BILLING CODE 3290-F3-P

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Request for Comments Concerning Compliance With Telecommunications Trade Agreements

AGENCY: Office of the United States Trade Representative.

ACTION: Notice of request for public comment and reply comment.

SUMMARY: Pursuant to section 1377 of the Omnibus Trade and Competitiveness Act of 1988 (19 U.S.C. 3106) ('Section 1377'), the Office of the United States Trade Representative ('USTR') is reviewing and requests comments on the operation, effectiveness, and implementation of, and compliance with the following agreements regarding telecommunications products and services of the United States: The World Trade Organization ('WTO') General Agreement on Trade in Services; The North American Free Trade Agreement ('NAFTA'); U.S. free trade agreements ('FTAs') with Australia, Bahrain, Chile, Colombia, Korea, Morocco, Oman, Panama, Peru, and Singapore; the Dominican Republic-Central America-United States Free Trade Agreement ('CAFTA-DR'); and any other telecommunications trade agreements, such as Mutual Recognition Agreements (MRAs) for Conformity Assessment of Telecommunications Equipment. The USTR will conclude the review by March 31, 2013.

DATES: Comments are due on December 17, 2012 and reply comments on January 14, 2013.

ADDRESSES: Submissions should be made via the Internet at www.regulations.gov docket number USTR-2012-0035. For alternatives to on-line submissions please contact Yvonne Jamison (202-395-3475). The public is strongly encouraged to file submissions electronically rather than by facsimile or mail.

FOR FURTHER INFORMATION CONTACT: Jonathan McHale, Office of Services and Investment, (202) 395-9533; or Scott Pietan, Office of Market Access and Industrial Competitiveness, (202) 395-9646.

SUPPLEMENTARY INFORMATION: Section 1377 requires the USTR to review annually the operation and effectiveness of all U.S. trade agreements regarding telecommunications products and services that are in force with respect to the United States. The purpose of the review is to determine whether any act, policy, or practice of a country that has entered into a trade agreement or other telecommunications trade agreement with the United States is inconsistent with the terms of such agreement or otherwise denies U.S. firms, within the context of the terms of such agreements, mutually advantageous market opportunities for telecommunications products and services. For the current review, the USTR seeks comments on:

(1) Whether any WTO member is acting in a manner that is inconsistent with its obligations under WTO agreements affecting market opportunities for telecommunications products or services, e.g., the WTO General Agreement on Trade in Services ('GATS'), including the Agreement on Basic Telecommunications Services, the Annex on Telecommunications, and any scheduled commitments including the Reference Paper on Pro-Competitive Regulatory Principles; the WTO Agreement on Subsidies and Countervailing Measures; the WTO Agreement on Trade-Related Aspects of Intellectual Property Rights; or the plurilateral WTO Agreement on Government Procurement.

(2) Whether Canada or Mexico has failed to comply with its telecommunications obligations under the NAFTA;

(3) Whether Costa Rica, the Dominican Republic, El Salvador, Guatemala, Honduras or Nicaragua has failed to comply with its telecommunications obligations under the CAFTA-DR;

(4) Whether Australia, Bahrain, Chile, Colombia, Korea, Morocco, Oman, Panama, Peru, or Singapore has failed to comply with its telecommunications obligations under its FTA with the United States (see <http://www.ustr.gov/trade-agreements/free-trade-agreements> for links to U.S. FTAs);

(5) Whether any country has failed to comply with its obligations under telecommunications trade agreements with the United States other than FTAs, e.g., Mutual Recognition Agreements (MRAs) for Conformity Assessment of

Telecommunications Equipment (see <http://ts.nist.gov/standards/conformity/mra/mra.cfm> for links to certain U.S. telecommunications MRAs);

(6) Whether any act, policy, or practice of a country cited in a previous section 1377 review remains unresolved (see <http://www.ustr.gov/trade-topics/services-investment/telecommerce/section-1377-review> for recent reviews); and

(7) Whether any measures or practices of a country that is a WTO member or for which an FTA or telecommunications trade agreement has entered into force with respect to the United States impede access to its telecommunications markets or otherwise deny market opportunities to telecommunications products and services of United States firms. Measures or practices of interest include, for example, efforts by a foreign government or a telecommunications service provider to block services delivered over the Internet (including, but not limited to voice over Internet protocol services, social networking, and search services); requirements for access to or use of networks that limit the products or services U.S. suppliers can offer in specific foreign markets; the imposition of excessively high licensing fees; unreasonable wholesale roaming rates that mobile telecommunications service suppliers in specific foreign markets charge U.S. suppliers that seek to supply international mobile roaming services to their U.S. customers; allocating access to spectrum or other scarce resources through discriminatory procedures or contingent on the purchase of locally-produced equipment; subsidies provided to equipment manufacturers which are contingent upon exporting or local content, or have caused adverse effects to domestic equipment manufacturers and the imposition by foreign governments of unnecessary or discriminatory technical regulations or standards for telecommunications products or services. In all cases, commenters should provide any available documentary evidence, including relevant legal measures where available, translated into English where necessary, to facilitate evaluation.

Public Comment and Reply Comment: Requirements for Submission

(For further information on using the www.regulations.gov Web site, please consult the resources provided on the Web site by clicking on the “help” tab.) Submitters should provide updated information on all issues they cite in their filings; USTR will not review submissions that are copies of earlier submissions.

Business Confidential Submissions

For any comments submitted electronically containing business confidential information, the file name of the business confidential version should begin with the characters “BC”. The top of any page containing business confidential information must be clearly marked “BUSINESS CONFIDENTIAL”. Any person filing comments that contain business confidential information must also file in a separate submission a public version of the comments. The file name of the public version of the comments should begin with the character “P”. The “BC” and “P” should be followed by the name of the person or entity submitting the comments. The submitter must include in the comments a written explanation of why the information should be

protected. The submission must indicate, with asterisks, where confidential information was redacted or deleted. The top and bottom of each page of the non-confidential version must be marked either “PUBLIC VERSION” or “NON-CONFIDENTIAL”.

Public Inspection of Submissions

Comments will be placed in the docket and open to public inspection, except confidential business information. Comments may be viewed on the <http://www.regulations.gov> Web site by entering the relevant docket number in the search field on the home page.

Abstract: Part 298 of Title 14 of the Code of Federal Regulations, Exemptions for Air Taxi Registration, establishes a classification of air carriers known as air taxi operators that offer on-demand passenger service. The

regulation exempts these small operators from certain provisions of the Federal statute to permit them to obtain economic authority by filing a one-page, front and back, OST Form 4507, Air Taxi Operator Registration, and Amendments under Part 298 of DOT’s Regulations.

DOT expects to receive 200 new air taxi registrations and 2,200 amended air taxi registrations each year, resulting in 2,400 total respondents. Further, DOT expects filers of new registrations to take 1 hour to complete the form, while it should only take 30 minutes to prepare amendments to the form. Thus, the total annual burden is expected to be 1,300 hours.

Affected Public: U.S. air taxi operators.

Number of Respondents: 2,400.

Frequency: On occasion.

Number of Responses: 2,400.
