SUPPLEMENTARY INFORMATION:**Summary of Information Collection**

The Department of Defense established TRICARE Plus as an enrollment option for persons who are eligible for care in Military Treatment Facilities (MTF) and not enrolled in TRICARE Prime. TRICARE Plus provides an opportunity to enroll with a primary care provider at a specific MTF, to the extent capacity exists. This is a way to facilitate primary care appointments at an MTF when needed. TRICARE Plus enrollment will help MTFs maintain an adequate clinical case mix for Graduate Medical Education programs and support readiness-related medical skills sustainment activities. In order to carry out this program, it is necessary that certain beneficiaries electing to enroll/disenroll in TRICARE Plus complete an enrollment application/disenrollment request. Completion of the enrollment forms is an essential element of the TRICARE program. There is no lock-in and no enrollment fee for TRICARE Plus.

Dated: November 26, 2012.

Alternate OSD Federal Register Liaison Officer, Department of Defense.

SUPPLEMENTARY INFORMATION:

Summary of Information Collection

TRICARE Management Activity (TMA), Office of Administration, Personnel Security Division (PSD) routinely obtains and records personnel security background investigation information as a basis for determining suitability for Homeland Security Policy Directive (HSPD)-12 credentialing of TMA contractor personnel that require access to TMA/DoD Information Technology (IT) resources and network systems. TMA's HSPD-12 credential is

known as the Common Access Card (CAC). The PSD makes interim determinations for issuance of the CAC for TMA contractor personnel who currently do not have the required background investigation, but do have a favorable Federal Bureau of Investigations (FBI) fingerprint report and/or favorable Advance National Agency Check (NAC), and a scheduled background investigation with the Office of Personnel Management (OPM). TMA PSD routinely maintains a record of background investigations requested from the Office of Personnel Management, Electronic Questionnaires for Investigations Processing (eQIP) system, and security clearance status of TMA contractors who require an approval before having access to TMA/DoD Information Technology (IT) resources and network systems or to sensitive data. The electronic information collection system will reduce the level of work and time involved for determining the status of returning contractors and approving CAC renewals.
