BILLING CODE 6820-34-P

DEPARTMENT OF DEFENSE

GENERAL SERVICES ADMINISTRATION

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Docket 2012-0076; Sequence 50; OMB Control No. 9000-0107]

Federal Acquisition Regulation; Submission for OMB Review; Notice of Radioactive Materials

AGENCY: Department of Defense (DOD), General Services Administration (GSA), and National Aeronautics and Space Administration (NASA).

ACTION: Notice of request for comments regarding the extension of a previously existing OMB clearance.

SUMMARY: Under the provisions of the Paperwork Reduction Act, the Regulatory Secretariat will be submitting to the Office of Management and Budget (OMB) a request to review and approve an extension of a previously approved information collection requirement concerning Notice of Radioactive Materials. A notice was published in the **Federal Register** at 77 FR 45612, on August 1, 2012. No comments were received.

Public comments are particularly invited on: Whether this collection of information is necessary; whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate,

and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

DATES: Submit comments on or before December 5, 2012.

ADDRESSES: Submit comments identified by Information Collection 9000-0107, Notice of Radioactive Materials, by any of the following methods:

- *Regulations.gov:* <http://www.regulations.gov>. Submit comments via the Federal eRulemaking portal by searching the OMB control number. Select the link "Submit a Comment" that corresponds with "Information Collection 9000-0107, Notice of Radioactive Materials". Follow the instructions provided at the "Submit a Comment" screen. Please include your name, company name (if any), and "Information Collection 9000-0107, Notice of Radioactive Materials" on your attached document.

- *Fax:* 202-501-4067.

- *Mail:* General Services Administration, Regulatory Secretariat (MVCB), 1275 First Street NE., Washington, DC 20417. ATTN: Hada Flowers/IC 9000-0107, Notice of Radioactive Materials.

Instructions: Please submit comments only and cite Information Collection 9000-0107, Notice of Radioactive Materials, in all correspondence related to this collection. All comments received will be posted without change to <http://www.regulations.gov>, including any personal and/or business confidential information provided.

FOR FURTHER INFORMATION CONTACT: Ms. Marissa Petrussek, Procurement Analyst, Office of Acquisition Policy, GSA, (202) 501-0136 or email marissa.petrusek@gsa.gov.

A. Purpose

The clause at FAR 52.223-7, Notice of Radioactive Materials, requires contractors to notify the Government prior to delivery of items containing radioactive materials. The purpose of the notification is to alert receiving activities that appropriate safeguards may need to be instituted. The notice shall specify the part or parts of the items which contain radioactive materials, a description of the materials, the name and activity of the isotope, the manufacturer of the materials, and any other information known to the

contractor which will put users of the items on notice as to the hazards involved.

B. Annual Reporting Burden

Respondents: 535.
Responses per Respondent: 5.
Annual Responses: 2,675.
Hours per Response: 1.
Total Burden Hours: 2,675.

Obtaining Copies of Proposals:

Requesters may obtain a copy of the information collection documents from the General Services Administration, Regulatory Secretariat (MVCB), 1275 First Street NE., Washington, DC 20417, telephone (202) 501-4755. Please cite OMB Control No. 9000-0107, Notice of Radioactive Materials, in all correspondence.

Dated: October 18, 2012.

William Clark,

Acting Director, Federal Acquisition Policy Division, Federal Acquisition Policy Division, Office of Acquisition Policy, Office of Governmentwide Policy.

BILLING CODE 6820–61–P

**DEPARTMENT OF HEALTH AND
HUMAN SERVICES**

**Centers for Disease Control and
Prevention**

[60Day–13–0706]

**Proposed Data Collections Submitted
for Public Comment and
Recommendations**

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the Centers for Disease Control and Prevention (CDC) will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the data collection plans and instruments, call 404–639–7570 and send comments to Kimberly S. Lane, 1600 Clifton Road, MS–D74, Atlanta, GA 30333 or send an email to omb@cdc.gov.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Written comments should be received within 60 days of this notice.

Proposed Project

National Program of Cancer Registries Program Evaluation Instrument (NPCR–PEI) (OMB No. 0920–0706, exp. 12/31/2011)—Reinstatement—National Center for Chronic Disease Prevention and Health Promotion (NCCDPHP), Centers for Disease Control and Prevention (CDC).

Background and Brief Description

The National Program of Cancer Registries (NPCR), administered by the Centers for Disease Control and Prevention (CDC), was established to

provide funding for states and territories to: (1) Improve existing state-based cancer registries; (2) plan and implement registries where none existed; (3) develop model legislation and regulations for states to enhance the viability of registry operations; (4) set standards for data completeness, timeliness, and quality; (5) provide training for registry personnel; and (6) help establish a computerized reporting and data-processing system. Through the NPCR, CDC currently supports 48 population-based central cancer registries (CCR) in 45 states, one territory, the District of Columbia, and the Pacific Islands. The National Cancer Institute supports the operations of CCR in the five remaining states.

Through the NPCR, CDC provides technical assistance and funding and sets program standards to assure that complete cancer incidence data are available for national and state cancer control and prevention activities and other health planning activities. NPCR-funded CCR are the primary source of cancer surveillance data for *United States Cancer Statistics (USCS)*, which CDC has published annually since 2002.

Over a 17-year period, CDC has collected information from NPCR grantees to monitor their performance in meeting the required Program Standards (NPCR Program Evaluation Instrument, OMB No. 0920–0706, exp. 12/31/2011). The NPCR Program Evaluation Instrument (PEI) is a secure, web-based method of collecting information about registry operations, including: Staffing, legislation, administration, reporting completeness, data exchange, data content and format, data quality assurance, data use, collaborative relationships, advanced activities, and survey feedback. Examples of information that can be obtained from various questions include, but are not limited to: (1) The number of filled full-time staff positions by position responsibility, (2) data quality control activities, (3) data collection activities as they relate to achieving NPCR standards for data completeness, (4) electronic reporting, (5) linkage with other databases and (6) whether registry data are used for comprehensive cancer control program planning and evaluation.

The most recent PEI reports were submitted to CDC in 2011. Since 2009, data collection had been conducted on a biennial schedule in odd-numbered years. In late 2011, CDC discontinued the NPCR PEI clearance in preparation for a review of program standards. At this time, CDC seeks OMB approval to reinstate the NPCR PEI clearance. Minor changes to the PEI will be implemented
