

assumptions about prepayment rates.¹⁸ FINRA believes that the specified data elements that will be disseminated for MBS SPT and SBA-Backed ABS SPT transactions provide information that will allow market participants to perform such an analysis.¹⁹ Moreover, FINRA has represented that, in the future, it could determine to propose dissemination of additional data elements that it believes would improve transparency for such transactions.²⁰

Additionally, the proposed reduction in reporting times for MBS SPT and SBA-Backed ABS transactions is an important corollary to the expansion of post-trade transparency for such transactions. Timelier reporting should be more conducive to the dissemination of meaningful (and close-to-real time) MBS SPT and SBA-Backed ABS transaction information. The Commission believes that reducing the reporting period as set forth in the proposal would result in important trade information reaching the market more quickly, thus contributing to enhanced price transparency for the MBS SPT and SBA-Backed ABS asset classes.

Firms covered by these new reporting requirements for MBS SPT and SBA-Backed ABS transactions could incur certain compliance burdens. However, the Commission believes that any such burdens are justified by the overall benefits of increasing transparency in the MBS SPT and SBA-Backed ABS markets. The Commission notes that FINRA has proposed to shorten the reporting period for MBS SPT and SBA-Backed ABS transactions in stages. The Commission believes that this approach is reasonably designed to ease the compliance burdens on those affected by the proposal without significantly compromising FINRA's ability to disseminate more timely transaction information for MBS SPT and SBA-Backed ABS transactions.

The Commission recognizes that the \$10 million dissemination cap FINRA has proposed would, to a certain extent, limit the transparency provided by FINRA's proposal.²¹ However, the Commission notes that dissemination caps are already in place for transactions in other TRACE-Eligible

Securities.²² Moreover, public dissemination of information on MBS SPT and SBA-Backed ABS transactions has heretofore not existed in the MBS SPT and SBA-Backed ABS markets. The dissemination cap will allow FINRA to implement post-trade price transparency in those markets incrementally. Furthermore, FINRA has represented that it will continue to review the volume of and liquidity in those markets and, if warranted in the future, may propose that the dissemination cap be set at a higher level in order to provide additional transparency.²³

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,²⁴ that the proposed rule change (SR-FINRA-2012-042) be, and it hereby is, approved.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁵

Kevin M. O'Neill,
Deputy Secretary.
