Uncovered Innerspring Units from the People's Republic of China; Antidumping Duty Administrative Review; 2011-2012

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") is conducting the administrative review of the antidumping duty order on uncovered innerspring units from the People's Republic of China ("PRC"). The period of review ("POR") is February 1, 2011, through January 31, 2012. The review covers the following exporter of subject merchandise: Tai Wa Hong. We have

preliminarily determined that Tai Wa Hong failed to cooperate to the best of its ability and are, therefore, applying adverse facts available (“AFA”) to Tai Wa Hong’s PRC-origin merchandise.

FOR FURTHER INFORMATION CONTACT:

Steven Hampton or Susan Pulongbarit, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–0116 or (202) 482–4031, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise subject to the order is uncovered innerspring units composed of a series of individual metal springs joined together in sizes corresponding to the sizes of adult mattresses (e.g., twin, twin long, full, full long, queen, California king and king) and units used in smaller constructions, such as crib and youth mattresses. The product is currently classified under subheading 9404.29.9010 and has also been classified under subheadings 9404.10.0000, 7326.20.0070, 7320.20.5010, or 7320.90.5010 of the Harmonized Tariff Schedule of the United States (“HTSUS”). The HTSUS subheadings are provided for convenience and customs purposes only; the written product description¹ of the scope of the order is dispositive.

Methodology

The Department has conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). In making these findings, we have relied, in part, on facts available and because one or more respondents did not act to the best of their ability to respond to the Department’s requests for information, we have drawn an adverse inference in selecting from among the facts otherwise available.²

For a full description of the methodology underlying our conclusions, please see “Decision Memorandum for Preliminary Results of 2011–2012 Antidumping Duty Administrative Review: Uncovered Innerspring Units from the People’s Republic of China” (“Preliminary Decision Memorandum”) from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty

Operations to Paul Piquado, Assistant Secretary for Import Administration, dated concurrently with these results and hereby adopted by this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (“IA ACCESS”). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit (“CRU”), room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at <http://www.trade.gov/ia/>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of Review

As a result of this review, we preliminarily determine that a dumping margin of 234.51 percent exists for Tai Wa Hong for the period February 1, 2011, through January 31, 2012.

Disclosure and Public Comment

Pursuant to 19 CFR 351.309(c), interested parties may submit cases briefs not later than the later of 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.³ Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.⁴ Case and rebuttal briefs should be filed using Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS).⁵

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request to the Assistant Secretary for Import Administration, filed electronically via IA ACCESS. An electronically filed document must be received successfully in its entirety by the Department’s electronic records system, IA ACCESS, by 5 p.m. Eastern Standard Time within 30 days after the date of publication of this notice.⁶ Requests should contain: (1) The party’s

name, address and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case briefs. The Department will issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, the Department will determine, and U.S. Customs and Border Protection (“CBP”) shall assess, antidumping duties on all appropriate entries covered by this review.⁷ The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. We will instruct CBP to assess duties at the *ad valorem* margin rate published above. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review if any assessment rate calculated in the final results of this review is above *de minimis*. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable. Tai Wa Hong is a third country reseller and the Department will assess duties only on its PRC-origin merchandise.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For Tai Wa Hong, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or *de minimis*, then zero cash deposit will be required); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate published for the most recently completed period; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate

¹ Available in *Uncovered Innerspring Units from the People’s Republic of China: Notice of Antidumping Duty Order*, 74 FR 7661 (February 19, 2009) (“Order”).

of 234.51 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: September 10, 2012.

Paul Piquado,

Assistant Secretary for Import Administration.

Proposed Information Collection; Comment Request; Social Capital Survey of Northeast Groundfish Fishery Permit Holders

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before November 16, 2012.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW, Washington, DC 20230 (or via the Internet at Jjessup@doc.gov).

Requests for additional information or copies of the information collection instrument and instructions should be directed to Patricia Pinto Da Silva at (508) 295.2370 or patricia.pinto.da.silva@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for a new information collection.

Quota allocations to groups of self-selecting permit holders (known as sector allocations) are increasingly being considered as a way to provide fishermen with greater control and flexibility in their fishing businesses while achieving efficiency gains. This new approach, which devolves substantial management responsibilities to groups of fishermen, represents a potential transformation in the relationship among permit holders as well as the relationship between permit holders and fisheries governance structures.

The NOAA National Marine Fisheries Service, Northeast Region expect that the success of sectors is likely to be shaped by the strength of the relationships between permit holders including their degree of trust and collaboration. We also expect that successful sectors will build norms and networks that enable collective action over time. The value of these relationships is commonly referred to in social and economic literature as social capital.

A baseline of existing social capital in the groundfish fishery in the Northeast Region was conducted in 2010 by the Gulf of Maine Research Institute. This survey, to be conducted twice over the next six years, will follow up on this earlier initiative and will enable researchers to measure the change in the types and strength of relationships between groundfish permit holders in the Northeast. This work will inform our understanding of how best to design collaborative management structures in support of sustainable fisheries in the region and nationally.

II. Method of Collection
