**AGENCY:** Office of the United States Trade Representative.

**ACTION:** Invitation for applications.

**SUMMARY:** Chapter 19 of the North American Free Trade Agreement (“NAFTA”) provides for the establishment of a roster of individuals to serve on binational panels convened to review final determinations in antidumping or countervailing duty (“AD/CVD”) proceedings and amendments to AD/CVD statutes of a NAFTA Party. The United States annually renews its selections for the Chapter 19 roster. Applications are invited from eligible individuals wishing to be included on the roster for the period April 1, 2013, through March 31, 2014.

**DATES:** Applications should be received no later than November 30, 2012.

**ADDRESSES:** Applications should be submitted (i) electronically to [www.regulations.gov](http://www.regulations.gov), docket number USTR–2012–0034, or (ii) by fax, to Sandy McKinzy at (202) 395–3640.

**FOR FURTHER INFORMATION CONTACT:** Suzanne Garner, Assistant General Counsel, Office of the United States Trade Representative, (202) 395–9663.

#### SUPPLEMENTARY INFORMATION:

#### Binational Panel Reviews Under NAFTA Chapter 19

Article 1904 of the NAFTA provides that a party involved in an AD/CVD proceeding may obtain review by a binational panel of a final AD/CVD determination of one NAFTA Party with respect to the products of another NAFTA Party. Binational panels decide whether such AD/CVD determinations are in accordance with the domestic laws of the importing NAFTA Party, and must use the standard of review that would have been applied by a domestic court of the importing NAFTA Party. A panel may uphold the AD/CVD determination, or may remand it to the national administering authority for action not inconsistent with the panel’s decision. Panel decisions may be reviewed in specific circumstances by a three-member extraordinary challenge committee, selected from a separate roster composed of fifteen current or former judges.

Article 1903 of the NAFTA provides that a NAFTA Party may refer an amendment to the AD/CVD statutes of another NAFTA Party to a binational panel for a declaratory opinion as to whether the amendment is inconsistent with the General Agreement on Tariffs and Trade (“GATT”), the GATT Antidumping or Subsidies Codes, successor agreements, or the object and purpose of the NAFTA with regard to the establishment of fair and predictable conditions for the liberalization of trade. If the panel finds that the amendment is inconsistent, the two NAFTA Parties shall consult and seek to achieve a mutually satisfactory solution.

#### Chapter 19 Roster and Composition of Binational Panels

Annex 1901.2 of the NAFTA provides for the maintenance of a roster of at least 75 individuals for service on Chapter 19 binational panels, with each NAFTA Party selecting at least 25 individuals. A separate five-person panel is formed for each review of a final AD/CVD determination or statutory amendment. To form a panel, the two NAFTA Parties involved each appoint two panelists, normally by drawing upon individuals from the roster. If the Parties cannot

agree upon the fifth panelist, one of the Parties, decided by lot, selects the fifth panelist from the roster. The majority of individuals on each panel must consist of lawyers in good standing, and the chair of the panel must be a lawyer.

Upon each request for establishment of a panel, roster members from the two involved NAFTA Parties will be requested to complete a disclosure form, which will be used to identify possible conflicts of interest or appearances thereof. The disclosure form requests information regarding financial interests and affiliations, including information regarding the identity of clients of the roster member and, if applicable, clients of the roster member’s firm.

#### Criteria for Eligibility for Inclusion on Chapter 19 Roster

Section 402 of the NAFTA Implementation Act (Pub. L. 103–182, as amended (19 U.S.C. 3432)) (“Section 402”) provides that selections by the United States of individuals for inclusion on the Chapter 19 roster are to be based on the eligibility criteria set out in Annex 1901.2 of the NAFTA, and without regard to political affiliation. Annex 1901.2 provides that Chapter 19 roster members must be citizens of a NAFTA Party, must be of good character and of high standing and repute, and are to be chosen strictly on the basis of their objectivity, reliability, sound judgment, and general familiarity with international trade law. Aside from judges, roster members may not be affiliated with any of the three NAFTA Parties. Section 402 also provides that, to the fullest extent practicable, judges and former judges who meet the eligibility requirements should be selected.

#### Adherence to the NAFTA Code of Conduct for Binational Panelists

The “Code of Conduct for Dispute Settlement Procedures Under Chapters 19 and 20” ([see http://www.nafta-sec-alena.org/en/view.aspx?x=345&mpiID=ALL](http://www.nafta-sec-alena.org/en/view.aspx?x=345&mpiID=ALL)), which was established pursuant to Article 1909 of the NAFTA, provides that current and former Chapter 19 roster members “shall avoid impropriety and the appearance of impropriety and shall observe high standards of conduct so that the integrity and impartiality of the dispute settlement process is preserved.” The Code also provides that candidates to serve on chapter 19 panels, as well as those who are ultimately selected to serve as panelists, have an obligation to “disclose any interest, relationship or matter that is likely to affect [their] impartiality or independence, or that might reasonably

create an appearance of impropriety or an apprehension of bias.” Annex 1901.2 of the NAFTA provides that roster members may engage in other business while serving as panelists, subject to the Code of Conduct and provided that such business does not interfere with the performance of the panelist’s duties. In particular, Annex 1901.2 states that “[w]hile acting as a panelist, a panelist may not appear as counsel before another panel.”

### Procedures for Selection of Chapter 19 Roster Members

Section 402 establishes procedures for the selection by the Office of the United States Trade Representative (“USTR”) of the individuals chosen by the United States for inclusion on the Chapter 19 roster. The roster is renewed annually, and applies during the one-year period beginning April 1 of each calendar year.

Under Section 402, an interagency committee chaired by USTR prepares a preliminary list of candidates eligible for inclusion on the Chapter 19 Roster. After consultation with the Senate Committee on Finance and the House Committee on Ways and Means, USTR selects the final list of individuals chosen by the United States for inclusion on the Chapter 19 roster.

### Remuneration

Roster members selected for service on a Chapter 19 binational panel will be remunerated at the rate of 800 Canadian dollars per day.

**DEPARTMENT OF TRANSPORTATION****Federal Aviation Administration****Noise Exposure Map Notice for Van Nuys Airport, Van Nuys, California**

**AGENCY:** Federal Aviation Administration, DOT.

**ACTION:** Notice.

**SUMMARY:** The Federal Aviation Administration (FAA) announces its determination that the noise exposure maps submitted by Los Angeles World Airports, for Van Nuys Airport under the provisions of 49 U.S.C. 47501 *et seq.* (Aviation Safety and Noise Abatement Act) and 14 CFR part 150 are in compliance with applicable requirements.

**DATES:** *Effective Date:* The effective date of the FAA's determination on the noise exposure maps is October 3, 2012.

**FOR FURTHER INFORMATION CONTACT:** Victor Globa, Environmental Protection Specialist, Federal Aviation Administration, Los Angeles Airports District Office, Mailing Address: P.O. Box 92007, Los Angeles, California 90009-2007. Street Address: 15000 Aviation Boulevard, Hawthorne, California 90261. Telephone: 310/725-3637

**SUPPLEMENTARY INFORMATION:** This notice announces that the FAA finds that the noise exposure maps submitted for Van Nuys Airport are in compliance with applicable requirements of 14 Code of Federal Regulations (CFR) Part 150 (hereinafter referred to as "Part 150"), effective October 3, 2012. Under 49 U.S.C. section 47503 of the Aviation Safety and Noise Abatement Act (hereinafter referred to as "the Act"), an airport operator may submit to the FAA noise exposure maps which meet applicable regulations and which depict non-compatible land uses as of the date of submission of such maps, a description of projected aircraft operations, and the ways in which such operations will affect such maps. The Act requires such maps to be developed in consultation with interested and affected parties in the local community, government agencies, and persons using the airport. An airport operator who has submitted noise exposure maps that are found by FAA to be in compliance with the requirements of Part 150, promulgated pursuant to the Act, may submit a noise compatibility program for FAA approval which sets forth the measures the operator has taken or proposes to take to reduce existing non-compatible uses and prevent the introduction of additional non-compatible uses.

The FAA has completed its review of the noise exposure maps and accompanying documentation submitted by Los Angeles World Airports. The documentation that constitutes the "Noise Exposure Maps" as defined in section 150.7 of Part 150 includes: Figure 5 VNY Noise Monitor VNY13 (Formerly V7) Location; Figure 7, 2011 Existing Condition Noise Exposure Map; Figure 8, 2016 Five-Year Forecast Condition Noise Exposure Map; Figure 9, FAA Airport Diagram for VNY; Figure 10, Modeled Flight Tracks for Runway 16R and 34L Jet Arrivals; Figure 11, Modeled Flight Tracks for Runway 16R and 34L Jet Departures; Figure 12, Modeled Flight Tracks for Runway 16R and 34L Propeller Arrivals; Figure 13, Modeled Flight Tracks for Runway 16L and 34R Propeller Arrivals; Figure 14, Modeled Flight Tracks for Runway 16R and 34L Propeller Departures; Figure 15, Modeled Flight Tracks for Runway 16L and 34R Propeller Departures; Figure 16, Modeled Flight Tracks for Helicopter Arrivals; Figure 17, Modeled Flight Tracks for Helicopter Departures; Figure 18, Modeled Flight Tracks for Runways 16L/16R Local Patterns; Figure 19, Modeled Flight Tracks for Runways 34L/34R Local Patterns; Table 3,

Estimated Compatible, Noncompatible, and Total Dwelling Units and Population within 2011 and 2016 Noise Exposure Map Contours; Table 4, Forecast 2011 Annual Average Day Operations; Table 5, Forecast 2016 Annual Average Day Operations; Table 6, Runway Utilization for Fixed-Wing Aircraft Arrivals and Departures; Table 7, Runway Utilization Rates for Local Pattern Operations; Table 8, Helipad Utilization Rates for Helicopter Arrivals and Departures; Table 9, Fixed-Wing Departure Flight Track Utilization Rates; Table 10, Fixed-Wing Arrival Flight Track Utilization Rates; and, Table 11, Helicopter Flight Track Utilization Rates.

The FAA has determined that these Noise Exposure Maps and accompanying documentation are in compliance with applicable requirements. This determination is effective on October 3, 2012.

FAA's determination on an airport operator's noise exposure maps is limited to a finding that the maps were developed in accordance with the procedures contained in Appendix A of Part 150. Such determination does not constitute approval of the applicant's data, information or plans, or a commitment to approve a noise compatibility program or to fund the implementation of that program. If questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on a noise exposure map submitted under section 47503 of the Act, it should be noted that the FAA is not involved in any way in determining the relative locations of specific properties with regard to the depicted noise contours, or in interpreting the noise exposure maps to resolve questions concerning, for example, which properties should be covered by the provisions of section 47506 of the Act. These functions are inseparable from the ultimate land use control and planning responsibilities of local government. These local responsibilities are not changed in any way under Part 150 or through FAA's review of noise exposure maps. Therefore, the responsibility for the detailed overlaying of noise exposure contours onto the map depicting properties on the surface rests exclusively with the airport operator that submitted those maps, or with those public agencies and planning agencies with which consultation is required under section 47503 of the Act. The FAA has relied on the certification by the airport operator, under section 150.21 of Part 150, that the statutorily required consultation has been accomplished.
