SUPPLEMENTARY INFORMATION: FEMA, working with the Nuclear Regulatory Commission (NRC), is soliciting comments from stakeholders and interested members of the public on the scope of future revisions to "Criteria for Preparation and Evaluation of Radiological Emergency Response Plans and Preparedness in Support of Nuclear Power Plants," NUREG-0654/FEMA-REP-1, Rev. 1. The document is available online at <http://www.regulations.gov> (Docket ID FEMA-2012-0026).

NUREG-0654/FEMA-REP-1, Rev. 1 is a joint FEMA/NRC policy document that provides guidance on the sixteen Planning Standards referenced in FEMA's regulations at 44 CFR 350.5 and the NRC's regulations at 10 CFR part 50. Both agencies use these Planning Standards to evaluate the adequacy of the emergency plans of commercial nuclear power plant owners and operators (NRC), and the emergency plans and preparedness of State and local governments within the Emergency Planning Zones surrounding commercial nuclear power plants (FEMA).

Since the publication of NUREG-0654/FEMA-REP-1, Rev. 1 in November 1980, four supplementary documents and one addendum have been issued that update and modify specific planning and procedural elements. These documents are available online at <http://www.regulations.gov> (Docket ID FEMA-2012-0026). FEMA and the NRC are considering revising NUREG-0654/FEMA-REP-1, Rev. 1 to address stakeholder interest and the various emergency planning and preparedness lessons learned since its initial publication.

FEMA and the NRC held two public meetings on August 22, 2012 and

September 13, 2012. (77 FR 46766, August 6, 2012). The purpose of these public meetings was to: (1) Solicit input from stakeholders and interested members of the public on the scope of future revisions to NUREG-0654/FEMA-REP-1, Rev.1; (2) describe the proposed timeline for the revisions to NUREG-0654/FEMA-REP-1, Rev.1; and (3) promote transparency, public participation, and collaboration during the NUREG-0654/FEMA-REP-1, Rev.1 revision process. All of the presentation material and meeting notes are available to review online at <http://www.regulations.gov> (Docket ID FEMA-2012-0026).

Through this Notice, we are soliciting comments from stakeholders and interested members of the public on the scope of future revisions to NUREG-0654/FEMA-REP-1, Rev.1. While not limited to these specific areas, we are soliciting comments on the following issues related to NUREG-0654/FEMA-REP-1, Rev.1 revision:

- *Format and Terminology*: various e-formats, clean-up edits, and web-based software.

- *Policy and Legal Frameworks*: National Response Frameworks, National Incident Management System (NIMS), emergency preparedness (EP) rulemaking issues, NRC Commission papers, lessons learned from the Fukushima-Daichi nuclear power plant accident, and Presidential Policy Directive 8 (PPD-8).
