Foreign-Trade Zones Board

[B-47-2012]

Foreign-Trade Zone 74—Baltimore, MD, Authorization of Production Activity, J.D. Neuhaus LP, (Overhead Lifting Equipment Production), Sparks, MD

On June 13, 2012, the Baltimore Development Corporation, grantee of FTZ 74, submitted a notification of proposed production activity on behalf of J.D. Neuhaus LP, located in Sparks, Maryland.

The notification was processed in accordance with the regulations of the FTZ Board (15 CFR part 400), including notice in the **Federal Register** inviting public comment (77 FR 39209, 7/2/2012). The FTZ Board has determined that no further review of the activity is warranted at this time. The production activity described in the notification is authorized, subject to the FTZ Act and the Board's regulations, including Section 400.14.

Dated: October 11, 2012.

Elizabeth Whiteman,

Acting Executive Secretary.

Foreign-Trade Zones Board

[B-73-2012]

Foreign-Trade Zone 181—Akron/Canton, OH, Notification of Proposed Production Activity, Cimbar Performance Minerals, (Barium Sulfate Grinding), Wellsville, OH

The Northeast Ohio Trade & Economic Consortium, grantee of FTZ 181, submitted a notification of proposed production activity on behalf of Cimbar Performance Minerals (Cimbar), located in Wellsville, Ohio. The notification conforming to the requirements of the regulations of the Board (15 CFR 400.22) was received on October 10, 2012.

The Cimbar facility is located within Site 12 of FTZ 181. The facility is used for the grinding of raw barium sulfate into ground barium sulfate. Production under FTZ procedures could exempt Cimbar from customs duty payments on the foreign status components used in export production. On its domestic sales, Cimbar would be able to choose the duty rates during customs entry procedures that apply to ground barite (duty free) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment. Components and materials sourced from abroad include raw barium sulfate (duty rate of \$1.25 per metric ton).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is November 26, 2012.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.

BILLING CODE P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-72-2012]

Foreign-Trade Zone 121—Albany, NY; Notification of Proposed Production Activity; Albany Molecular Research, Inc., Subzone 121A, (Pharmaceutical Chemicals Production), Rensselaer, NY

Albany Molecular Research, Inc. (AMRI), operator of Subzone 121A, submitted a notification of proposed production activity for its facility in Rensselaer, New York. The notification conforming to the requirements of the regulations of the Board (15 CFR 400.22) was received on September 26, 2012.

Subzone 121A was originally approved by the Board in 1994 for the production of bulk pharmaceutical chemicals and intermediates under FTZ procedures at the former Sanofi Winthrop L.P. plant located at 33 Riverside Avenue in Rensselaer, New York, (Board Order 698, 7/20/1994, 59 FR 18318, 7/28/1994).

AMRI is now requesting to produce an active pharmaceutical ingredient, dexpropipronolol dihydrochloride monohydrate, under zone procedures at the Rensselaer facility. AMRI plans to transfer the active ingredient to another FTZ facility where it will be processed into a finished dosage pharmaceutical product (duty-free).

Production under FTZ procedures could exempt AMRI from customs duty payments on the foreign status components used in export production for the additional finished product listed above. Production for the domestic market would not involve inverted tariff savings since the active ingredient is subject to the same duty rate (6.5%) as the chemical inputs. Customs duties also could possibly be deferred or reduced on foreign status production equipment. The chemicals sourced from abroad are (R)-4,5,6,7-tetrahydrobenzo[d]thiazole-2,6-diamine and propyl 4-methylbenzenesulfonate.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive

Secretary at the address below. The closing period for their receipt is *November 26, 2012*.

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the "Reading Room" section of the Board's Web site, which is accessible via www.trade.gov/ftz.

[A-351-840]

Certain Orange Juice From Brazil: Final Results of Antidumping Duty Administrative Review and Final No Shipment Determination

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: *Effective Date:* October 16, 2012.

SUMMARY: On April 11, 2012, the Department of Commerce (the Department) published its preliminary results of the administrative review of the antidumping duty order on certain orange juice (OJ) from Brazil. This review covers four producers/exporters of the subject merchandise to the United States. The period of review (POR) is March 1, 2010, through February 28, 2011.

After analyzing the comments received, we have made certain changes in the margin calculations. Therefore, these final results differ from the preliminary results. The final weighted-average dumping margins for the reviewed firms are listed below in the section entitled "Final Results of Review."

FOR FURTHER INFORMATION CONTACT: Blaine Wiltse or Elizabeth Eastwood, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-6345 or (202) 482-3874, respectively.

SUPPLEMENTARY INFORMATION:

Background

On April 11, 2012, the Department published in the **Federal Register** the preliminary results of the 2010-2011 administrative review of antidumping duty order on certain OJ from Brazil.¹ Also in April 2012, the Department issued supplemental questionnaires to each of the three respondents in this administrative review (*i.e.*, Fischer S.A. Comercio, Industria, and Agricultura (Fischer), Louis Dreyfus Commodities Agroindustrial S.A. (Louis Dreyfus), and Sucocitrico Cutrale, S.A. (Cutrale)). We received responses to these supplemental questionnaires in the same month.

We invited parties to comment on our preliminary results of review. In May 2012, we received case briefs from the petitioners (*i.e.*, Florida Citrus Mutual and Citrus World Inc.), Cutrale, Fischer, and Louis Dreyfus. We received rebuttal briefs from the petitioners. On July 20, 2012, the Department extended the final results in the current review to no later than October 9, 2012. See the Memorandum to Christian Marsh, Deputy Assistant Secretary, AD/CVD Operations, from Blaine Wiltse, Senior Trade Analyst, Office 2, AD/CVD Operations, entitled, "Certain Orange Juice from Brazil: Extension of Deadline for Final Results of Antidumping Duty Administrative Review," dated July 20, 2012.

The Department has conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

The scope of this order includes certain orange juice for transport and/or further manufacturing, produced in two different forms: (1) Frozen orange juice in a highly concentrated form, sometimes referred to as frozen concentrated orange juice for manufacture (FCOJM); and (2) pasteurized single-strength orange juice which has not been concentrated, referred to as not-from-concentrate (NFC). At the time of the filing of the petition, there was an existing antidumping duty order on frozen concentrated orange juice (FCOJ) from Brazil. See *Antidumping Duty Order; Frozen Concentrated Orange Juice from Brazil*, 52 FR 16426 (May 5, 1987). Therefore, the scope of this order with regard to FCOJM covers only FCOJM produced and/or exported by those

¹ See *Certain Orange Juice from Brazil: Preliminary Results of Antidumping Duty Administrative Review and Preliminary No Shipment Determination*, 77 FR 21724 (Apr. 11, 2012) (*Preliminary Results*).

companies which were excluded or revoked from the pre-existing antidumping order on FCOJ from Brazil as of December 27, 2004. Those companies are Cargill Citrus Limitada, Coinbra Frutesp S.A. (Coinbra Frutesp),² Cutrale, Fischer, and Montecitrus Trading S.A. (Montecitrus).

Excluded from the scope of the order are reconstituted orange juice and frozen concentrated orange juice for retail (FCOJR). Reconstituted orange juice is produced through further manufacture of FCOJM, by adding water, oils and essences to the orange juice concentrate. FCOJR is concentrated orange juice, typically at 42 Brix, in a frozen state, packed in retail-sized containers ready for sale to consumers. FCOJR, a finished consumer product, is produced through further manufacture of FCOJM, a bulk manufacturer's product.

The subject merchandise is currently classifiable under subheadings 2009.11.00, 2009.12.25, 2009.12.45, and 2009.19.00 of the Harmonized Tariff Schedule of the United States (HTSUS). These HTSUS subheadings are provided for convenience and for customs purposes only and are not dispositive. Rather, the written description of the scope of the order is dispositive.

Period of Review

The POR is March 1, 2010, through February 28, 2011.

Successor-in-Interest

As noted in the *Preliminary Results*, in its request for a review, Louis Dreyfus claimed that it is the successor-in-interest to Coinbra Frutesp and its wholly-owned subsidiary Coinbra Frutesp Agroindustrial Ltda. (Coinbra Frutesp Ag.), a producer of subject merchandise in Brazil. Based on Louis Dreyfus' submissions addressing the four factors with respect to this change in corporate structure (*i.e.*, management, production facilities for the subject merchandise, supplier relationships, and customer base),³ in the preliminary results we preliminarily found that Coinbra Frutesp Ag.'s organizational structure, management, production facilities, supplier relationships, and

² As discussed below, we find that Louis Dreyfus is the successor-in-interest to Coinbra Frutesp. See the "Successor-in-Interest" section of this notice.

³ See *Notice of Initiation and Preliminary Results of Antidumping Duty Changed Circumstances Review: Certain Softwood Lumber Products from Canada*, 70 FR 50299, 50300-01 (Aug. 26, 2005) (setting forth the four factors to be considered for successorship determinations), unchanged in *Notice of Final Results of Antidumping Duty Changed Circumstances Review: Certain Softwood Lumber Products from Canada*, 70 FR 59721 (Oct. 13, 2005).
