DEPARTMENT OF HEALTH AND HUMAN SERVICES

Announcement of Requirements and Registration for Blue Button Video Challenge

AGENCY: Office of the National Coordinator for Health Information Technology (ONC), HHS. Award Approving Official: Lygeia Ricciardi, Acting Director, Office of Consumer eHealth.

ACTION: Notice.

SUMMARY: The Office of the National Coordinator for Health Information Technology (ONC) announces the launch of the *Blue Button Video Challenge*. This challenge is an open call for the public to create short, engaging and entertaining videos that create awareness of the “Blue Button”, and encourages others to learn more about it.

This is the fifth in a series of Health IT video contests that will occur throughout 2012. The goal of this video contest series is to generate interactive content that will be used to motivate and inspire others to leverage technology to better manage their health and be more engaged partners in their health and health care. Each challenge will be a call to action for members of the public to create a short video clip [2 minutes or less] on a particular theme, and will award cash prizes to winners in several categories.

DATES: Effective on October 1, 2012.

FOR FURTHER INFORMATION CONTACT: Erin Poetter, Consumer e-Health Policy Analyst, erin.poetter@hhs.gov | 202.205.3310.

SUPPLEMENTARY INFORMATION:

Subject of Challenge Competition: ONC’s *Blue Button Video Challenge* invites you to create an engaging and entertaining video that creates awareness of the “Blue Button”, and encourages others to learn about it. Videos should be attention grabbing and share-able!

“Blue Button” is becoming a universal symbol for you and your caregivers to get easy, secure, online access to your health information. Many people—especially healthy ones—have never actually thought about the importance of having 24 × 7 access to their health information. But it can suddenly become incredibly relevant, and potentially life-saving, in case of an emergency and may come in handy if you are traveling, seeing multiple doctors or seeking a second opinion and you want everyone to know your medical history.

Having your health care information at the click of a button can help you make sure all your health care providers are on the same page and allow you to better manage and understand your health data by plugging it into apps and tools.

If you already have access to a Blue Button, tell us about it. If you've never heard of the term until now, tell us how you'd describe the "Blue Button" to your family and friends, or what it would mean for you to have your health information at your fingertips.

You can do anything you want as long as you mention the "Blue Button", show an image of the official Blue Button graphic, and mention www.healthit.gov/bluebutton as a source for people to find out more. We encourage you to share your video with family and friends, especially since the number of views on YouTube will be one factor when judging submissions.

Through ONC's Blue Button Pledge Community (www.healthit.gov/pledge), hundreds of private sector and non-profit organizations have voluntarily pledged to make it easier for you to get secure, electronic access to your personal health information. We expect more and more health care providers, health plans, pharmacies, labs and others to join the Blue Button Pledge and provide you and your caregivers with easy-to-use tools to securely view, download and conveniently share your health information so you can better manage your health and your health care providers can have a more complete picture of your health.

Submissions for this contest will be accepted through November 13, 2012. Please refer to the <http://BlueButtonVideo.challenge.gov> Web site for the most up to date information about the contest and deadlines since they are subject to change.
