Abstract: The Foreign School Supplemental Application System (FS SAS) is designed as a bridge system that will allow foreign school administrators to enter information directly into the system in a secure fashion and upload required documents. The FS SAS works in conjunction with the e-App system. When a foreign school is applying for initial participation, or is submitting an application for recertification or reinstatement, if the school is seeking approval of its medical, nursing or veterinary school, upon completion of

the e-App, the school will be able to link to the FS SAS on the Information for Financial Aid Professionals (IFAP) Web page. Only foreign schools who are registered with Federal Student Aid and who have been issued the required two factor authentication tokens can access the FS SAS. The FS SAS allows foreign schools to upload required documentation in a portable document format (pdf) to accompany the applications and reducing the time it takes to complete the application to submit to the Foreign Schools Team for review.
