DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

[Document Identifier: CMS–10458]

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, HHS.

In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Centers for Medicare & Medicaid Services (CMS) is publishing the following summary of proposed collections for public comment. Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency’s functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

1. *Type of Information Collection Request:* New collection (request for a new OMB control number). *Title of Information Collection:* Consumer Research Supporting Outreach for Health Insurance Marketplace. *Use:* The Centers for Medicare and Medicaid Services is requesting clearance for two surveys to aid in understanding levels of awareness and customer service needs associated with the Health Insurance Marketplace established by the

Affordable Care Act. Because the Marketplace will provide coverage to the almost 50 million uninsured in the United States through individual and small employer programs, we have developed one survey to be administered to individual consumers most likely to use the Marketplace and another to be administered to small employers most likely to use the Small Business Health Options portion of the Marketplace. These brief surveys, designed to be conducted quarterly, will give CMS the ability to obtain a rough indication of the types of outreach and marketing that will be needed to enhance awareness of and knowledge about the Marketplace for individual and business customers. CMS’ biggest customer service need is likely to be providing sufficient education so consumers: (a) can take advantage of the Marketplace and (b) know how to access CMS’ customer service channels. The surveys will provide information on media use, concept awareness, and conceptual or content areas where education for customer service delivery can be improved. Awareness and knowledge gaps are likely to change over time based not only on effectiveness of CMS’ marketing efforts, but also of those of state, local, private sector, and nongovernmental organizations. *Form Number:* CMS–10458 (OCN: 0938-New). *Frequency:* Quarterly. *Affected Public:* Individuals or households, Private Sector (business or other for-profits). *Number of Respondents:* 40,200. *Total Annual Responses:* 40,200. *Total Annual Hours:* 2,480. (For policy questions regarding this collection contact *Clarese Astrin* at 410–786–5424. For all other issues call 410–786–1326.)
