

policy by various government agencies. Results will be available for use for a variety of public and business needs such as economic and market analysis, company performance, and forecasting future demand. The Census Bureau conducts the AWTS to provide continuing and timely national statistical data on wholesale trade. The 2012 AWTS is a separate collection from and is not part of the 2012 Economic Census.

ADDRESSES: The Census Bureau will provide report forms to businesses included in the survey. Additional copies are available upon written request to the Director, U.S. Census Bureau, Washington, DC 20233-0101.

FOR FURTHER INFORMATION CONTACT: Randy Moore, Service Sector Statistics Division, at (301) 763-7231 or by email at randy.a.moore@census.gov.

SUPPLEMENTARY INFORMATION: Sections 182, 224, and 225 of Title 13 of the United States Code (U.S.C.) authorize the Census Bureau to take surveys that are necessary to produce current data on the subjects covered by the major censuses. As part of this authorization, the Census Bureau conducts the AWTS to provide continuing and timely national statistical data on wholesale trade activity for the period between economic censuses and, for this year, during the economic census. The AWTS covers employer firms with establishments located in the United States and classified in the Wholesale Trade sector as defined by the 2007 NAICS. The 2012 AWTS will collect data for three components of wholesale activity: Wholesale distributors; manufacturers' sales branches and offices; and agents, brokers, and electronic markets. For wholesale distributors, the Census Bureau will collect data covering sales, sales taxes, e-commerce sales, year-end inventories held inside and outside the United States, purchases, total and detailed operating expenses. For manufacturers' sales branches and offices, the Census Bureau will collect data covering annual sales, sales taxes, e-commerce sales, year-end inventories held inside and outside the United States and total operating expenses. For agents, brokers, and electronic markets, the Census Bureau will collect data covering commissions, total operating revenue, gross selling value, and total operating expenses. The Census Bureau has determined that the conduct of this survey is necessary as these data are not available publicly on a timely basis from non-governmental or other government sources.

For the 2012 AWTS, we will request data for wholesale distributors on detailed operating expenses that were previously requested under a separate supplemental mailing (conducted every 5 years). The last supplemental mailing was conducted for the 2007 AWTS under OMB No. 0607-0942. While the wholesale portion of that program will be collapsed into the AWTS, we will continue to only ask the detailed expense questions to wholesale distributors every 5 years. Also for the 2012 AWTS, we will request data on sales taxes, which is asked as a part of the AWTS every 5 to 6 years. The last time we requested sales tax data was for the 2006 AWTS.

Firms were selected for the AWTS using a stratified random sample based on industry groupings and annual sales size. We will provide report forms to the firms covered by this survey in February 2013, and will require their responses within 50 days after receipt. Firms' responses to the AWTS are required by law (Title 13, U.S.C., Sections 182, 224, and 225).

The sample of firms selected will provide, with measurable reliability, statistics on annual sales, e-commerce sales, sales taxes, purchases, total and detailed operating expenses, year-end inventories held both inside and outside the United States, commissions, total operating revenue, and gross selling value, for 2012.

The data collected in this survey will be similar to that collected in the past and within the general scope and nature of those inquiries covered in the economic census. These data are collected to provide a sound statistical basis for the formation of policy by various government agencies. Results will be available for use for a variety of public and business needs such as economic and market analysis, company performance, and forecasting future demand.

Notwithstanding any other provision of law, no person is required to respond to, nor shall a person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act (PRA) unless that collection of information displays a current valid Office of Management and Budget (OMB) control number. In accordance with the PRA, 44 U.S.C. 3501-3521, OMB approved the AWTS under OMB control number 0607-0195.

Based upon the foregoing, I have directed that the annual survey be conducted for the purpose of collecting these data.

Dated: November 2, 2012.

Thomas L. Mesenbourg, Jr.,
Acting Director, Bureau of the Census.

International Trade Administration [A-570-932]

Certain Steel Threaded Rod From the People's Republic of China: Final Results and Final Partial Rescission of Antidumping Duty Administrative Review; 2010-2011

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On May 8, 2012, the Department of Commerce ("Department") published in the *Federal Register* the *Preliminary Results* of the second administrative review of the antidumping duty order on certain steel threaded rod from the People's Republic of China ("PRC") for the period of review ("POR") April 1, 2010, through March 31, 2011.¹ Based upon our analysis of the comments and information received, we continue to find that RMB Fasteners Ltd., and IFI & Morgan Ltd. (collectively "RMB/IFI Group") has sold subject merchandise at less than normal value.

DATES: *Effective Date:* November 9, 2012.

FOR FURTHER INFORMATION CONTACT: Jerry Huang, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: 202-482-4047.

SUPPLEMENTARY INFORMATION:

Background

On May 8, 2012, the Department published the *Preliminary Results*. In the *Preliminary Results*, the Department indicated its intent to rescind the review with respect to Gem-Year Industrial Co., Ltd. ("Gem-Year") and Haiyan Julong Standard Part Co., Ltd. ("Haiyan Julong") for lack of shipments.²

On June 8, 2012, the RMB/IFI Group submitted factor usage information that the Department requested for two control numbers that were not produced during the POR. On June 19, 2012, the

¹ See *Certain Steel Threaded Rod From the People's Republic of China: Preliminary Results of the Administrative Review, Intent To Rescind, and Rescission, in Part*, 77 FR 27022 (May 8, 2012) ("*Preliminary Results*").

² See *Preliminary Results*, 77 FR at 27024.

RMB/IFI Group submitted additional surrogate value information for the final results. Interested parties were further provided an opportunity to comment on the *Preliminary Results*. Between July 17 and July 24, 2012, we received case and rebuttal briefs from interested parties. On August 24, 2012, the Department extended the time limit for these final results by 60 days.³

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties to this review are addressed in the memorandum entitled, "Issues and Decision Memorandum for the Final Results of the Second Administrative Review of Certain Steel Threaded Rod from the People's Republic of China" ("I&D Memo"), which is dated November 5, 2012, and hereby adopted by this notice. A list of the issues that parties raised, and to which we respond in the I&D Memo is attached to this notice as Appendix I. The I&D Memo is a public document and is on file electronically via Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS"). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit ("CRU"), room 7046 of the main Department of Commerce building. In addition, a complete version of the I&D Memo can be accessed directly on the internet at <http://www.trade.gov/ia/>. The signed I&D Memo and the electronic versions of the I&D Memo are identical in content.

Changes Since the Preliminary Results

The Department has made changes to the preliminary margin calculation for the RMB/IFI Group. Specifically, we relied on factor usage information submitted after the *Preliminary Results* for the two control numbers that were not produced during the POR and updated the Thai import statistics used to value steel wire rod based on the specific carbon content reported by the RMB/IFI Group for its steel wire rod consumption.⁴

Scope of the Order

The merchandise covered by the order is steel threaded rod. Steel threaded rod is certain threaded rod, bar, or studs, of carbon quality steel, having a solid, circular cross section, of any diameter,

³ See Department's Memorandum, re: "Certain Steel Threaded Rod from the People's Republic of China: Extension of Deadline for Final Results of Antidumping Duty Administrative Review," dated August 24, 2012.

⁴ See I&D Memo at Comments 1 and 3.

in any straight length, that have been forged, turned, cold-drawn, cold-rolled, machine straightened, or otherwise cold-finished, and into which threaded grooves have been applied. Certain steel threaded rod subject to the order is currently classifiable in the Harmonized Tariff Schedule of the United States ("HTSUS") at subheadings 7318.15.5051, 7318.15.5056, 7318.15.5090, and 7318.15.2095.⁵ Although the subheadings are provided for convenience and customs purposes, the written product description, available in *Certain Steel Threaded Rod from the People's Republic of China: Notice of Antidumping Duty Order*, 74 FR 17154 (April 14, 2009), remains dispositive.

PRC-Wide Entity

As noted in the *Preliminary Results*, upon initiation of the administrative review, we provided an opportunity for all companies for which the review was initiated to complete either the separate rate application or certification.⁶ The Department preliminarily determined that New Pole Power Systems Co., Ltd. ("New Pole") failed to demonstrate eligibility for a separate rate and is thus properly considered not to be separate from the PRC-wide entity.⁷ Further, in the *Preliminary Results* we assigned the PRC-wide entity a rate of 206.00 percent, the only rate ever determined for the PRC-wide entity in this proceeding.⁸ No party submitted comments regarding this finding. Therefore, for these final results, we continue to assign the PRC-wide entity a rate of 206.00 percent.⁹

Final Partial Rescission

In the *Preliminary Results*, the Department indicated its intent to rescind this review with respect to Gem-Year and Haiyan Julong upon preliminarily determining that they had no shipments of subject merchandise to the United States during the POR.¹⁰ Subsequent to the *Preliminary Results*, no information was submitted on the record indicating that they made sales to

⁵ As part of these final results, the Department has modified the language of the scope to reflect the fact that HTSUS subheading 7318.15.5050 has been deleted and replaced with subheadings 7318.15.5051 and 7318.15.5056. See I&D Memo at Comment 2.

⁶ See *Preliminary Results*, 77 FR at 27024.

⁷ See *id.*

⁸ See, e.g., *Certain Steel Threaded Rod from the People's Republic of China: Final Determination of Sales at Less Than Fair Value*, 74 FR 8907 (February 27, 2009).

⁹ See *Certain Steel Threaded Rod from the People's Republic of China: Final Determination of Sales at Less Than Fair Value*, 74 FR 8907, 8910 (February 27, 2009).

¹⁰ See *Preliminary Results*, 77 FR at 27024.

the United States of subject merchandise during the POR and no party provided written arguments regarding this issue. Thus, in accordance with 19 CFR 351.213(d)(3), and consistent with our practice,¹¹ we are rescinding this review with respect to Gem-Year and Haiyan Julong.

Final Results of Review

The dumping margins for the POR are as follows:

Exporter	Weighted-average margin (percent)
RMB Fasteners Ltd., and IFI & Morgan Ltd. ("RMB/IFI Group")	19.68
PRC-wide Entity	206.00

The Department will disclose calculations performed for these final results to the parties within five days of the date of publication of this notice, in accordance with 19 CFR 351.224(b).

Assessment

Upon issuance of the final results, the Department will determine, and U.S. Customs and Border Protection ("CBP") shall assess, antidumping duties on all appropriate entries. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of review. For any individually examined respondents whose weighted-average dumping margin is above *de minimis*, we calculated importer-specific *ad valorem* duty assessment rates based on the ratio of the total amount of antidumping duty calculated for the importer's examined sales to the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).¹² We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment rate calculated in the final results of this review is above *de minimis* (i.e., 0.50 percent). Where either the respondent's

¹¹ See, e.g., *Certain Tissue Paper Products from the People's Republic of China: Preliminary Results and Partial Rescission of Antidumping Duty Administrative Review*, 73 FR 18497, 18500 (April 4, 2008) (preliminarily rescinding review because of lack of reviewable entries), unchanged in *Certain Tissue Paper Products from the People's Republic of China: Final Results and Final Rescission, in Part, of Antidumping Duty Administrative Review*, 73 FR 58113 (October 6, 2008).

¹² In these final results, the Department applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012).

weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Tariff Act of 1930, as amended, (“the Act”): (1) For the RMB/IFI Group, the cash deposit rate will be the rate established in the final results of review (except, if the rate is zero or *de minimis*, *i.e.*, less than 0.5 percent, a zero cash deposit rate will be required for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have a separate rate, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 206.00 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. The deposit requirements, when imposed, shall remain in effect until further notice.

Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (“APO”) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification

of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this administrative review and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: November 5, 2012

Paul Piquado,

Assistant Secretary for Import Administration.

Frontseating Service Valves From the People’s Republic of China; 2010–2011 Antidumping Duty Administrative Review; Final Results

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On May 4, 2012, the Department published its *Preliminary Results* in the antidumping duty administrative review of frontseating service valves from the People’s Republic of China.¹ The period of review (“POR”) is April 1, 2010, through March 31, 2011. We have determined that neither Zhejiang DunAn Hetian Metal Co., Ltd. (“DunAn”) nor Zhejiang Sanhua Co., Ltd. (“Sanhua”), the only companies covered by this review, made sales in the United States at prices below normal value (“NV”). We invited interested parties to comment on our *Preliminary Results*. Based on our analysis of the comments received, we made changes to our margin calculations for DunAn and Sanhua. The final dumping margins for

this review are listed in the “Final Results Margins” section below.

DATES: *Effective Date:* November 9, 2012.

Laurel LaCivita, Brooke Kennedy, or Eugene Degnan, AD/CVD Operations, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–4243, (202) 482–3818, and (202) 482–0414, respectively.

Background

On May 4, 2012, the Department published its *Preliminary Results* in the antidumping duty administrative review of frontseating service valves from the People’s Republic of China.² On June 1, 2012, Petitioner³ requested a hearing for issues raised in the case and rebuttal briefs.⁴ On June 1, 2011, DunAn submitted its 5th supplemental questionnaire response reporting factors of production (“FOPs”) for its unaffiliated brass tollers.⁵

On June 11, 2012, Petitioner and DunAn submitted publicly available surrogate value (“SV”) data to value respondents’ factors of production.⁶ On June 21, 2012, DunAn and Sanhua submitted rebuttal SV comments on the June 11, 2012 submissions.⁷ We received case briefs from Petitioner and DunAn on July 12, 2012,⁸ and rebuttal
