

consideration at the next ARAC Executive Committee meeting held following publication of this notice.

2. Provide a status report at each meeting of the ARAC Executive Committee.

3. Draft the recommendations report and required analyses and/or any other related materials or documents.

4. Present the final recommendations to the ARAC Executive Committee for review and approval.

Participation in the ARAC Working Group

The Working Group will be comprised of aviation professionals with experience and expertise in airman training and testing, and technical experts having an interest in the assigned new task. The FAA would like a wide range of members to ensure that all aspects of airman testing and training, including best practices, are considered in the development of its recommendations.

If you wish to become a member of the Working Group, please write the person listed under the caption **FOR FURTHER INFORMATION CONTACT** expressing such desire. Describe your interest in the new task and state the expertise you would bring to the Working Group. We must receive all requests by October 2, 2012.

The ARAC Executive Committee and the FAA will review the requests and advise you whether your request is approved.

If you are chosen for membership on the Working Group, you must actively participate by attending all meetings and providing written comments when requested to do so. You must devote the resources necessary to support the Working Group in meeting any assigned deadlines. You must keep your management chain, and those you may represent, advised of the Working Group's activities and decisions to ensure the proposed technical solutions do not conflict with your sponsoring organization's position, when the subject is presented to ARAC for approval. Once the Working Group has begun deliberations, members will not be added or substituted without the approval of the FAA and the Working Group chair.

The Secretary of Transportation determined the formation and use of ARAC is necessary and in the public interest in connection with the performance of duties imposed on the FAA by law. ARAC meetings are open to the public. However, ARAC Working Group's meetings are not open to the public, except to the extent individuals with an interest and expertise are

selected to attend. The FAA will make no public announcement of the Working Group's meetings.

Issued in Washington, DC, on September 5, 2012.

Lirio Liu,

Acting Director, Office of Rulemaking.
