SUPPLEMENTARY INFORMATION:**Background**

On May 25, 2007, the President signed into law the U.S. Troop Readiness, Veterans' Care, Katrina Recovery, and Iraq Accountability Appropriations Act, 2007 (the Act), (Pub. L. 110-28, 121 Stat. 112, 183, May 25, 2007). Section 6901 of the Act requires that certain actions be taken by the Department of Transportation (the Department) as a condition of obligating or expending appropriated funds to grant authority to Mexico-domiciled motor carriers to operate beyond the municipalities in the United States on the United States-Mexico international border or the commercial zones of such municipalities (border commercial zones).

On July 8, 2011, FMCSA announced in the **Federal Register** [76 FR 40420] its intent to proceed with the initiation of a U.S.-Mexico cross-border long-haul trucking pilot program to test and demonstrate the ability of Mexico-domiciled motor carriers to operate safely in the United States beyond the border commercial zones as detailed in the Agency's April 13, 2011, **Federal Register** notice [76 FR 20807]. The pilot program is a part of FMCSA's implementation of the North American Free Trade Agreement (NAFTA) cross-border long-haul trucking provisions in compliance with section 6901(b)(2)(B) of the Act. FMCSA reviewed, assessed, and evaluated the required safety measures as noted in the July 8, 2011, notice and considered all comments received on or before May 13, 2011, in response to the April 13, 2011, notice. Additionally, to the extent practicable, FMCSA considered comments received after May 13, 2011.

In accordance with section 6901(b)(2)(B)(i) of the Act, FMCSA is required to publish in the **Federal Register**, and provide sufficient opportunity for public notice and comment, comprehensive data and information on the PASAs of motor carriers domiciled in Mexico that are granted authority to operate beyond the border commercial zones. This notice fulfills that requirement.

FMCSA is publishing for public comment the data and information relating to one PASA that was completed on June 17, 2012. FMCSA announces that the Mexico-domiciled motor carrier in Table 1 successfully completed the PASA. Notice of this completion was also published in the FMCSA Register.
