[EPA-R05-OAR-2011-0826; FRL-9725-6]

Approval and Promulgation of Air Quality Implementation Plans; Michigan; PSD and NSR Regulations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: EPA is approving specified revisions to Michigan's State Implementation Plan (SIP) that EPA has determined are consistent with the Federal requirements of the prevention of significant deterioration (PSD) construction permit program for the purpose of meeting the requirements of the Clean Air Act (CAA) with regard to new source review (NSR) in Class I areas attaining the National Ambient Air Quality Standards.

DATES: This final rule is effective on October 12, 2012.

ADDRESSES: EPA has established a docket for this action under Docket ID

No. EPA-R05-OAR-2011-0826. All documents in the docket are listed on the www.regulations.gov web site. Although listed in the index, some information is not publicly available, i.e., Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through www.regulations.gov or in hard copy at the Environmental Protection Agency, Region 5, Air and Radiation Division, 77 West Jackson Boulevard, Chicago, Illinois 60604. This facility is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding Federal holidays. We recommend that you telephone Constantine Blathras, Environmental Engineer, at (312) 886-0671 before visiting the Region 5 office.

SUPPLEMENTARY INFORMATION: Throughout this document, whenever "we," "us," or "our" is used, we mean EPA. This supplementary information section is arranged as follows:
I. What action is EPA taking?
II. Statutory and Executive Order Reviews

I. What action is EPA taking?

EPA is approving Michigan's request to revise its SIP to add rule R. 336.2816 to be consistent with Federal PSD regulations in 40 CFR 51.166(p), that require state PSD programs to have a mechanism in place to coordinate and consult with Federal land managers of Class I PSD areas. On January 9, 2008, EPA proposed to disapprove R. 336.2816 from Michigan's SIP submittal because it did not provide for such a mechanism. Michigan has now revised R. 336.2816 to be consistent with the Federal requirement.

On March 25, 2010, EPA published a direct final approval to convert a conditional approval of the Michigan PSD SIP to full approval under section 110 of the CAA. In that action, EPA stated that we would be taking a separate action on rule R. 336.2816(2) through (4), (requirements relating to Class I areas). Michigan has now revised R. 336.2816 to be consistent with the Federal requirement.

EPA is not acting on Michigan's request to revise its SIP by adding a

significance level for particulate matter less than 2.5 microns (PM_{2.5}). EPA has established a significance threshold to limit the applicability of PSD and NSR regulations to sources with emissions above the significance level. To be consistent with the Federal requirements, Michigan amended R. 336.2801 and R. 336.2901 to add the significance threshold for PM_{2.5}. Because Michigan is planning to submit additional state rules as revisions to its SIP for precursors of PM_{2.5}, EPA will defer action on this matter.

II. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. This action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);

- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);

- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);

- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and

• Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the state, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

In May 2011, EPA issued its policy on consultation and coordination with Indian tribes. EPA explained that its policy is to consult on a government to government basis with Federally recognized tribal governments when EPA actions and decisions may affect tribal interests. Accordingly, EPA sent an invitation to consult with potentially interested tribes, and subsequently

engaged in consultation with representatives of the Forest County Potawatomi Community (FCPC) regarding the Michigan proposed SIP revisions.

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by November 13, 2012. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

Approval and Promulgation of Air Quality Implementation Plans; West Virginia; Amendments to West Virginia’s Ambient Air Quality Standards
AGENCY: Environmental Protection Agency (EPA).
ACTION: Final rule.

SUMMARY: EPA is approving the State Implementation Plan (SIP) revision submitted by the State of West Virginia (West Virginia) on July 8, 2011. This revision pertains to amendments of

West Virginia’s Legislative Rule regarding ambient air quality standards (45 CSR 8—Ambient Air Quality Standards). These amendments incorporate by reference the National Ambient Air Quality Standards (NAAQS) in effect on June 1, 2010 for sulfur dioxide (SO₂), particulate matter (PM), carbon monoxide (CO), ozone, nitrogen dioxide (NO₂), and lead. This action is being taken under the Clean Air Act (CAA).
DATES: This final rule is effective on October 12, 2012.
ADDRESSES: EPA has established a docket for this action under Docket ID Number EPA–R03–OAR–2011–0958. All documents in the docket are listed in the www.regulations.gov Web site. Although listed in the electronic docket, some information is not publicly available, i.e., confidential business information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as

copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through www.regulations.gov or in hard copy for public inspection during normal business hours at the Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103. Copies of the State submittal are available at the West Virginia Department of Environmental Protection, Division of Air Quality, 601 57th Street SE., Charleston, West Virginia 25304.
