

1590—Room 5151, 1400 Independence Avenue SW., Washington, DC 20250—1590. Telephone: (202) 720-9556.

SUPPLEMENTARY INFORMATION: In 7 CFR part 1737, Pre-Loan Policies and Procedures Common to Insured and Guaranteed Telecommunications Loans, § 1737.70(e) explains the depreciation rates that are used by RUS in its feasibility studies. § 1737.70(e)(2) refers to median depreciation rates published by RUS for all borrowers. The following chart provides those rates, compiled by RUS, for the reporting period ending December 31, 2011:

MEDIAN DEPRECIATION RATES OF RURAL UTILITIES SERVICE BORROWERS BY EQUIPMENT CATEGORY FOR PERIOD ENDING DECEMBER 31, 2011

Telecommunications plant category	Depreciation rate
1. Land and Support Assets:	
a. Motor vehicles	16.00
b. Aircraft	12.00
c. Special purpose vehicles	13.03
d. Garage and other work equipment	10.00
e. Buildings	3.20
f. Furniture and office equipment	10.00
g. General purpose computers	20.00
2. Central Office Switching:	
a. Digital	9.00
b. Analog & Electro-mechanical	10.00
c. Operator Systems	9.00
3. Central Office Transmission:	
a. Radio Systems	9.95
b. Circuit equipment	10.00
4. Information origination/termination:	
a. Station apparatus	11.90
b. Customer premises wiring	10.00
c. Large private branch exchanges	11.40
d. Public telephone terminal equipment	11.25
e. Other terminal equipment	10.20
5. Cable and wire facilities:	
a. Aerial cable—poles	6.00
b. Aerial cable—metal	5.80
c. Aerial cable—fiber	5.00
d. Underground cable—metal	5.00
e. Underground cable—fiber	5.00
f. Buried cable—metal	5.15
g. Buried cable—fiber	5.00
h. Conduit systems	3.50
i. Other	5.59

Dated: October 9, 2012.

John Padalino,

Acting Administrator of the Rural Utilities Service.

BILLING CODE P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: International Trade Administration.

Title: International Client Life-cycle Multi-Purpose Forms.

OMB Control Number: 0625-0237.

Form Number(s): ITA-4096P.

Type of Request: Regular submission (revision of a currently approved information collection).

Burden Hours: 14,234.

Number of Respondents: 47,318.

Average Hours per Response: 5-30 minutes.

Annual Cost to the Public: \$8,625,000 (\$345 per client for 25,000 Events and Activities services).

Needs and Uses: The Commercial Service (CS) offers their clients DOC programs, market research, and services to enable the client to begin importing or to expand existing importing efforts. Specific information is required in order to determine the client's business objectives and needs. This information collection is designed to elicit such data so that appropriate services can be proposed and conducted to most effectively meet the client's importing goals. The CS has made efforts to provide more customized services to clients thereby requesting approval to use a service order form for customized services as well as for standardized services such as the International Partner Search and Gold Key Service. The information collected is used internally and is not disseminated to the public.

These forms will also reduce client burden through forms' flexibility and technology. The CS also seeks increased forms flexibility to ensure that CS asks and captures only the specific information needed for a particular service/event, thereby continuing to reduce client burdens as CS utilizes pre-populated information for clients who have previously registered with CS. As a client request specific CS services, a

set of questions will be presented to determine how CS will proceed to give the client the best export outcome.

This revision to produce a customized form for each CS client, and will cover all aspects of an international client's life-cycle with CS, involves merging with other information collections: OMB Control Nos: 0625-0065, 0625-0130, 0625-0151, 0625-0215, 0625-0220, 0625-0228, 0625-0143, and 0625-0238. These collections include all client intake, events/activities and export success forms. The set of questions used to generate the customized forms have been approved under the aforementioned information collections. Upon OMB approval, these information collections will be discontinued.

Affected Public: Business or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Wendy Liberante, (202) 395-3647.

Copies of the above information collection proposal can be obtained by calling or writing Jennifer Jessup, Departmental Paperwork Clearance Officer, (202) 482-0336, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at JJessup@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Wendy Liberante, OMB Desk Officer, Fax number (202) 395-5167 or via the Internet at Wendy_L_Liberante@omb.eop.gov.

Dated: October 24, 2012.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-FP-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Institute of Standards and Technology (NIST).

Title: Usage of Elevators for Occupant Evacuation Questionnaire.

OMB Control Number: 0693-0061.

Form Number(s): None.

Type of Request: Regular submission (reinstatement with change of a previously approved information collection).

Burden Hours: 375.

Number of Respondents: 1,500.

Average Hours per Response: 15 minutes.

Needs and Uses: NIST's research on elevators has primarily focused on the technical aspects of ensuring safe and reliable evacuation for the occupants of tall buildings. In addition, the International Code Council and the National Fire Protection Association provide requirements for the use of elevators for both occupant evacuation and fire fighter access into the building. However, there still is little understanding of how occupants use elevator systems during fire emergencies.

The main focus of this research effort is to gain an understanding of how elevators are currently used by occupants of existing multi-story buildings in the United States during fire emergencies. This research aims to summarize emergency plans and procedures from buildings that make use of one or multiple elevators from the existing elevator system (used for normal building traffic) for the evacuation of building occupants during fire emergencies. The respondents will be contacted to fill out a questionnaire asking about how the buildings' evacuation plans incorporate the use of the existing elevator system to evacuate occupants during fire emergencies, specifically individuals with disabilities, if at all.

Revisions: After further review of the survey, it was determined that some of the survey questions could potentially identify the respondent or at least the individuals with which the respondent works; and the possibility to identify individuals within the respondent's building (i.e., the building occupants or residents). These questions were revised or deleted.

Affected Public: Selected individuals, such as building managers and designated safety personnel, who are familiar with or in charge of developing emergency procedures for multi-story buildings in the United States, including both federal and private sector buildings.

Frequency: One time only.

Respondent's Obligation: Voluntary.

OMB Desk Officer: Jasmeet Seehra, (202) 395-3123.

Copies of the above information collection proposal can be obtained by calling or writing Jennifer Jessup, Departmental Paperwork Clearance Officer, (202) 482-0336, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at Jjessup@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to, OMB Desk Officer, Jasmeet Seehra, FAX Number (202) 395-5167, or Jasmeet_K_Seehra@omb.eop.gov.

Dated: October 25, 2012.

DEPARTMENT OF COMMERCE

U.S. Census Bureau

Correction: Proposed Information Collection; Comment Request; Manufacturers' Unfilled Orders Survey

AGENCY: U.S. Census Bureau, Commerce.

ACTION: Correction.

SUMMARY: On October 16, 2012, a notice was published in the **Federal Register** (77 FR 63288) on the proposed information collection, Manufacturers' Unfilled Orders Survey.

Under the heading **SUPPLEMENTARY INFORMATION, I. Abstract**, the following information was omitted:

'We plan to add a box for "Change in Operational Status" to the MA-3000 for 2012. This change does not affect burden because the information asked is readily available by the respondents or not applicable to those companies without an operational status change.'

All other information in the notice is correct and remains unchanged.

Dated: October 25, 2012.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510-09-P

DEPARTMENT OF COMMERCE

Economic Development Administration

Notice of Petitions by Firms for Determination of Eligibility To Apply for Trade Adjustment Assistance

AGENCY: Economic Development Administration, Department of Commerce.

ACTION: Notice and Opportunity for Public Comment.

Pursuant to Section 251 of the Trade Act 1974, as amended (19 U.S.C. 2341 *et seq.*), the Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below. Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of these firms contributed importantly to the total or partial separation of the firm's workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

LIST OF PETITIONS RECEIVED BY EDA FOR CERTIFICATION ELIGIBILITY TO APPLY FOR TRADE ADJUSTMENT ASSISTANCE
[10/20/2012 through 10/24/2012]

Firm name	Firm address	Date accepted for investigation	Product(s)
Tooling Dynamics, LLC	905 Vogelsong Road, York, PA 17404.	10/22/2012	Manufacturer of percision mico miniature metal stampings and Swiss Screw machines parts such as screws and pins for aerospace, automotive, appliances, computers.
Woodfold Manufacturing, Inc.	1811 18th Avenue, Forest Grove, OR 97116.	10/22/2012	Manufacturer of wood roll up doors, hardwood shutters and accordion doors, and book case doors.

Any party having a substantial interest in these proceedings may request a public hearing on the matter.

A written request for a hearing must be submitted to the Trade Adjustment Assistance for Firms Division, Room

7106, Economic Development Administration, U.S. Department of Commerce, Washington, DC 20230, no
