

2-pyridinecarboxylic acid), in or on apple at 0.05 ppm; brassica, leafy greens, subgroup 5B at 5.0 ppm; rapeseed, subgroup 20A, except gold of pleasure at 3.0 ppm; rapeseed, meal at 6.0 ppm; teff, forage at 9.0 ppm; teff, grain at 3.0 ppm; teff, hay at 9.0 ppm; and teff, straw at 9.0 ppm. This regulation additionally removes established tolerances in or on crambe, seed; flax, seed; mustard greens; mustard, seed; and rapeseed, seed.

VI. Statutory and Executive Order Reviews

This final rule establishes tolerances under FFDCA section 408(d) in response to a petition submitted to the Agency. The Office of Management and Budget (OMB) has exempted these types of actions from review under Executive Order 12866, entitled “Regulatory Planning and Review” (58 FR 51735, October 4, 1993). Because this final rule has been exempted from review under Executive Order 12866, this final rule is not subject to Executive Order 13211, entitled “Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use” (66 FR 28355, May 22, 2001) or Executive Order 13045, entitled “Protection of Children from Environmental Health Risks and Safety Risks” (62 FR 19885, April 23, 1997). This final rule does not contain any information collections subject to OMB approval under the Paperwork Reduction Act (PRA), 44 U.S.C. 3501 *et seq.*, nor does it require any special considerations under Executive Order 12898, entitled “Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations” (59 FR 7629, February 16, 1994).

Since tolerances and exemptions that are established on the basis of a petition under FFDCA section 408(d), such as the tolerance in this final rule, do not require the issuance of a proposed rule, the requirements of the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*) do not apply.

This final rule directly regulates growers, food processors, food handlers, and food retailers, not States or tribes, nor does this action alter the relationships or distribution of power and responsibilities established by Congress in the preemption provisions of FFDCA section 408(n)(4). As such, the Agency has determined that this action will not have a substantial direct effect on States or tribal governments, on the relationship between the national government and the States or tribal governments, or on the distribution of power and responsibilities among the various levels of government or between

the Federal Government and Indian tribes. Thus, the Agency has determined that Executive Order 13132, entitled “Federalism” (64 FR 43255, August 10, 1999) and Executive Order 13175, entitled “Consultation and Coordination with Indian Tribal Governments” (65 FR 67249, November 9, 2000) do not apply to this final rule. In addition, this final rule does not impose any enforceable duty or contain any unfunded mandate as described under Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) (Public Law 104–4).

This action does not involve any technical standards that would require Agency consideration of voluntary consensus standards pursuant to section 12(d) of the National Technology Transfer and Advancement Act of 1995 (NTTAA), Public Law 104–113, section 12(d) (15 U.S.C. 272 note).

VII. Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of this final rule in the **Federal Register**. This final rule is not a “major rule” as defined by 5 U.S.C. 804(2).

RIN 0648-XC236

Fisheries of the Northeastern United States; Bluefish Fishery; Commercial Quota Harvested for the Commonwealth of Massachusetts

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS announces that the 2012 bluefish commercial quota allocated to the Commonwealth of Massachusetts has been harvested. Vessels issued a commercial Federal fisheries permit for the bluefish fishery may not land bluefish in Massachusetts for the remainder of calendar year 2012, unless additional quota becomes available through a transfer from another state. Regulations governing the bluefish fishery require publication of this notification to advise Massachusetts that the quota has been harvested and to advise vessel permit holders and dealer permit holders that no Federal commercial quota is available for landing bluefish in Massachusetts.

DATES: Effective at 0001 hr local time, September 19, 2012, through 2400 hr local time December 31, 2012.

FOR FURTHER INFORMATION CONTACT: Carly Bari, (978) 281-9224, or *Carly.Bari@noaa.gov*.

SUPPLEMENTARY INFORMATION:

Regulations governing the bluefish fishery are found at 50 CFR part 648. The regulations require annual specification of a commercial quota that is apportioned on a percentage basis among the coastal states from Florida through Maine. The process to set the annual commercial quota and the percent allocated to each state is described in § 648.162.

The initial total commercial quota for bluefish for the 2012 fishing year is 10,317,362 lb (4,679,878 kg) (77 FR 25100, April 27, 2012). The percent allocated to vessels landing bluefish in Massachusetts is 6.7167 percent, resulting in a commercial quota of 692,986 lb (314,333 kg) after deduction of research set-aside.

The Administrator, Northeast Region, NMFS (Regional Administrator), monitors the state commercial quotas and determines when a state's commercial quota has been harvested.

NMFS is required to publish notification in the **Federal Register** advising and notifying commercial vessels and dealer permit holders that, effective upon a specific date, the state's commercial quota has been harvested and no commercial quota is available for landing bluefish in that state. The Regional Administrator has determined, based upon dealer reports and other available information, that Massachusetts has harvested its quota for 2012.

Section 648.4(b) provides that Federal permit holders agree, as a condition of the permit, not to land bluefish in any state that the Regional Administrator has determined no longer has commercial quota available. Therefore, effective 0001 hours, September 19, 2012, landings of bluefish in Massachusetts by vessels holding Federal commercial bluefish permits are prohibited for the remainder of the 2012 calendar year, unless additional quota becomes available through a transfer and is announced in the **Federal Register**. Effective 0001 hours, September 19, 2012, federally permitted dealers are also notified that they may not purchase bluefish from federally permitted vessels that land in Massachusetts for the remainder of the calendar year, or until additional quota becomes available through a transfer from another state.

Classification

This action is required by 50 CFR part 648 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*
