

Integrated Resource Timber Contracts. Forest Service Sales Officers will mail bid forms to potential bidders, and bidders will return the completed forms, dated and signed, to the Forest Service Sales Officer.

The data gathered in this information collection are not available from other sources.

Forms Associated With This Information Collection

FS-2400-42a—National Forest Timber and Forest Products for Sale (Advertisement and Short-Form Bid): This form will be used for soliciting and receiving bids on short-notice timber sales that are advertised for less than 30 days and less than \$10,000 in advertised value. Respondents are bidders on National Forest System timber sales.

FS-2400-14—Bid for Advertised Timber (3 form versions: *FS-2400-14UR*— Unit Rate Bidding; *FS-2400-14WA*— Weighted Average Bidding; *FS-2400-14TV*— Total Value Bidding): These forms will be used for soliciting and receiving bids on Timber Sales that are advertised for 30 days or longer and generally greater than \$10,000 in advertised value. These forms implement the same statutes, policies, and regulations and collect similar information from the same applicants. Respondents are the bidders on National Forest System timber and forest product sales.

FS-2400-14BV—Solicitation and Offer For Integrated Resource Contract (2 form versions: *FS-2400-14BV*— Best Value, Total Value Offer; and *FS-2400-*

14BVU— Best Value, Unit Rate Offer): These forms will be used for soliciting and receiving offers on Integrated Resource Timber Contracts that are advertised for 30 days or longer and generally greater than \$10,000 in advertised value.

Forms showing changes to the April 2010 versions currently in use can be viewed on the World Wide Web/ Internet site at: <http://www.fs.fed.us/forestmanagement/products/newbidforms.shtml> and at the Forest Management Service Center, 2150 Centre Ave., Bldg. A, Fort Collins, CO. Visitors are encouraged to call ahead at (970) 295-5020 and ask for Lathrop Smith to facilitate entry into the building.

Item	FS-2400-42a	FS 2400-14	FS-2400-14BV
Estimate of Annual Burden	9 hours	34 hours	53 hours.
Type of Respondents	Individuals, large and small businesses, and corporations bidding on National Forest timber sales and Integrated Resource Timber Contracts.		
Estimated Annual Number of Respondents	532	2145	174
Estimated Number of Responses per Respondent	1.4	2.2	1.7
Estimated Total Annual Burden on Respondents	4788 hours	72,930 hours	9222 hours.

Comment Is Invited

Comment is invited on: (1) Whether the proposed collection of information is necessary for the stated purposes or the proper performance of the functions of the agency, including whether the information shall have practical or scientific utility; (2) the accuracy of the agency's estimate of the burden on the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments received in response to this notice, including name and address when provided, will be summarized and included in the request for Office of Management and Budget approval. All comments also will become a matter of public record.

Dated: October 10, 2012.

James M. Peña,

Associate Deputy Chief, National Forest System.

Forest Service

Supplemental Environmental Impact Statement to the 2011 Final EIS for the Leasing and Underground Mining of the Greens Hollow Federal Coal Lease Tract (UTU-84102)

AGENCY: Forest Service, USDA.

ACTION: Notice of intent to prepare a supplemental environmental impact statement.

SUMMARY: The Manti-La Sal and Fishlake National Forests along with the Bureau of Land Management (BLM), Price Field Office as joint lead agencies announce their intent to prepare a supplemental Environmental Impact Statement (EIS) and Record of Decision to the 2011 Final EIS For the Leasing and Underground Mining of the Greens Hollow Federal Coal Lease Tract UTU-84102. Supplemental analyses are required to correct deficiencies in the Final EIS.

DATES: Additional scoping will not be conducted in accordance with 40 CFR 1502.9(c)(4). The draft supplemental EIS is expected in late December 2012 and the final supplemental EIS is expected in March 2013. There will be a 45-day comment period after the draft supplemental EIS is issued.

ADDRESSES: Send written comments to Allen Rowley, Forest Supervisor, 115 East 900 North, Richfield, Utah 84701. Comments may also be sent via email to comments-intermtn-fishlake@fs.fed.us, or via facsimile to 435-896-9347. Please reference Greens Hollow Supplemental EIS in the subject field.

FOR FURTHER INFORMATION CONTACT: Marianne Orton, Forest Environmental Coordinator, Fishlake National Forest, 115 East 900 North, Richfield, Utah 84701 or phone 435-896-1090.

Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern Time, Monday through Friday.

SUPPLEMENTARY INFORMATION: The proposed Greens Hollow Federal Coal Lease Tract is located on the Manti-La Sal and Fishlake National Forests in Sanpete and Sevier counties, Utah. The surface and coal resources are both federally owned. The Forests administer the surface resources, while the BLM administers the subsurface coal resources. The tract is located on the Muddy Creek and North Fork Quitcupah Creek drainages approximately 10 air miles west of the town of Emery, Utah. The tract is estimated to contain about 56.6 million tons of recoverable coal reserves. The

tract is being considered for competitive coal leasing under BLM regulations at 43 CFR part 3400.

Coal in the tract would be accessed and recovered using underground longwall mining methods, with foreseeable access from existing adjacent leases. The Forest Service and BLM have determined that data are available to meet the Data Adequacy Standards for Federal Coal Leasing, Uinta-Southwestern Utah Coal Region.

The final coal lease tract, as amended by BLM's Tract Delineation Team, encompasses 6,175 acres of Federal coal estate. The proposed lease contains about 6,096 acres of National Forest System (NFS) lands administered by the Manti-La Sal National Forest and about 79 acres of NFS lands administered by the Fishlake National Forest.

A Final EIS for the Leasing and Underground Mining of the Greens Hollow Federal Coal Lease Tract (UTU-84102) was released to the public along with the Record of Decision in December 2011. Subsequently, the decision was made to withdraw the Record of Decision and prepare a Supplemental EIS.

Purpose and Need for Action

The purpose for developing this Supplemental EIS is to clarify the decisions to be made and agency decision authority, analyze the environmental consequences of potential actions to be taken by each agency, make technical corrections, and address agency compliance actions and key resource concerns not previously analyzed in the original 2011 Final EIS. The Supplemental EIS will replace the Final EIS in its entirety. There is a need to comply with current direction regarding management of Inventoried Roadless Areas and unroaded/undeveloped areas, address key resource concerns, and update analysis for aquatic management indicator species and sage-grouse.

The Forest Service and the BLM have identified a need to respond to a federal coal lease-by-application, and assess whether or not to offer certain NFS lands for lease by competitive bid. The purpose of the federal agencies' actions is to facilitate continued development and recovery of federally managed coal resources in an environmentally sound manner. The Proposed Action responds to the federal government's overall policy to foster and encourage private enterprise in the development of economically sound and stable industries, and in the orderly and economic development of domestic resources to help assure satisfaction of

industrial, security, and environmental needs.

The BLM is considering the Proposed Action because it would be an integral part of the BLM's coal leasing program under authority of the Mineral Leasing Act of 1920, as amended by the Federal Coal Leasing Amendments Act of 1976 and supplemented in 1978, and by implementing regulations at 43 CFR 3425, Lease-On-Application. Coal development is recognized as an appropriate use of public lands within the Wasatch Plateau Coal Field. The BLM will consider the approval of the Proposed Action in a manner that minimizes impacts on or to other resource values (including water and cultural resources), avoids or reduces impact on resources and activities, and prevents unnecessary or undue degradation of public lands.

Proposed Action

The action proposed to meet the purpose and need is for the Forest Service to consent to the BLM offering the Greens Hollow Federal Coal Lease Tract (UTU-84102) for competitive bid. The Forest Service consent decision would include special coal lease stipulations for use and protection of non-mineral interests, and the BLM decision would include stipulations related to the mineral resource.

Lead and Cooperating Agencies

The Bureau of Land Management, Price Field Office, and the Forest Service, Manti-La Sal and Fishlake National Forests, are joint lead agencies for this project. The USDI Office of Surface Mining (OSM) will participate as a cooperating agency.

Responsible Official

The Responsible Official for the Forest Service is Allen Rowley, Manti-La Sal Acting Forest Supervisor and Fishlake Forest Supervisor, 115 East 900 North, Richfield, Utah 84701. The responsible official for the BLM is William Stringer, Green River District Manager, 170 South 500 East, Vernal Utah 84078.

Nature of Decision To Be Made

In accordance with the Federal Coal Leasing Amendments Act of 1975, which amended the Mineral Leasing Act of 1920, and enacting regulations at 43 CFR 3400, the Forest Supervisor for the Manti-La Sal and Fishlake National Forests, will decide whether or not to consent to BLM leasing the subject federal coal lease tract. As part of its consent decision, the Forest Service will identify special coal lease stipulations

needed to protect non-mineral resources.

In accordance with the Mineral Leasing Act of 1920, as amended, and contingent on consent of the surface managing agency, the Green River District Manager of the BLM will decide whether or not to offer the tract for competitive leasing and under what terms, conditions, and special stipulations.

Preliminary Issues

This Supplemental EIS will analyze issues relating to the potential for underground mining and associated subsidence and foreseeable surface uses to affect: Geologic resources (including mining-induced subsidence and seismicity); existing and reasonably foreseeable surface structures and facilities; surface and ground water resources, including water quantity and water quality; terrestrial and aquatic wildlife resources (including Threatened, Endangered, and special status species); vegetation resources (including Threatened, Endangered, and special status species); heritage resources; paleontological resources; socioeconomics; recreation; visual quality; range; roadless characteristics; and air quality.

Permits or Licenses Required

Should a lease be issued and before any mining activity could commence, the lessee must obtain a coal mining and reclamation permit from the Utah Division of Oil, Gas and Mining consistent with the requirements of the Surface Mining Control and Reclamation Act of 1977 (SMCRA) as codified in 30 CFR 700 to end, and the Utah Coal Rules. Other Federal and State permits would also be required.

Scoping Process

Scoping for this Supplemental EIS was completed in preparation of the previous EIS. The original Notice of Intent (NOI) for the Greens Hollow Coal Lease Tract was printed in the **Federal Register** (Vol. 73, No. 29, pp. 8060-8062) on February 12, 2008. The NOI designated a 45-day comment period ending March 28, 2008, when comments would be most useful. A public notice was also distributed to interested individuals on the BLM, Price Field Office and Manti-La Sal and Fishlake National Forests mailing lists. A legal notice was also sent to local newspapers to notify the general public.

A content analysis of the comments received on the Draft EIS was prepared. A summary of the issues and concerns, grouped by discipline or resource, identified during the scoping process

were analyzed in the EIS, while a more detailed record of responses received were compiled into a scoping report for the project.

Other Public Involvement

The Draft EIS for the Greens Hollow Coal Lease Tract was released and distributed on March 26, 2009. The EPA Notice of Availability (NOA) was published in the **Federal Register** on April 3, 2009, initiating the formal 45-day comment period on the Draft EIS. The BLM NOA appeared in the **Federal Register** on April 6, 2009. The Forest Service Legal Notice of Proposed Action appeared in the local newspapers on April 14 and 15, 2009. The NOA was also posted on the BLM's Environmental Notification Bulletin Board on April 3, 2009. An electronic copy of the Draft EIS was also made available on the BLM's Web site and hard copies were mailed to the project mailing list. Responses to comments on the Draft EIS were included in the Final EIS, Appendix C.

The Final EIS was released to the public on December 14, 2011. The EPA NOA was published in the **Federal Register** on December 23, 2011. On February 13, 2012, an appeal was filed with the Region 4, Regional Forester. Following the appeal, the decision was made to withdraw the Record of Decision and conduct additional analysis.

Dated: October 11, 2012.

Allen Rowley,

Forest Supervisor, Fishlake and Manti LaSal National Forests.

Forest Service

Snohomish County Resource Advisory Committee (RAC)

AGENCY: Forest Service, USDA.

ACTION: Notice of meeting.

SUMMARY: The Snohomish County Resource Advisory Committee (RAC) will meet in Everett, Washington on October 25, 2012. The committee is meeting to review and prioritize 2012 and 2013 Snohomish County RAC Project Proposals for funding.

DATES: The meeting will be held on Thursday, October 25, 2012, from 9 a.m. to 5 p.m.

ADDRESSES: The meeting will be held in the Mt. Baker-Snoqualmie National Forest 4th floor Conference Room, located at the Wall Street Building, 2930

Wetmore Ave., Everett, Washington 98201.

FOR FURTHER INFORMATION CONTACT:

Peter Forbes, District Ranger, Darrington Ranger District, phone (360) 436-2301, email pforbes@fs.fed.us. Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 between 8 a.m. and 8 p.m., Eastern Standard Time, Monday through Friday.

SUPPLEMENTARY INFORMATION: The meeting is open to the public. More information will be posted on the Mt. Baker-Snoqualmie National Forest Web site at <http://www.fs.fed.us/r6/mbs/projects/rac.shtml>.

Comments may be sent via email to pforbes@fs.fed.us or via facsimile to (360) 436-1309. All comments, including names and addresses when provided, are placed in the record and are available for public inspection and copying. The public may inspect comments received at the Darrington Ranger District office at 1405 Emens Avenue, Darrington, Washington, during regular office hours (Monday through Friday 8 a.m.-4:30 p.m.).

Dated: October 12, 2012.

Jennifer Eberlien,

Forest Supervisor.

Rural Business-Cooperative Service

Notice of Request for Extension of a Currently Approved Information Collection

AGENCY: Rural Business-Cooperative Service, USDA.

ACTION: Proposed collection; comments requested.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Rural Business-Cooperative Service's (RBS) intention to request an extension of a currently approved information collection in support of the Intermediary Relending Program (IRP).

DATES: Comments on this notice must be received by December 17, 2012, to be assured of consideration.

FOR FURTHER INFORMATION CONTACT: Lori Washington, Specialty Programs Division, Rural Business-Cooperative Service, U.S. Department of Agriculture, STOP 3225, 1400 Independence Avenue SW., Washington, DC 20250-3225,

Telephone (202) 720-9815, Email lori.washington@wdc.usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Intermediary Relending Program.

OMB Number: 0570-0021.

Expiration Date of Approval: February 28, 2013.

Type of Request: Extension of currently approved collection information.

Abstract: The regulations contain various requirements for information from the intermediaries, and some requirements may cause the intermediary to seek information from ultimate recipients. The information requested is necessary for RBS to be able to process applications in a responsible manner, make prudent credit and program decisions, and effectively monitor the intermediaries' activities to protect the Government's financial interest and ensure that funds obtained from the Government are used appropriately. It includes information to identify the intermediary; describe the intermediary's experience and expertise; describe how the intermediary will operate its revolving loan fund; provide for debt instruments, loan agreements, and security; and other material necessary for prudent credit decisions and reasonable program monitoring.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 7.5 hours per response.

Respondents: Non-profit corporations, public agencies, Indian tribes and cooperatives.

Estimated Number of Respondents: 202.

Estimated Number of Responses per Respondent: 12.

Estimated Number of Responses: 2,383.

Estimated Total Annual Burden on Respondents: 17,959 hours.

Copies of this information collection can be obtained from Brigitte Sumter, Regulations and Paperwork Management Branch, Support Services Division at (202) 692-0042.

Comments

Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of RBS, including whether the information will have practical utility; (b) the accuracy of RBS's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be
