

IV. Public Participation—Submission of Comments on This Notice and Internet Access to Comments and Submissions

You may submit comments in response to this document as follows:

(1) Electronically at <http://www.regulations.gov>, which is the Federal eRulemaking Portal; (2) by facsimile (fax); or (3) by hard copy. All comments, attachments, and other material must identify the Agency name and the OSHA docket number for the ICR (Docket No. OSHA–2012–0026). You may supplement electronic submissions by uploading document files electronically. If you wish to mail additional materials in reference to an electronic or facsimile submission, you must submit them to the OSHA Docket Office (see the section of this notice titled **ADDRESSES**). The additional materials must clearly identify your electronic comments by your name, date, and the docket number so the Agency can attach them to your comments.

Because of security procedures, the use of regular mail may cause a significant delay in the receipt of comments. For information about security procedures concerning the delivery of materials by hand, express delivery, messenger or courier service, please contact the OSHA Docket Office at (202) 693–2350, (TTY) (877) 889–5627. Comments and submissions are posted without change at <http://www.regulations.gov>. Therefore, OSHA cautions commenters about submitting personal information such as social security numbers and dates of birth. Although all submissions are listed in the <http://www.regulations.gov> index, some information (e.g., copyrighted material) is not publicly available to read or download through this Web site. All submissions, including copyrighted material, are available for inspection and copying at the OSHA Docket Office. Information on using the <http://www.regulations.gov> Web site to submit comments and access the docket is available at the Web site's "User Tips" link. Contact the OSHA Docket Office for information about materials not available through the Web site, and for assistance in using the Internet to locate docket submissions.

V. Authority and Signature

David Michaels, Ph.D., MPH, Assistant Secretary of Labor for Occupational Safety and Health, directed the preparation of this notice. The authority for this notice is the Paperwork Reduction Act of 1995 (44

U.S.C. 3506 *et seq.*) and Secretary of Labor's Order No. 1–2012 (77 FR 3912).

David Michaels,

Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510–26–P

OFFICE OF NATIONAL DRUG CONTROL POLICY

Information Collection; Paperwork Reduction Act; 60-Day Notice

AGENCY: Office of National Drug Control Policy.

ACTION: 60-Day Notice of Information Collection; Public Comment.

Pursuant to the Paperwork Reduction Act and in accordance with 5 CFR 1320.10, the Office of National Drug Control Policy (ONDCP), Executive Office of the President, submits the following information collection request for review and approval by the Office of Management and Budget.

Overview of the information collection activity:

(1) *Type of Information Collection:* New Collection.

(2) *Title of the Form/Collection:* Arrestee Drug Abuse Monitoring (ADAM II) Program Questionnaire.

(3) ONDCP Form Number 3201–0016. Office of National Drug Control Policy.

(4) *Affected public:* A probability based sample of persons arrested in selected booking facilities in five U.S. counties. Data is collected during a 3-week period in each county. The total effort will be conducted within three months.

Abstract: The ADAM II survey will collect data concerning the personal drug use, drug and alcohol treatment, arrests, and drug market participation of the arrestee. Data will be collected from a sample of 350 arrestees in each of the five counties. Data collected include a personal interview and urine specimen taken within 48 hours of arrest. Participation is voluntary and confidential.

Key study goals are to:

(1) Provide data on drug use in particular areas of the county that is directly comparable to data collected from 2000–20003 in ADAM;

(2) Obtain consistent data collection points to support statistical trend analysis for the use of heroin, cocaine, crack, marijuana and methamphetamine;

(3) Provide data used to support the Office of National Drug Control Policy's efforts to estimate chronic drug use and examine market behavior;

(4) Estimate of the total number of respondents and the average respondent burden: The estimated number of respondents is 1750, 350 per data collection cycle in five sites. Based on the prior ADAM data collection information and estimates of any instrument changes, it is estimated that the survey will take an average of approximately 26 minutes to complete.

Estimate of the total public burden (in hours) associated with this collection: An estimated 765 hours of public burden is associated with this collection.

Written comments and suggestions from the public and affected agencies concerning proposed collection of information are encouraged. Your comments should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; or

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

You may submit comments to, or request additional information from, Fe Caces, Office of National Drug Control Policy, Washington, DC 20503 or by email to MCaces@ONDCP.EOP.GOV.

Submitted January 11, 2013.

Daniel R. Petersen,

Deputy General Counsel.

BILLING CODE 3180–02–P

NATIONAL SCIENCE FOUNDATION

Notice of Permit Applications Received; Under the Antarctic Conservation Act of 1978 (Pub. L. 95–541)

AGENCY: National Science Foundation.

ACTION: Notice of Permit Applications Received under the Antarctic Conservation Act of 1978, Public Law 95–541.

SUMMARY: The National Science Foundation (NSF) is required to publish a notice of permit applications received to conduct activities regulated under the Antarctic Conservation Act of 1978.

NSF has published regulations under the Antarctic Conservation Act at Title 45 Part 670 of the Code of Federal Regulations. This is the required notice of permit applications received.

DATES: Interested parties are invited to submit written data, comments, or views with respect to this permit application by February 19, 2013. This application may be inspected by interested parties at the Permit Office, address below.

ADDRESSES: Comments should be addressed to Permit Office, Room 755, Office of Polar Programs, National Science Foundation, 4201 Wilson Boulevard, Arlington, Virginia 22230.

FOR FURTHER INFORMATION CONTACT: Polly A. Penhale at the above address or (703) 292-7420.

SUPPLEMENTARY INFORMATION: The National Science Foundation, as directed by the Antarctic Conservation Act of 1978 (Pub. L. 95-541), as amended by the Antarctic Science, Tourism and Conservation Act of 1996, has developed regulations for the establishment of a permit system for various activities in Antarctica and designation of certain animals and certain geographic areas requiring special protection. The regulations establish such a permit system to designate Antarctic Specially Protected Areas.

The applications received are as follows:

1. *Applicant:*

Permit Application: 2013-026.

Matthew C. Lamanna, Assistant Curator, Section of Vertebrate Paleontology, Carnegie Museum of Natural History, 4400 Forbes Avenue, Pittsburgh, PA 15213-4080.

Activity for Which Permit Is Requested

Enter Antarctic Specially Protected Areas. The applicant intends to enter Fildes Peninsula (ASPA 125) and Byers Peninsula (ASPA 126) to conduct paleontological and geological fieldwork. The will explore for, discover, and collect vertebrate fossils (primarily those of fishes, marine reptiles, non-avian dinosaurs, birds and mammals) in deposits of Cretaceous through Paleogene age on islands in the vicinity of the Antarctic Peninsula. Depending on the specific discoveries made, significant new light may be shed on the evolution, faunal dynamics, and/or paleobiogeography of such important

vertebrate groups as non-avian dinosaurs, crown clad birds, and therian mammals in the critical interval that brackets the Cretaceous-Paleogene boundary.

Location

Antarctic Peninsula including Fildes Peninsula (ASPA 125) and Byers Peninsula (ASPA 126).

Dates

February 11, 2013 to March 31, 2014.

2. *Applicant:*

Permit Application: 2013-027

Paul Koch, Department of Earth and Planetary Sciences, University of California Santa Cruz, Santa Cruz, CA 95064.

Activity for Which Permit Is Requested

Import into the United States. The applicant's project is designed to understand the interactions between marine mammal species, particularly seals, and changing climate and environmental conditions over the Holocene. The applicant will sample large numbers of seal remains dating back to about 7000 years ago to reconstruct population dynamics and seal ecology, and reconstruct oceanographic conditions. The analyses include radiocarbon dating, stable isotopic measurements, and ancient DNA determinations. The collected samples will be imported into the United States for further analyses at the University of California Santa Cruz.

Location

The McMurdo Dry Valleys, Royal Society Range region and adjacent coastal areas.

Dates

February 11, 2013 to February 10, 2014.

Nadene G. Kennedy,

Permit Officer, Office of Polar Programs.

BILLING CODE 7555-01-P

NUCLEAR REGULATORY COMMISSION

[Project No. 753; NRC-2013-0007]

Proposed Models for Plant-Specific Adoption of Technical Specifications Task Force Traveler TSTF-426, Revision 5, "Revise or Add Actions To Preclude Entry into LCO 3.0.3—RITSTF Initiatives 6B & 6C"

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of opportunity for public comment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is requesting public comment on the proposed model safety evaluation (SE) for plant-specific adoption of Technical Specifications (TS) Task Force (TSTF) Traveler TSTF-426, Revision 5, "Revise or Add Actions to Preclude Entry into [Limiting Condition for Operation] LCO 3.0.3—RITSTF Initiatives 6B & 6C."

The proposed change revises the Standard Technical Specification (STS), NUREG-1432, "Standard Technical Specifications Combustion Engineering Plants." Specifically, the proposed change revises various TSs to add a Condition for loss of redundant features representing a loss of safety function for a system or component included within the scope of the plant TSs. It would replace Required Actions requiring either a default shutdown or explicit LCO 3.0.3 entry with a Required Action based on the risk significance for the system's degraded condition.

DATES: Comment period expires on February 19, 2013. Comments received after this date will be considered, if it is practical to do so, but the Commission is able to ensure consideration only for comments received on or before this date.

ADDRESSES: You may access information and comment submissions related to this document, which the NRC possesses and are publically available, by searching on <http://www.regulations.gov> under Docket ID NRC-2013-0007. You may submit comments by any of the following methods:

- *Federal Rulemaking Web site:* Go to <http://www.regulations.gov> and search for Docket ID NRC-2013-0007. Address questions about NRC dockets to Carol Gallagher; telephone: 301-492-3668; email: Carol.Gallagher@nrc.gov.

- *Mail comments to:* Cindy Bladey, Chief, Rules, Announcements, and Directives Branch (RADB), Office of Administration, Mail Stop: TWB-05-B01M, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001.

- *Fax comments to:* RADB at 301-492-3446.

For additional direction on accessing information and submitting comments, see "Accessing Information and Submitting Comments" in the **SUPPLEMENTARY INFORMATION** section of this document.

FOR FURTHER INFORMATION CONTACT: Mrs. Michelle C. Honcharik, Senior Project Manager, Office of Nuclear Reactor
