Surface Transportation Board

Information Collection Activities

AGENCY: Surface Transportation Board, DOT.

ACTION: Notice and request for comments.

SUMMARY: The Surface Transportation Board (Board), as part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995, 44 U.S.C. 3501-3519 (PRA), gives notice that the Board will seek from the Office of Management and Budget (OMB) an extension of approval for the currently approved collection, system diagram maps, described below. The Board is seeking comments regarding this collection concerning (1) Whether the collection is necessary for the proper performance of the functions of the Board, including whether the collection has practical utility; (2) the accuracy of the Board's burden

estimates; (3) ways to enhance the quality, utility, and clarity of the information collected; and (4) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology when appropriate. Comments will be summarized and included in the Board's request for OMB approval.

Description of Collection

Title: System Diagram Maps (or, in the case of Class III carriers, the alternative narrative description of rail system).

OMB Control Number: 2140-0003.

Form Number: None.

Type of Review: Extension without change.

Respondents: Common carrier freight railroads that are either new or reporting changes in the status of one or more of their rail lines.

Number of Respondents: 3.

Estimated Time per Response: 7.1 hours, based on average time reported in informal survey of respondents.

Frequency of Response: 1.

Total Annual Burden Hours: 21 hours.

Total Annual "Non-Hour Burden" Cost: None have been identified.

Needs and Uses: Under 49 CFR 1152.10-1152.13, all railroads subject to the Board's jurisdiction are required to keep current system diagram maps on file, or alternatively, in the case of a Class III carrier (a carrier with assets of not more than \$34,656,908 in 2011 dollars), to submit the same information in narrative form. The information sought in this collection identifies all lines in a particular railroad's system, categorized to indicate the likelihood that service on a particular line will be abandoned and/or whether service on a line is currently provided under the financial assistance provisions of 49 U.S.C. 10904. Carriers are obligated to amend these maps as the need to change the category of any particular line arises. The Board uses this information to facilitate informed decision making, and this information, which is available to the public from the carrier by request, 49 CFR 1152.12(c)(3), may serve as notice to the shipping public of the carrier's intent to abandon or retain a line.
