

Whether the extended collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

**DATES:** Comments must be filed by November 27, 2012. If you anticipate difficulty in submitting comments within that period, contact the person listed below as soon as possible.

**ADDRESSES:** Written comments may be sent to: Matthew Light, U.S. Department of Energy, 1000 Independence Ave. SW., Washington, DC 20585.

To ensure receipt of the comments by the due date, submission by email ([matthew.light@hq.doe.gov](mailto:matthew.light@hq.doe.gov)) is recommended. Alternatively, Mr. Light may be contacted by telephone at 202-586-8550.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of any forms and instructions should be directed to Matthew Light at the contact information listed above.

**SUPPLEMENTARY INFORMATION:** The proposed collection is based on the Electricity Subsector Cybersecurity Capability Maturity Model (ES-C2M2). The model structure includes domains—logical groupings of cybersecurity risk management activities—and maturity indicator levels (MILs). The content within each domain includes characteristics, which are expressions of domain activities at each level of maturity. The model, using the Self-Evaluation Survey document can be used by various electricity subsector entities to identify best practices and potential resource allocations for cybersecurity in terms of supply chain management, information sharing, asset, change and configuration management, and risk management, among others. It is imperative that the owners and operators of the nation's electric utilities, as well as the government agencies supporting the subsector, have the ability to understand what capabilities and competencies will allow the sector to defend itself, and how to prioritize necessary investments. This program supports strategies identified in the White House Cyberspace Policy Review 2010 and the

2011 Roadmap to Achieve Energy Delivery Systems Cybersecurity. DOE will collect survey results from voluntary participants of the ES-C2M2 program to analyze and compare results across the industry to better understand the subsector's overall cybersecurity capabilities. The collected information will also be used to develop benchmarks that will be shared with program participants.

This information collection request contains: (1) OMB No. New; (2) Information Collection Request Title: Electricity Subsector Cybersecurity Capability Maturity Model Program; (3) Type of Request: New; (4) Purpose: The Department of Energy, at the request of the White House, and in collaboration with DHS and industry experts, has developed a maturity model with owners, operators and subject matter experts to meet their request to identify and prioritize cybersecurity capabilities relative to risk and cost; (5) Annual Estimated Number of Respondents: 250; (6) Annual Estimated Number of Total Responses: 250; (7) Annual Estimated Number of Burden Hours: 2000; (8) Annual Estimated Reporting and Recordkeeping Cost Burden: \$100,000.

**Statutory Authority:** Section 301 of the Department of Energy Organization Act, codified at 42 U.S.C. 7151.

Issued in Washington, DC, on September 18, 2012.

**Patricia Hoffman,**

*Assistant Secretary, Office of Electricity Delivery and Energy Reliability.*

## DEPARTMENT OF ENERGY

### Environmental Management Site-Specific Advisory Board, Paducah

**AGENCY:** Department of Energy (DOE).

**ACTION:** Notice of open meeting.

**SUMMARY:** This notice announces a meeting of the Environmental Management Site-Specific Advisory Board (EM SSAB), Paducah. The Federal Advisory Committee Act (Pub. L. 92-463, 86 Stat. 770) requires that public notice of this meeting be announced in the **Federal Register**.

**DATES:** Thursday, October 18, 2012, 6:00 p.m.

**ADDRESSES:** Barkley Centre, 111 Memorial Drive, Paducah, Kentucky 42001.

**FOR FURTHER INFORMATION CONTACT:** Rachel Blumenfeld, Deputy Designated Federal Officer, Department of Energy Paducah Site Office, Post Office Box

1410, Paducah, Kentucky 42001, (270) 441-6806.

#### SUPPLEMENTARY INFORMATION:

*Purpose of the Board:* The purpose of the Board is to make recommendations to DOE-EM and site management in the areas of environmental restoration, waste management and related activities.

#### Tentative Agenda

- Call to Order, Introductions, Review of Agenda
- Administrative Issues
- Public Comments (15 minutes)
- Adjourn

#### Breaks Taken as Appropriate

*Public Participation:* The EM SSAB, Paducah, welcomes the attendance of the public at its advisory committee meetings and will make every effort to accommodate persons with physical disabilities or special needs. If you require special accommodations due to a disability, please contact Rachel Blumenfeld as soon as possible in advance of the meeting at the telephone number listed above. Written statements may be filed with the Board either before or after the meeting. Individuals who wish to make oral statements pertaining to agenda items should contact Rachel Blumenfeld at the telephone number listed above. Requests must be received as soon as possible prior to the meeting and reasonable provision will be made to include the presentation in the agenda. The Deputy Designated Federal Officer is empowered to conduct the meeting in a fashion that will facilitate the orderly conduct of business. Individuals wishing to make public comments will be provided a maximum of five minutes to present their comments. The EM SSAB, Paducah, will hear public comments pertaining to its scope (clean-up standards and environmental restoration; waste management and disposition; stabilization and disposition of non-stockpile nuclear materials; excess facilities; future land use and long-term stewardship; risk assessment and management; and clean-up science and technology activities). Comments outside of the scope may be submitted via written statement as directed above.

*Minutes:* Minutes will be available by writing or calling Rachel Blumenfeld at the address and phone number listed above. Minutes will also be available at the following Web site: <http://www.pgdpcab.energy.gov/2011Meetings.html>.

Issued at Washington, DC on September 21, 2012.

**LaTanya R. Butler,**

*Acting Deputy Committee Management Officer.*

## DEPARTMENT OF ENERGY

### Office of Energy Efficiency and Renewable Energy

#### Notice of Public Meeting: Designing for Impact IV: Workshop on Building the National Network for Manufacturing Innovation

**AGENCY:** Advanced Manufacturing Office, Office of Energy Efficiency and Renewable Energy, Department of Energy (DOE).

**ACTION:** Notice of public meeting.

**SUMMARY:** DOE's Advanced Manufacturing Office, as part of the inter-agency Advanced Manufacturing National Program Office (AMNPO) announces the fourth of a series of public workshops entitled "Designing for Impact: Workshop on Building the National Network for Manufacturing Innovation. This workshop series provides a forum for the AMPNO to present on the proposed National Network for Manufacturing Innovation (NNMI) and its regional components, Institutes for Manufacturing Innovation (IMIs) and to provide an opportunity for public comment on the proposal. The discussion at the workshop will focus on the following topics: Technologies with Broad Impact, Institute Structure and Governance, Strategies for Sustainable Institute Operations, and Education and Workforce Development. The Designing for Impact workshop series is organized by representatives from the Department of Commerce, NIST; Department of Defense; Department of Energy; National Aeronautics and Space Administration; and National Science Foundation.

**DATES:** The meeting will be held Thursday, October, 18 2012, from 7:30 a.m. to 4:30 p.m.

**ADDRESSES:** University of Colorado at Boulder, Law School, 2450 Kittredge Loop Road, Boulder, CO 80309. Additional information can be found at <http://manufacturing.gov/amp/ampevents.html>.

**FOR FURTHER INFORMATION CONTACT:** Robert Ivester or Bhima Sastri, 202-586-9488, [NNMI4@sra.com](mailto:NNMI4@sra.com).

**SUPPLEMENTARY INFORMATION:** The President has proposed that the federal government catalyze the creation of a

NNMI as a central element of the U.S. response to the manufacturing competitiveness challenge.<sup>1</sup> The proposed NNMI initiative focuses on strengthening and ensuring the long term competitiveness and job-creating power of U.S. manufacturing. The constituent IMIs would bring together industry, universities and community colleges, federal agencies, and U.S. states to accelerate innovation by investing in industrially-relevant manufacturing technologies with broad applications to bridge the gap between basic research and product development, provide shared assets to help companies—particularly small manufacturers—access cutting-edge capabilities and equipment, and create an unparalleled environment to educate and train students and workers in advanced manufacturing skills. Each IMI would serve as a regional hub of manufacturing excellence, providing the innovation infrastructure to support regional manufacturing and ensuring that our manufacturing sector is a key pillar in an economy that is built to last. Each IMI also would have a well-defined technology focus to address industrially-relevant manufacturing challenges on a large scale and to provide the capabilities and facilities required to reduce the cost and risk of commercializing new technologies. In his March 9, 2012 announcement, President Obama proposed building a national network consisting of up to 15 IMIs.

On May 4, 2012 the AMNPO issued a Request for Information (RFI), seeking public comment on specific questions related to the structure and operations of the NNMI and IMIs. (77 FR 26509) The RFI was published in the **Federal Register** and may be found at: <http://www.gpo.gov/fdsys/pkg/FR-2012-05-04/pdf/2012-10809.pdf>. Comments in response to the RFI are due on or before 11:59 p.m. Eastern Time on October 25, 2012. Those interested in providing written comments in response to the RFI should refer to the May 4, 2012 notice for information regarding submission of comments.

#### Tentative Agenda (Subject To Change)

An agenda will be posted online when available at: <http://manufacturing.gov/amp/ampevents.html>. This meeting is an opportunity for participants to provide, based on their individual experience, individual information and facts regarding this topic. It is not the object of this session to obtain any

<sup>1</sup> See <http://www.whitehouse.gov/sites/default/files/omb/budget/fy2013/assets/budget.pdf>, page 217.

group position or consensus. Rather, the Department is seeking as many recommendations as possible from all individuals at this meeting.

#### Registration and Accommodations

Individuals planning to attend the fourth public workshop must sign-up in advance. Announcements of additional workshops may be found at: <http://www.manufacturing.gov/amp/ampevents.html>. Future workshops will also be announced in the **Federal Register**.

Issued in Washington, DC, on September 21, 2012.

**Kathleen Hogan,**

*Deputy Assistant Secretary, Energy Efficiency and Renewable Energy.*
