

Administration, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 29, through October 30, 2012. Thus, all deadlines in this segment of the proceeding have been extended by two days. The revised deadline for the final results of this review is now December 2, 2012. See Memorandum to the Record from Paul Piquado, Assistant Secretary for Import Administration, regarding "Tolling of Administrative Deadlines As a Result of the Government Closure During the Recent Hurricane," dated October 31, 2012.

### Scope of the Suspended Investigation

The merchandise covered by the suspended investigation includes certain lemon juice for further manufacture, with or without addition of preservatives, sugar, or other sweeteners, regardless of the GPL (grams per liter of citric acid) level of concentration, brix level, acid ratio, pulp content, clarity, grade, horticulture method (e.g., organic or not), processed form (e.g., frozen or not-from-concentrate), FDA standard of identity, the size of the container in which packed, or the method of packing.

Excluded from the scope are: (1) Lemon juice at any level of concentration packed in retail-sized containers ready for sale to consumers, typically at a level of concentration of 48 GPL; and (2) beverage products such as lemonade that typically contain 20% or less lemon juice as an ingredient.

Lemon juice is classifiable under subheadings 2009.39.6020, 2009.31.6020, 2009.31.4000, 2009.31.6040, and 2009.39.6040 of the Harmonized Tariff Schedule of the United States (HTSUS). While HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this Agreement is dispositive.

### Analysis of Comments Received

All issues raised in this review are addressed in the Issues and Decision Memorandum ("Decision Memorandum") from Lynn Fischer Fox, Deputy Assistant Secretary for Policy & Negotiations, to Paul Piquado, Assistant Secretary for Import Administration, dated concurrently with this notice, which is hereby adopted by this notice. The issues discussed in the Decision Memorandum include the likelihood of continuation or recurrence of dumping and the magnitude of the margin of dumping likely to prevail if the suspended investigation were revoked. Parties can find a complete discussion of all issues raised in the review and the

corresponding recommendations in this public memorandum, which is on file electronically via Import Administration's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS"). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit in room 7046 of the main Commerce building. In addition, a complete version of the Decision Memorandum can be accessed directly on the Internet at <http://ia.ita.doc.gov/frn>. The paper copy and electronic version of the Decision Memorandum are identical in content.

### Final Results of Review

Pursuant to sections 752(c)(1) and (3) of the Act, we find that termination of the suspended antidumping duty investigation on lemon juice from Argentina would be likely to lead to continuation or recurrence of dumping and that the magnitude of the margin of dumping likely to prevail if the suspended investigation were terminated is 85.64 percent for San Miguel, 128.5 percent for Citrusvil and 113.52 percent for all other exporters.

This notice also serves as the only reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing the final results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act.

Dated: December 3, 2012.

## DEPARTMENT OF COMMERCE

### International Trade Administration

#### U.S. Environmental Solutions Toolkit

**AGENCY:** International Trade Administration, DOC.

**ACTION:** Notice and Request for Comment.

**SUMMARY:** This notice sets forth a request for input from U.S. businesses capable of exporting their goods or services relevant to reducing air pollution from oil and natural gas production and processing. The Department of Commerce continues to develop the web-based *U.S. Environmental Solutions Toolkit* to be used by foreign environmental officials and foreign end-users of environmental technologies that will outline U.S. approaches to a series of environmental problems and highlight participating U.S. vendors of relevant U.S. technologies. The Toolkit will support the President's National Export Initiative by fostering export opportunities for the U.S. environmental industry, as well as advancing global environmental protection.

**DATES:** U.S. companies capable of exporting goods or services relevant to the environmental issue outlined above that are interested in participating in the U.S. Environmental Solutions Toolkit should self-identify by December 31, 2012, at 5:00 p.m. Eastern Daylight Time (EDT).

**ADDRESSES:** Please indicate interest in participating in the U.S. Environmental Solutions Toolkit by post, email, or fax to the attention of Todd DeLelle, Office of Energy & Environmental Industries, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Ave. NW., Room 4053, Washington, DC 20230; 202-482-4877; email [envirotech@trade.gov](mailto:envirotech@trade.gov); fax 202-482-5665.

**SUPPLEMENTARY INFORMATION:** The development of the *U.S. Environmental Solutions Toolkit* requires the identification of U.S. vendors capable of supplying relevant goods and services to foreign buyers. United States exporters interested in being listed on the Toolkit Web site are encouraged to submit their company's name, Web site address, contact information, and oil and natural gas air emissions reduction solution categories of interest from the following list: (a) Glycol dehydrators; (b) absorption towers; (c) flash tanks.

For purposes of participation in the Toolkit, "United States exporter" has the meaning found in 15 U.S.C. 4721(j), which provides: "United States exporter means (A) a United States citizen; (B) a corporation, partnership, or other association created under the laws of the United States or of any State; or (C) a foreign corporation, partnership, or other association, more than 95 percent of which is owned by persons described in subparagraphs (A) and (B), that exports, or seeks to export, goods or

services produced in the United States \* \* \*.”

An expression of interest in being listed on the Toolkit Web site in response to this notice will serve as a certification that the company is a United States exporter, as defined by 15 U.S.C. § 4721(j), and seeks to export environmental solutions that fall within the category or categories indicated in your response. Responding to this notification constitutes consent to participate in the Toolkit and to the public sharing of the company name. It also constitutes consent to the inclusion of the name of the company on the Toolkit Web site. The company name will be listed along with a link to the company-specific Web site you indicate in your response to this notice. No additional company information will be posted.

The U.S. Environmental Solutions Toolkit will refer users in foreign markets to U.S. approaches to solving environmental problems and to U.S. companies that can export related technologies. The Toolkit Web site will note that its contents and links do not constitute an official endorsement or approval by the U.S. Commerce Department or the U.S. Government of any of the companies, Web sites, products, or services listed.

**FOR FURTHER INFORMATION CONTACT:** Mr. Todd DeLelle, Office of Energy & Environmental Industries (OEEI), International Trade Administration, Room 4053, 1401 Constitution Avenue NW., Washington, DC 20230. (Phone: 202-482-4877; Fax: 202-482-5665; email: [todd.delelle@trade.gov](mailto:todd.delelle@trade.gov)).

### International Trade Administration

#### U.S. Environmental Solutions Toolkit

**AGENCY:** International Trade Administration, DOC.

**ACTION:** Notice and request for comment.

**SUMMARY:** This notice sets forth a request for input from U.S. businesses capable of exporting their goods or services relevant to emissions control from non-road diesel engines. These engines are utilized by machines that perform a wide range of functions, including excavators and other construction equipment; farm tractors and other agricultural equipment; heavy

forklifts; airport ground service equipment; and utility equipment such as generators, pumps, and compressors. The Department of Commerce continues to develop the web-based *U.S. Environmental Solutions Toolkit* to be used by foreign environmental officials and foreign end-users of environmental technologies that will outline U.S. approaches to a series of environmental problems and highlight participating U.S. vendors of relevant U.S. technologies. The Toolkit will support the President's National Export Initiative by fostering export opportunities for the U.S. environmental industry, as well as advancing global environmental protection.

**DATES:** U.S. companies capable of exporting goods or services relevant to the environmental issue outlined above that are interested in participating in the U.S. Environmental Solutions Toolkit should self-identify by December 31, 2012, at 5:00 p.m. Eastern Daylight Time (EDT).

**ADDRESSES:** Please indicate interest in participating in the U.S. Environmental Solutions Toolkit by post, email, or fax to the attention of Todd DeLelle, Office of Energy & Environmental Industries, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Ave. NW., Room 4053, Washington, DC 20230; 202-482-4877; email [envirotech@trade.gov](mailto:envirotech@trade.gov); fax 202-482-5665.

**SUPPLEMENTARY INFORMATION:** The development of the *U.S. Environmental Solutions Toolkit* requires the identification of U.S. vendors capable of supplying relevant goods and services to foreign buyers. United States exporters interested in being listed on the Toolkit Web site are encouraged to submit their company's name, Web site address, contact information, and non-road diesel engine emissions reduction solution categories of interest from the following list: (a) Diesel oxidation catalysts; (b) diesel particulate filters.

For purposes of participation in the Toolkit, "United States exporter" has the meaning found in 15 U.S.C. 4721(j), which provides: "United States exporter means (A) a United States citizen; (B) a corporation, partnership, or other association created under the laws of the United States or of any State; or (C) a foreign corporation, partnership, or other association, more than 95 percent of which is owned by persons described in subparagraphs (A) and (B), that exports, or seeks to export, goods or services produced in the United States \* \* \*."

An expression of interest in being listed on the Toolkit Web site in response to this notice will serve as a certification that the company is a United States exporter, as defined by 15 U.S.C. § 4721(j), and seeks to export environmental solutions that fall within the category or categories indicated in your response. Responding to this notification constitutes consent to participate in the Toolkit and to the public sharing of the company name. It also constitutes consent to the inclusion of the name of the company on the Toolkit Web site. The company name will be listed along with a link to the company-specific Web site you indicate in your response to this notice. No additional company information will be posted.

The U.S. Environmental Solutions Toolkit will refer users in foreign markets to U.S. approaches to solving environmental problems and to U.S. companies that can export related technologies. The Toolkit Web site will note that its contents and links do not constitute an official endorsement or approval by the U.S. Commerce Department or the U.S. Government of any of the companies, Web sites, products, or services listed.
