#### **Fasco, a Division of Regal Beloit Corporation, Including On-Site Leased Workers From Penmac Personnel Services, Eldon, MI; Notice of Affirmative Determination Regarding Application for Reconsideration**

By application dated August 30, 2012, workers requested administrative reconsideration of the negative determination regarding workers' eligibility to apply for Trade Adjustment Assistance (TAA) applicable to workers and former workers of Fasco, a division of Regal Beloit Corporation, Eldon, Missouri (Fasco). The determination was issued on August 7, 2012. The Department's Notice of determination was published in the **Federal Register** on August 23, 2012 (77 FR 51066).

Fasco is a warehouse and distribution center for electric motors. The subject

worker group includes workers engaged in activities related to the supply of warehousing and distribution of electric motors, as well as engineering, customer service and information technology services. The worker group includes on-site leased workers from Penmac Personnel Services.

The initial investigation resulted in a negative determination based on the findings that there were no shifts to/acquisition from a foreign country by Fasco in the supply of services like or directly competitive with those supplied by the subject workers; that there were no increased imports of services like or directly competitive with those supplied by the subject workers; that Fasco is neither a Supplier to nor a Downstream Producer of a firm that employed a worker group eligible to apply for TAA; and that the workers of Fasco have not met the criteria set forth in Section 222(e) of the Trade Act, as amended.

The request for reconsideration states that workers of the Engineering Services Department provide engineering

services to both “the Fasco division” and the “Fort Wayne Genteq division” of Regal Beloit Corporation. Support material provided by the workers alleges that services supplied by the Engineering Services Department in support of production in Mexico are shifting to Mexico and that requisition engineering work is shifting to India.

The Department has carefully reviewed the request for reconsideration and the existing record, and will conduct further investigation to clarify the subject worker group and to determine if workers have met the eligibility requirements of the Trade Act of 1974, as amended.

#### Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the U.S. Department of Labor’s prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 14th day of September, 2012.

##### Comment Request for Information Collection for Placement Verification and Follow-Up of Job Corps Participants; Extension Without Revisions

**AGENCY:** Employment and Training Administration (ETA), Department of Labor.

**ACTION:** Notice.

**SUMMARY:** The Department of Labor (Department), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 [44 U.S.C. 3506(c)(2)(A)].

This program helps ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, ETA is soliciting comments concerning the extension of data collection regarding the Placement Verification and Follow-up of Job Corps Participants, using post-center surveys of Job Corps graduates and former enrollees (OMB Control Number 1205–0426), which expires November 30, 2012.

A copy of the proposed Information Collection Request (ICR) can be obtained by contacting the office listed below in the addresses section of this notice.

**DATES:** Written comments must be submitted to the office listed in the addresses section below on or before November 30, 2012.

**ADDRESSES:** Submit written comments to Lawrence Lyford, Office of Job Corps, Room N–4507, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Avenue NW., Washington, DC 20210. Telephone number: 202–693–3121 (this is not a toll-free number). Individuals with hearing or speech impairments may access the telephone number above via TTY by calling the toll-free Federal Information Relay Service at 877–889–5627 (TTY/TDD). Fax: 202–693–3113. #### SUPPLEMENTARY INFORMATION:

##### I. Background

Job Corps is an intensive, residential training program for at-risk youth ages 16 through 24. It addresses multiple barriers to employment faced by youth throughout the United States. Job Corps is authorized by Title I, Subtitle C, of the Workforce Investment Act (WIA) of 1998. The program is principally carried out through a nationwide network of 125 Job Corps centers. The centers are located at facilities either owned or leased by the federal government.

The Department has a direct role in the operation of Job Corps, and does not serve as a pass-through agency for this program. It is the Department’s responsibility to establish Job Corps centers and to select operators for them. Of the 125 current centers, 28 are operated by the United States Department of Agriculture, through an interagency agreement. The remaining 97 centers are managed and operated by large and small corporations, and nonprofit organizations selected by the Department in accordance with the Federal Acquisition Regulations, and in most cases, through a competitive procurement process. Many of the current contractors manage and operate more than one center.

##### II. Review Focus

The Department is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for an agency to properly perform its functions, including whether the information will have practical utility;
- Evaluate the agency’s accuracy in estimating the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
