The Great Dismal Swamp Canal Bridge is normally maintained in the open position to navigation, closing only for pedestrian crossings and periodic maintenance.

Vessel traffic along this part of the Atlantic Intracoastal Waterway (Alternate Route) consists of pleasure craft including sail boats, and fishing boats, with some commercial traffic. The alternate route for vessels transiting is the Atlantic Intracoastal Waterway, Albemarle Sound to Sunset Beach. The bridge will be unable to open in an emergency.

The Coast Guard has carefully coordinated the restrictions with recreational waterway users. The Coast Guard will inform all users of the waterway through our Local and Broadcast Notice to Mariners of the closure periods for the bridge so that vessels can arrange their transits to minimize any impacts caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the draw must return to its original operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: November 21, 2012.
