

General Services the authority to issue regulations under Public Law 111–178, the Special Agent Samuel Hicks Families of Fallen Heroes Act, codified at 5 U.S.C. 5724d, relating to the payment of certain expenses when a covered employee dies as a result of injuries sustained in the performance of his or her official duties. The overall implementing authority is the FTR, codified in Title 41 of the Code of Federal Regulations, Chapters 300–304 (41 CFR Chapters 300–304).

This final rule incorporates language based on Public Law 111–178, the Special Agent Samuel Hicks Families of Fallen Heroes Act, codified at 5 U.S.C. 5724d, to allow agencies to provide for relocation of dependents and the household effects of a “covered employee” whose death occurred as a result of personal injury sustained while in the performance of the employee’s duty as defined by the agency. The term “covered employees” means: (A) A law enforcement officer, as defined in 5 U.S.C. 5541; (B) an employee in or under the Federal Bureau of Investigation who is not described in subparagraph (A), and (C) a Customs and Border Protection officer, as defined in 5 U.S.C. 8331(31).

B. Summary of Comments Received

GSA received no comments on the interim rule published in the **Federal Register** on November 21, 2011 (76 FR 71890).

C. Executive Orders 12866 and 13563

Executive Orders 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This final rule has been designated a “significant regulatory action” although not economically significant, under section 3(f) of Executive Order 12866. Accordingly, the rule has been reviewed by the Office of Management and Budget.

D. Regulatory Flexibility Act

This final rule will not have significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the revisions are not considered

substantive. This final rule is also exempt from Regulatory Flexibility Act per 5 U.S.C. 553 (a)(2), because it applies to agency management or personnel. However, this final rule is being published to provide transparency in the promulgation of Federal policies.

E. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the changes to the FTR do not impose recordkeeping or information collection requirements, or the collection of information from offerors, contractors, or members of the public that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, *et seq.*

F. Small Business Regulatory Enforcement Fairness Act

This final rule is also exempt from congressional review prescribed under 5 U.S.C. 801 since it relates solely to agency management and personnel.

List of Subjects in 41 CFR Part 303–70

Government employees, Relocation, Transportation expenses, and Travel.

Dated: October 25, 2012.

Dan Tangherlini,

Acting Administrator of U.S. General Services.

Interim Rule Adopted as Final Without Change

Accordingly, the interim rule amending 41 CFR part 303–70, which was published in the **Federal Register** at 76 FR 71890 on November 21, 2011, is adopted as a final rule without change. [FR Doc. 2012–27023 Filed 11–5–12; 8:45 am]

BILLING CODE 6820–14–P

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

44 CFR Part 67

[Docket ID FEMA–2012–0003]

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency, DHS.

ACTION: Final rule.

SUMMARY: Base (1% annual-chance) Flood Elevations (BFEs) and modified BFEs are made final for the communities listed below. The BFEs and modified BFEs are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or

remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing BFEs and modified BFEs for each community. This date may be obtained by contacting the office where the maps are available for inspection as indicated in the table below.

ADDRESSES: The final BFEs for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Luis Rodriguez, Chief, Engineering Management Branch, Federal Insurance and Mitigation Administration, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646–4064, or (email) Luis.Rodriguez3@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final determinations listed below for the modified BFEs for each community listed. These modified elevations have been published in newspapers of local circulation and ninety (90) days have elapsed since that publication. The Deputy Associate Administrator for Mitigation has resolved any appeals resulting from this notification.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67. FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community. The BFEs and modified BFEs are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act. This final rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. An environmental impact assessment has not been prepared.

Regulatory Flexibility Act. As flood elevation determinations are not within the scope of the Regulatory Flexibility Act, 5 U.S.C. 601–612, a regulatory flexibility analysis is not required.

Regulatory Classification. This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30,

1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 13132, Federalism. This final rule involves no policies that have federalism implications under Executive Order 13132.

Executive Order 12988, Civil Justice Reform. This final rule meets the applicable standards of Executive Order 12988.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is amended as follows:

PART 67—[AMENDED]

■ 1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.11 [Amended]

■ 2. The tables published under the authority of § 67.11 are amended as follows:

Flooding source(s)	Location of referenced elevation	* Elevation in feet (NGVD) + Elevation in feet (NAVD) # Depth in feet above ground ^ Elevation in meters (MSL) Modified	Communities affected

[Docket No. 111207737–2141–02]

RIN 0648–XC333

Fisheries of the Exclusive Economic Zone Off Alaska; Reallocation of Pacific Cod in the Western Regulatory Area of the Gulf of Alaska Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; reallocation.

SUMMARY: NMFS is reallocating the projected unused amount of Pacific cod from catcher vessels using trawl gear and hook-and-line catcher/processors (C/Ps) to vessels using pot gear in the Western Regulatory Area of the Gulf of Alaska management area (GOA). This action is necessary to allow the 2012 total allowable catch of Pacific cod in the Western Regulatory Area of the GOA to be harvested.

DATES: Effective November 1, 2012, through 2400 hrs, Alaska local time (A.l.t.), December 31, 2012.

FOR FURTHER INFORMATION CONTACT: Josh Keaton, 907–586–7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the Gulf of Alaska exclusive economic zone according to the Fishery Management Plan for Groundfish of the Gulf of Alaska (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679. Regulations governing sideboard protections for GOA groundfish fisheries appear at subpart B of 50 CFR part 680.

The 2012 Pacific cod total allowable catch specified for catcher vessels using trawl gear in the Western Regulatory Area of the GOA is 7,802 metric tons (mt) as established by the final 2012 and 2013 harvest specifications for groundfish in the GOA (77 FR 15194, March 14, 2012) and reallocation on September 1, 2012 (77 FR 54838, September 6, 2012). The 2012 Pacific

cod total allowable catch specified for hook-and-line C/Ps in the Western Regulatory Area of the GOA is 4,100 mt as established by the final 2012 and 2013 harvest specifications for groundfish in the GOA (77 FR 15194, March 14, 2012). The Administrator, Alaska Region (Regional Administrator) has determined that catcher vessels using trawl gear will not be able to harvest 1,400 mt and hook-and-line C/Ps will not be able to harvest 600 mt of the 2012 Pacific cod TAC allocated to those vessels under § 679.20(a)(12)(i)(A). In accordance with § 679.20(a)(12)(ii)(B), the Regional Administrator has also determined that the pot vessels currently have the capacity to harvest this excess allocation and reallocates 2,000 mt to vessels using pot gear in the Western Regulatory Area of the GOA.

The harvest specifications for Pacific cod in the Western Regulatory Area of the GOA included in the final 2012 harvest specifications for groundfish in the GOA (77 FR 15194, March 14, 2012) are revised as follows: 6,402 mt for catcher vessels using trawl gear, 3,500 mt for hook-and-line C/Ps and 9,869 mt for vessels using pot gear.

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the reallocation of Pacific cod specified from catcher vessels using trawl gear and hook-and-line C/Ps to vessels using pot gear. Since the fishery is currently open, it is important to immediately inform the industry as to the revised allocations. Immediate notification is necessary to allow for the orderly conduct and efficient operation of this fishery, to allow the industry to plan for the fishing season, and to avoid potential disruption to the fishing fleet as well as processors. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of October 31, 2012.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: November 1, 2012.

Lindsay Fullenkamp,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

North Pacific Fishery Management Council; Essential Fish Habitat Amendments

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of agency decision.

SUMMARY: NMFS announces approval of Amendment 98 to the Fishery Management Plan (FMP) for Groundfish of the Bering Sea and Aleutian Islands Management Area (BSAI Groundfish FMP); Amendment 90 to the FMP for Groundfish of the Gulf of Alaska (GOA Groundfish FMP); Amendment 40 to the FMP for Bering Sea/Aleutian Islands King and Tanner Crabs (BSAI Crab FMP); Amendment 15 to the FMP for the Scallop Fishery off Alaska (Scallop FMP); and Amendment 1 to the FMP for Fish Resources of the Arctic Management Area (Arctic FMP). These amendments update the existing essential fish habitat (EFH) provisions in the FMPs based on a 5-year EFH review. This action is intended to promote the goals and objectives of the Magnuson-Stevens Fishery Conservation and Management Act, the FMPs, and other applicable laws.

DATES: The amendments were approved on October 31, 2012.

ADDRESSES: Electronic copies of the Final EFH 5-year Review for 2010
