**Full Text of Announcement****I. Funding Opportunity Description**

*Purpose of Program:* The purpose of the Race to the Top-Early Learning Challenge (RTT–ELC) program is to improve the quality of early learning and development and close the achievement gap for children with high needs. This program focuses on improving early learning and development for young children by supporting States’ efforts to increase the number and percentage of low-income and disadvantaged children, in each age group of infants, toddlers, and preschoolers, who are enrolled in high-quality early learning and development programs; and to design and implement an integrated system of high-quality

early learning and development programs and services.

**SUPPLEMENTARY INFORMATION:** The FY 2011 RTT–ELC competition identified five key reform areas representing the foundation of an effective early learning and development reform agenda that is focused on school readiness and ongoing educational success. These areas, which provided a framework for the competition’s priorities, requirements, and selection criteria, are:

- (A) Successful State Systems;
- (B) High-Quality, Accountable Programs;
- (C) Promoting Early Learning and Development Outcomes for Children;
- (D) A Great Early Childhood Education Workforce; and
- (E) Measuring Outcomes and Progress.

The first two of these reform areas, (A) and (B), are core areas of focus for this program (hereafter “Core Areas”), and applicants under the FY 2011 RTT–ELC competition were required to respond to all selection criteria under these Core Areas. The reform areas in (C), (D), and (E) are areas (hereafter “Focused Investment Areas”) where applicants directed targeted attention to specific activities that were relevant to their State’s context. Applicants were required to address each Focused Investment Area but not all of the selection criteria under them.

In December 2011, the Departments made awards to the nine highest scoring applications from the FY 2011 RTT–ELC competition: California, Delaware, Maryland, Massachusetts, Minnesota, North Carolina, Ohio, Rhode Island, and Washington.

On December 23, 2011, the President signed into law Public Law 112–74, the Consolidated Appropriations Act, 2012, which made \$550 million available for the Race to the Top Fund. This legislation authorized the Secretary of Education to make Race to the Top Fund awards on “the basis of previously submitted applications.” The Department of Education must obligate these funds by December 31, 2012.

On April 9, 2012, the Departments announced that approximately \$133 million of the \$550 million appropriated for the Race to the Top Fund would be made available to the next five highest scoring applicants from the FY 2011 RTT–ELC competition. These five applicants, each of which received approximately 75 percent or more of the available points under the competition, are Colorado, Illinois, New Mexico, Oregon, and Wisconsin. These States are referred to as “eligible applicants” for Phase 2 of the RTT–ELC program, under which the Departments will fund down
