SUPPLEMENTARY INFORMATION: This is a summary of the Order in MB Docket No. 12–68, DA 12–1871, adopted and released on November 19, 2012, which extends the comment and reply comment deadlines established in the *FNPRM* published under FCC No. 12–123 at 77 FR 66052, October 31, 2012. The full text of this document is available for public inspection and copying during normal business hours in the FCC Reference Center, Portals II, 445 12th Street SW., Room CY–A257, Washington, DC 20554. Summary of the Order

1. On October 5, 2012, the Commission released a Further Notice

of Proposed Rulemaking (“*FNPRM*”) on revisions to the program access rules. The *FNPRM* set deadlines for filing comments and reply comments at 30 and 45 days, respectively, after publication of the *FNPRM* in the **Federal Register**. A summary of the *FNPRM* was published in the **Federal Register** on October 31, 2012 (77 FR 66052). Accordingly, the filing dates were initially established as November 30, 2012 for comments and December 17, 2012 for reply comments.

2. On November 14, 2012, the National Cable & Telecommunications Association (“*NCTA*”) filed a request to extend the comment and reply comment deadlines to December 14, 2012 and January 14, 2013, respectively. *NCTA* states that Hurricane Sandy has disrupted business operations along the northeast corridor, thereby hindering the ability of some of its members to gather information and prepare comments for this proceeding. Accordingly, *NCTA* requests a two-week extension of the comment deadline to December 14, 2012. Because an identical two-week extension of the reply comment deadline would require reply comments to be filed during the last week of December in the middle of the holiday season, *NCTA* requests a four-week extension of the reply comment deadline. We grant the requested extension. As set forth in Section 1.46 of the Commission's rules, the Commission's policy is that extensions of time for filing comments in rulemaking proceedings shall not be routinely granted. In this case, however, an extension of the comment periods is warranted to provide commenters with sufficient time to prepare comments and reply comments in response to the *FNPRM*.

3. Accordingly, *it is ordered* that, pursuant to section 4(i) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), and §§ 0.61, 0.283, and 1.46 of the Commission's rules, 47 CFR 0.61, 0.283, and 1.46, the Motion for Extension of Time filed by *NCTA is granted*, and the deadlines to file comments and reply comments in this proceeding are extended to December 14, 2012 and January 14, 2013, respectively.

Federal Communications Commission.

Senior Deputy Chief, Policy Division, Media Bureau.

SUPPLEMENTARY INFORMATION: The U.S.–Canada Regulatory Cooperation Council was created on February 4, 2011. After private sector consultations and bilateral negotiations, the RCC released the Joint Action Plan on Regulatory Cooperation on December 7, 2011. For more information on the Joint Action Plan on Regulatory Cooperation, see <http://www.trade.gov/rcc/rcc-summary.asp>. The Joint Action Plan is a practical first step to increased regulatory cooperation between the United States and Canada. In order to implement the initiatives identified in the Joint Action Plan, bilateral working groups led by senior officials from regulatory agencies have developed work plans with concrete objectives, deliverables and milestones for tangible progress within the RCC's two-year mandate. On January 30 and 31, 2012, the RCC and its bi-national working groups facilitated stakeholder meetings in Washington, DC.

The January 15, 2013 public meeting is being held pursuant to the RCC Motor Vehicles Working Group Work Plan. For more information on the Work Plans, see <http://www.trade.gov/rcc/documents/Existing-Motor-Vehicle-Safety-Standards.pdf>, or <http://www.trade.gov/rcc/> for future Work Plans.

Public Meeting Procedures. The public meeting provides a forum for the public to speak about topics within the mandate of the RCC Motor Vehicles Working Group. In order to comply with the occupancy limits of the meeting space, attendance is limited to 100 persons, and pre-registration is required. For space reasons, it is asked that you consider limiting your company's or association's delegation to 3–5 persons. If you would like to attend the public meeting as a speaker or as an observer, please contact the person identified under **FOR FURTHER INFORMATION CONTACT** at least ten days before the hearing. Depending on the available space, registration for persons attending the public hearing as observers may be accepted after that date.

For planning purposes, each speaker should anticipate speaking for approximately ten minutes, although we may need to shorten that time if a large number of people wish to make

presentations. Once we learn how many people have registered to speak at the meeting, we will allocate an appropriate amount of time to each participant, allowing time for necessary breaks. In addition, we will reserve a block of time for anyone else in the audience who wishes to give an oral presentation.

We request that you bring three copies of your statement or other material to the meeting. To accommodate as many speakers as possible, we prefer that speakers not use any audio-visual aids or computer slideshows; however, if you plan to use such aids, you must provide those materials in advance of the meeting and notify the contact person in the **FOR FURTHER INFORMATION CONTACT** section above.

NHTSA and Transport Canada will conduct the meeting informally. Presenters wishing to provide supplementary information should submit it to the contact person in the **FOR FURTHER INFORMATION CONTACT** section above.

For security purposes, government-issued photo identification is required to enter the Patrick V. McNamara Federal Building. Non-U.S. citizens may be required to show passports. To allow sufficient time to clear security and enter the building, NHTSA recommends that participants arrive 30 to 60 minutes prior to the start of the event, and that luggage, laptop computers, and personal effects be kept to a minimum.

Christopher J. Bonanti,

Associate Administrator for Rulemaking.
