II. Introduction

This notice satisfies the Privacy Act requirement that an agency publish a system of records notice in the **Federal Register** when there is an addition or change to the agency's systems of records. Congress has recognized that application of all requirements of the Privacy Act to certain categories of records may have an undesirable and often unacceptable effect upon agencies in the conduct of necessary public business. Consequently, Congress established general exemptions and specific exemptions that could be used to exempt records from provisions of the Privacy Act. Congress also required that exempting records from provisions of the Privacy Act would require the head of an agency to publish a determination to exempt a record from the Privacy Act as a rule in accordance with the Administrative Procedure Act. The Acting Director of FHFA has determined that records and information in this system of records are not exempt from the requirements of the Privacy Act.

As required by the Privacy Act, 5 U.S.C. 552a(r), and pursuant to paragraph 4c of Appendix I to OMB Circular No. A-130, "Federal Agency Responsibilities for Maintaining Records About Individuals," dated February 8, 1996 (61 FR 6427, 6435 February 20, 1996), FHFA has submitted a report describing the one system of records covered by this notice to the Committee on Oversight and Government Reform of the House of Representatives, the Committee on Homeland Security and Governmental Affairs of the Senate, and the Office of Management and Budget.

III. Proposed System of Records

The new proposed system, "National Mortgage Database" (FHFA-21), will contain records related to loan-level information on first lien single-family mortgages.

The proposed system of records notice is set out in its entirety and described in detail below.
