- Specify when you believe the records would have been created; and
- Provide any other information that will help the FOIA staff determine which DHS component agency may have responsive records; and

If your request is seeking records pertaining to another living individual, you must include a statement from that individual certifying his/her agreement for you to access his/her records.

Without the above information, the component(s) may not be able to conduct an effective search, and your request may be denied due to lack of specificity or lack of compliance with applicable regulations.

RECORD ACCESS PROCEDURES:

See "Notification procedure" above.

CONTESTING RECORD PROCEDURES:

See "Notification procedure" above.

RECORD SOURCE CATEGORIES:

Records in GES are obtained from the individual and from external law enforcement systems. The main database checked during the vetting process, before individuals will be enrolled in any trusted traveler program, is TECS, which contains historical and enforcement data on travelers, and provides a gateway to other sources of data. These other sources include the Terrorist Screening Database, FBI criminal history, and National Crime and Information Center outstanding wants/warrants, vehicle and driver's license-related data contained in the International Justice and Public Safety Network's Nlets system, and Department of State alien records, lookouts, and status indicators. Vetting results are also based on checks of the FBI's Integrated Automated Fingerprint Identification System for criminal history and IDENT for immigration related records. Trusted traveler applicants from partnering foreign countries will have membership determinations in GES from their home country's government.

EXEMPTIONS CLAIMED FOR THE SYSTEM:

The Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(j)(2) has exempted the law enforcement related records, including the pointer information to other law enforcement databases that support the DHS/CBP membership decision, and the law enforcement risk assessment worksheet that have been created during the background check and vetting process, from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3) and (4); (d); (e)(1), (e)(2), (e)(3), (e)(4)(G), (e)(4)(H), (e)(4)(I), (e)(5) and (e)(8); (f);

and (g)(1). Additionally, the Secretary of Homeland Security, pursuant to 5 U.S.C. 552a(k)(2), has exempted records created during the background check and vetting process from the following provisions of the Privacy Act: 5 U.S.C. 552a(c)(3); (d); (e)(1), (e)(4)(G), (e)(4)(H),(e)(4)(I); and (f). In addition, when a record contains information from other exempt systems of records, DHS/CBP will claim the same exemptions for that record as are claimed for the original systems of records, and will claim any additional exemptions that this notice delineates.

CBP will not assert any exemptions with regard to accessing or amending an individual's application data in a trusted or registered traveler program and/or final membership determination in the trusted traveler programs. However, this data may be shared with law enforcement and/or intelligence agencies pursuant to the routine uses identified in the GES SORN. The Privacy Act requires DHS maintain an accounting of such disclosures made pursuant to all routine uses. Disclosing the fact that a law enforcement and/or intelligence agency has sought particular records may affect ongoing law enforcement activity. As such, pursuant to 5 U.S.C. 552a (j)(2) and (k)(2), DHS will claim an exemption from (c)(3), (e)(8), and (g)(1) of the Privacy Act, as is necessary and appropriate to protect this information.

Dated: December 31, 2012.

Jonathan R. Cantor,

Acting Chief Privacy Officer, Department of Homeland Security.

Migratory Bird Hunting; Service Regulations Committee Meeting

AGENCY: Fish and Wildlife Service,

Interior.

ACTION: Notice of meeting.

SUMMARY: The Fish and Wildlife Service (hereinafter Service) will conduct an open meeting on February 6, 2013, to identify and discuss preliminary issues concerning the 2013–14 migratory bird hunting regulations.

DATES: The meeting will be held

February 6, 2013.

ADDRESSES: The Service Regulations Committee meeting will be available to

the public in conference room 2073 at 4501 N. Fairfax Street, Arlington, VA.

FOR FURTHER INFORMATION CONTACT:

Chief, Division of Migratory Bird Management, U.S. Fish and Wildlife Service, Department of the Interior, ms-4107–ARLSQ, 1849 C Street NW., Washington, DC 20240; (703) 358–1714.

Washington, DC 20240; (703) 358-1714. SUPPLEMENTARY INFORMATION: Under the authority of the Migratory Bird Treaty Act (16 U.S.C. 703-712), the Service regulates the hunting of migratory game birds. We update the migratory game bird hunting regulations, located at 50 CFR part 20, annually. Through these regulations, we establish the frameworks, or outside limits, for season lengths, bag limits, and areas for migratory game bird hunting. To help us in this process, we have administratively divided the nation into four Flyways (Atlantic, Mississippi, Central, and Pacific), each of which has a Flyway Council. Representatives from the Service, the Service's Migratory Bird Regulations Committee, and Flyway Council Consultants will meet on February 6, 2013, at 11:00 a.m. to identify preliminary issues concerning the 2013–14 migratory bird hunting regulations for discussion and review by the Flyway Councils at their March meetings.

In accordance with Department of the Interior (hereinafter Department) policy regarding meetings of the Service Regulations Committee attended by any person outside the Department, these meetings are open to public observation.

Dated: January 3, 2013.

Michael J. Johnson,

Acting Assistant Director, Migratory Birds, U.S. Fish and Wildlife Service.

Bureau of Land Management

[LLMTB07900 09 L10100000 PH0000 LXAMANMS0000]

Notice of Public Meeting; Western Montana Resource Advisory Council

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Public Meeting.

SUMMARY: In accordance with the Federal Land Policy and Management Act and the Federal Advisory Committee Act of 1972, the U.S. Department of the Interior, Bureau of Land Management (BLM) Western

Montana Resource Advisory Council (RAC) will meet as indicated below.

DATES: The meeting will be held February 20, 2013. The meeting will begin at 9 a.m. with a 30-minute public comment period starting at 11:30 a.m. and will adjourn at 3 p.m.

ADDRESSES: The meeting will be in the BLM's Butte Field Office, 106 N. Parkmont, in Butte, Montana.

SUPPLEMENTARY INFORMATION: This 15-member council advises the Secretary of the Interior on a variety of management issues associated with public land management in Montana. During this meeting the council will participate in/discuss/act upon several topics, including a discussion of proposed fees for the historic Henneberry Homestead near Dillon, and updates from the BLM's Butte, Missoula and Dillon field offices.

All RAC meetings are open to the public. The public may present written comments to the RAC. Each formal RAC meeting will also have time allocated for hearing public comments. Depending on the number of persons wishing to comment and time available, the time for individual oral comments may be limited.

FOR FURTHER INFORMATON CONTACT:

David Abrams, Western Montana Resource Advisory Council Coordinator, Butte Field Office, 106 North Parkmont, Butte, MT 59701, 406–533–7617, dabrams@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

Richard M. Hotaling,

District Manager, Western Montana District. [FR Doc. 2013–00829 Filed 1–15–13; 8:45 am]

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management [OMB Number 1010–0181]

Information Collection: Southern Alaska Sharing Network and Subsistence Study; Submitted for OMB Review; Comment Request

ACTION: 30-day notice.

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), the Bureau of Ocean Energy

Management (BOEM) is notifying the public that we have submitted an information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval. The ICR pertains to conducting a survey on subsistence and sharing networks in coastal Alaska. This notice provides the public a second opportunity to comment on the paperwork burden of this collection.

DATES: Submit written comments by February 15, 2013.

ADDRESSES: Submit comments on this ICR to the Desk Officer for the Department of the Interior at OMB—OIRA at (202) 395–5806 (fax) or OIRA_submission@omb.eop.gov (email). Please provide a copy of your comments to the BOEM Information Collection Clearance Officer, Arlene Bajusz, Bureau of Ocean Energy Management, 381 Elden Street, HM—3127, Herndon, Virginia 20170 (mail) or arlene.bajusz@boem.gov (email). Please reference ICR 1010—0181 in your comment and include your name and return address.

FOR FURTHER INFORMATION CONTACT:

Arlene Bajusz, Office of Policy, Regulations, and Analysis at arlene.bajusz@boem.gov (email) or (703) 787–1025 (phone). You may review the ICR online at http://www.reginfo.gov. Follow the instructions to review Department of the Interior collections under review by OMB.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 1010–0181. Title: Southern Alaska Sharing Network and Subsistence Study.

Abstract: The Bureau of Ocean Energy Management (BOEM), under the Department of the Interior (DOI), is the Federal administrative agency that conducts OCS lease sales and monitors and mitigates adverse impacts that might be associated with offshore resource development. Within BOEM, the Environmental Studies Program implements and manages the responsibilities of research. This study will facilitate the meeting of DOI/BOEM information needs on subsistence food harvest and sharing activities in various coastal Alaska areas.

Planning areas for potential resource development in Alaska can include large geographic areas with diverse, abundant, and environmentally sensitive resources. Within these areas, the DOI's Proposed OCS Oil and Gas Leasing Program considers that there will be an oil and gas lease sale in the future. These proposed sale areas or adjacent areas support major productive commercial and subsistence fisheries; provide habitat to numerous marine

mammals and land animals, as well as plant harvesting; and are a significant migration and staging area for internationally important waterfowl. Numerous communities in the State of Alaska rely heavily on subsistence fisheries.

This study assesses the vulnerabilities of several coastal communities in southern Alaska as to the potential effects of offshore oil and gas development on subsistence food harvest and sharing activities. It investigates the resilience of local sharing networks that structure contemporary subsistence-cash economies using research methods that involve the residents of these communities most proximate to the future sale area(s).

The BOEM will use the information collected to gain knowledge about local social systems that will help shape development leasing strategies and serve as an interim baseline for impact monitoring to compare against future research in these areas. Without this data, BOEM will not have sufficient information to make informed leasing and development decisions for these areas.

Survey Instrument: The research will be collected from a survey administered to each head of household in the communities to collect information about the subsistence (harvest data) and sharing networks of the communities. The information under this collection will be obtained through personal interviews that are voluntary.

Interview Methods: The interviews for each study will be conducted in person in a setting most comfortable for the respondents. This personal method is more expensive and time consuming for the researchers, but these drawbacks are outweighed by improvements in the quality of information obtained and the rapport established. Telephone interviews have not been successful in rural Alaska. Each respondent will be paid an honorarium for taking part in the study. Responses are voluntary and confidential.

Frequency: One-time event for each study.

Description of Respondents: Approximately 548 respondents from southern Alaska coastal communities.

Estimated Reporting and Recordkeeping Hour Burden: The estimated annual hour burden for this collection is 411 hours. We estimate each survey will take about 45 minutes.

Estimated Reporting and Recordkeeping Non-Hour Cost Burden: We have identified no non-hour cost burdens for this collection.
