., Charleston, West Virginia 25304.
