Title of Collection: Student Assistance General Provisions Non-Title IV Revenue Requirements (90/10).

OMB Control Number: 1845-0096.

Type of Review: Extension.

Total Estimated Number of Annual Responses: 2,201.

Total Estimated Number of Annual Burden Hours: 3,302.

Abstract: As provided by the Higher Education Opportunity Act (Pub. L. 110-315), the Department of Education's regulations at 34 CFR 668.28(b) and 668.28(c) provide that a proprietary institution must derive at least 10% of its annual revenue from sources other than Title IV, HEA funds, identifies sanctions for failing to meet the requirement, and otherwise implement the statute by (1) specifying a NPV formula used to establish the revenue for institutional loans, (2) providing an administratively easier alternative to the NPV calculation, and (3) describing more fully the non-Title IV eligible programs from which revenue may be counted for 90/10 purposes. The regulations require an institution to disclose in a footnote to its audited financial statements the amounts of Federal and non-Federal revenues, by category, that it used in calculating its 90/10 ratio (see section 487(d) of the HEA). This request is for extending approval of reporting requirements contained in the regulations related to the administrative requirements of the non-Title IV revenue requirement (90/10) program. The information collection requirements in the regulations are necessary to determine eligibility to receive program benefits and to prevent fraud and abuse of program funds.

Dated: September 26, 2012.

Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management.
