

Control Grantees Regarding Their Use of Healthy Homes Supplemental Funding.
OMB Control Number: To be assigned.
Need for the Information and Proposed Use: HUD is interested in collecting information on the use of supplemental Healthy Homes Program funds by HUD Lead Hazard Control (LHC) Program grantees. LHC applicants have been eligible to receive supplemental funding to support modest “healthy homes” interventions in target housing starting in FY 2009. The Healthy Homes Program funds can be used by the grantees to mitigate priority health and safety hazards that cannot be addressed using Lead Hazard

Control Program grant funds. Individual grantees were eligible to receive the following amounts of supplemental funds in the four fiscal years that the supplemental funds have been offered: \$75,000 per grantee in FY 2009; \$100,000 in FY 2010; \$150,000 in FY 2011, and \$200,000 in FY 2012. In FY 2011 and FY 2012, grantees were required to use the Healthy Homes Rating System (HHRS) to identify the residential hazards to be addressed. Approximately 80 grantees have received the healthy homes supplement during the period in which the funds have been offered.

Grantees will be asked the following:

- a. How the LHC grantees have been using the healthy homes supplemental funds, and their experience using the HHRS assessment tool.
- b. To identify effective healthy homes practices that can be summarized and made available to other programs through the development of case studies, etc.

Agency Form Numbers: None.

Members of Affected Public: HUD Office of Healthy Homes and Lead Hazard Control’s Lead-Based Paint Hazard Control grantees, and the grantees’ contractors, where applicable.

Total Burden Estimate:

Requirement	Number of respondents	Hours per respondent	Total hours	Cost per hour	Labor cost	Startup cost	O&M Cost	Total cost
