

appliance instead of relying on a dual approved life/rescue boat to meet this requirement. Operators of existing MODUs or facilities that currently use a dual approved life/rescue boat to meet this requirement are urged to supplement their life saving capability with a dedicated approved SOLAS rescue boat and launching appliance.

For MODUs or facilities with a large air gap, operators should consider the improved launching and recovery capabilities of an approved fast rescue boat with a dedicated fast rescue boat launching appliance (which is equipped with motion damping and a constant tensioning winch).

*(e) Quarterly Man Overboard Drills (Safety Recommendation 3M)*

The Report recommended the Commandant amend 46 CFR 109.213 to require performance of a man overboard drill on at least a quarterly basis.

We agree that 46 CFR 109.213, as well as the relevant OCS Activities regulations in 33 CFR Subchapter N, should include a quarterly man overboard drill, and are considering proposing regulation changes for this purpose.

Until new requirements are proposed, the Coast Guard urges operators of all MODUs and manned offshore facilities on the U.S. OCS to consider performing a man overboard drill on at least a quarterly basis, including deployment of a rescue boat, where provided, to simulate the recovery of a person from the water.

### III. Authority

This document is issued under the authority of 5 U.S.C. 552(a), 43 U.S.C. 1331, *et seq.*, and 33 CFR 1.05-1. The guidance contained in this notice is not a substitute for applicable legal requirements, nor is it itself a rule. It is not intended to nor does it impose legally binding requirements on any party. It represents the Coast Guard's current thinking on this topic and provides the public with an indication of future action being considered by the Coast Guard.

Dated: October 24, 2012.

## DEPARTMENT OF HOMELAND SECURITY

### Coast Guard

[Docket No. USCG-2012-0640]

### Waterway Suitability Assessment for Expansion of Liquefied Gas Terminals; Houston and Texas City, TX

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with Coast Guard regulations in 33 CFR 127.007, Oil Tanking North America has submitted a Letter of Intent and Waterway Suitability Assessment to the Coast Guard Captain of the Port, Sector Houston-Galveston regarding the company's proposed expansion of its Liquefied Hazardous Gas (LHG) facilities in Houston and Texas City, Texas, and increased LHG marine traffic in the associated waterway. The Coast Guard is notifying the public of this action to solicit public comments on the proposed increase in LHG marine traffic in Houston and Texas City, Texas.

**DATES:** Comments and related material must be received on or before December 24, 2012.

**ADDRESSES:** You may submit comments identified by docket number USCG-2012-0640 using any one of the following methods:

(1) *Federal eRulemaking Portal:* <http://www.regulations.gov>.

(2) *Fax:* 202-493-2251.

(3) *Mail or Delivery:* Docket Management Facility (M-30), U.S. Department of Transportation, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE., Washington, DC 20590-0001. Deliveries accepted between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is 202-366-9329.

To avoid duplication, please use only one of these three methods. See the "Public Participation and Request for Comments" portion of the

**SUPPLEMENTARY INFORMATION** section below for instructions on submitting comments.

**FOR FURTHER INFORMATION CONTACT:** If you have questions on this notice, call or email LCDR Xochitl Castaneda, U.S. Coast Guard; telephone 713-671-5164, email [Xochitl.L.Castaneda@uscg.mil](mailto:Xochitl.L.Castaneda@uscg.mil). If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202-366-9826.

**SUPPLEMENTARY INFORMATION:**

### Public Participation and Request for Comments

We encourage you to submit comments and related material in response to this notice. All comments received will be posted without change to <http://www.regulations.gov> and will include any personal information you have provided.

#### Submitting Comments

If you submit a comment, please include the docket number for this notice (USCG-2012-0640), and provide a reason for each suggestion or recommendation. You may submit your comments and material online at <http://www.regulations.gov>, or by fax, mail, or hand delivery, but please use only one of these means. If you submit a comment online, it will be considered received by the Coast Guard when you successfully transmit the comment. If you fax, hand deliver, or mail your comment, it will be considered as having been received by the Coast Guard when it is received at the Docket Management Facility. We recommend that you include your name and a mailing address, an email address, or a telephone number in the body of your document so that we can contact you if we have questions regarding your submission.

To submit your comment online, go to <http://www.regulations.gov>, type the docket number (USCG-2012-0640) in the "SEARCH" box and click "SEARCH." Click on "Submit a Comment" on the line associated with this notice.

If you submit your comments by mail or hand delivery, submit them in an unbound format, no larger than 8½ by 11 inches, suitable for copying and electronic filing. If you submit comments by mail and would like to know that they reached the Facility, please enclose a stamped, self-addressed postcard or envelope. We will consider all comments and material received during the comment period.

#### Viewing Comments

To view comments, go to <http://www.regulations.gov>, type the docket number (USCG-2012-0640) in the "SEARCH" box and click "SEARCH." Click on "Open Docket Folder" on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

### Privacy Act

Anyone can search the electronic form of comments received into any of our dockets by the name of the individual submitting the comment (or signing the comment, if submitted on behalf of an association, business, labor union, etc.). You may review a Privacy Act notice regarding our public dockets in the January 17, 2008, issue of the **Federal Register** (73 FR 3316).

### Public Meeting

We do not now plan to hold a public meeting, but you may submit a request for one, using one of the methods specified under **ADDRESSES**. Please explain why you believe a public meeting would be beneficial. If we determine that one would aid this rulemaking, we will hold one at a time and place announced by a later notice in the **Federal Register**.

### Basis and Purpose

Under 33 CFR 127.007(a), an owner or operator planning new construction to expand or modify marine terminal operations in an existing facility handling Liquefied Natural Gas (LNG) or Liquefied Hazardous Gas (LHG), where the construction, expansion, or modification would result in an increase in the size and/or frequency of LNG or LHG marine traffic on the waterway associated with the facility, must submit a Letter of Intent (LOI) to the COTP of the zone in which the facility is located. Under 33 CFR 127.007(e), an owner or operator planning such an expansion must also file or update a Waterway Suitability Assessment (WSA) that addresses the proposed increase in LNG or LHG marine traffic in the associated waterway. Oil Tanking North America submitted an LOI on May 12, 2011 and a WSA on April 24, 2012 regarding the company's proposed expansion of its LHG facilities in Houston and Texas City, Texas.

Under 33 CFR 127.009, after receiving an LOI, the COTP issues a Letter of Recommendation (LOR) as to the suitability of the waterway for LNG or LHG marine traffic to the appropriate jurisdictional authorities. The LOR is based on a series of factors outlined in 33 CFR 127.009 that relate to the physical nature of the affected waterway and issues of safety and security associated with LNG or LHG marine traffic on the affected waterway.

The purpose of this notice is to solicit public comments on the proposed increase in LHG marine traffic in Houston and Texas City, Texas. The Coast Guard believes that input from the public may be useful to the COTP with

respect to development of the LOR. Additionally, the Coast Guard tasked the Area Maritime Security Committee, Houston-Galveston, Texas, with forming a subcommittee comprised of affected port users and stakeholders, including appropriate members of the Harbor Safety Committee. The goal of the subcommittee will be to gather information to help the COTP assess the suitability of the associated waterway for increased LHG marine traffic as it relates to navigational safety and security.

On January 24, 2011, the Coast Guard published Navigation and Vessel Inspection Circular (NVIC) 01–2011, "Guidance Related to Waterfront Liquefied Natural Gas (LNG) Facilities." NVIC 01–2011 provides guidance for owners and operators seeking approval to build and operate LNG facilities. While NVIC 01–2011 is specific to LNG, it provides useful process information and guidance for owners and operators seeking approval to build and operate LHG facilities as well. The Coast Guard will refer to NVIC 01–2011 for process information and guidance in evaluating Oil Tanking North America's WSA. A copy of NVIC 01–2011 is available for viewing in the public docket for this notice and also on the Coast Guard's Web site at <http://www.uscg.mil/hq/cg5/nvic/2010s.asp>.

This notice is issued under the authority of 33 U.S.C. 1223–1225, Department of Homeland Security Delegation Number 0170.1(70), 33 CFR 127.009, and 33 CFR 103.205.

Dated: October 19, 2012.

**J.H. Whitehead,**

*Captain, U.S. Coast Guard, Captain of the Port Houston-Galveston, Texas.*

## DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–5603–N–83]

### Notice of Submission of Proposed Information Collection to OMB; Public Housing Mortgage Program and Section 30

**AGENCY:** Office of the Chief Information Officer, HUD.

**ACTION:** Notice.

**SUMMARY:** The proposed information collection requirement described below has been submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is

soliciting public comments on the subject proposal.

Section 516 of the Quality Housing and Work Responsibility Act of 1998 (QHWRA) (Pub. L. 105–276, October 21, 1998) added Section 30, Public Housing Mortgages and Security Interest, to the United States Housing Act of 1937 (1937 Act) (42 U.S.C. 1437z–2). Section 30 authorizes the Secretary of the Department of Housing and Urban Development (HUD) to approve a Housing Authority's (HA) request to mortgage public housing real property or grant a security interest in other tangible forms of personal property if the proceeds of the loan resulting from the mortgage or security interest are used for low-income housing uses. Public Housing Agencies (PHAs) must provide information to HUD for approval to allow PHAs to grant a mortgage in public housing real estate or a security interest in some tangible form of personal property owned by the PHA for the purposes of securing loans or other financing for modernization or development of low-income housing. The title of the information collection has been changed to be more clearly descriptive of the range of transactions that would be reviewed under this collection for compliance with Section 30. There are several circumstances other than a mixed finance transaction that would potentially trigger this collection. For example, most recently Energy Performance Contract (EPC) transactions that provide for a security interest in energy improvements have been reviewed for approval under Section 30.

**DATES: Comments Due Date:** December 24, 2012.

**ADDRESSES:** Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB approval Number (2577–0265) and should be sent to: HUD Desk Officer, Office of Management and Budget, New Executive Office Building, Washington, DC 20503; fax: 202–395–5806. Email: [OIRA\\_Submission@omb.eop.gov](mailto:OIRA_Submission@omb.eop.gov) fax: 202–395–5806.

**FOR FURTHER INFORMATION CONTACT:** Colette Pollard., Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 Seventh Street SW., Washington, DC 20410; email Colette Pollard at [Colette.Pollard@hud.gov](mailto:Colette.Pollard@hud.gov) or telephone (202) 402–3400. This is not a toll-free number. Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

**SUPPLEMENTARY INFORMATION:** This notice informs the public that the
