**SUPPLEMENTARY INFORMATION:** On  
October 30, 2012, notice was published  
in the *Federal Register* (77 FR 65673)  
that a request for an enhancement  
permit to take shortnose sturgeon had  
been submitted by the above-named  
organization. The requested permit has  
been issued under the authority of the  
Endangered Species Act of 1973, as  
amended (ESA; 16 U.S.C. 1531 *et seq.*)  
and the regulations governing the  
taking, importing, and exporting of  
endangered and threatened species (50  
CFR parts 222-226).

The Riverbanks Zoo and Garden has  
been issued a permit to continue  
enhancement activities previously  
authorized under Permit No. 1589.  
Activities include the care and  
maintenance of two captive-bred, non-  
releasable shortnose sturgeon. The  
display is used to increase public  
awareness of the shortnose sturgeon and  
its status by educating the public on  
shortnose sturgeon life history and the  
reasons for the species decline. The  
project to display endangered cultured  
shortnose sturgeon responds directly to  
a recommendation from the NMFS  
recovery plan outline for this species.  
The permit does not authorize any takes  
from the wild, nor does it authorize any  
release of captive sturgeon into the wild.  
The permit is valid for five years.

Issuance of this permit, as required by  
the ESA, was based on a finding that  
such permit (1) was applied for in good  
faith, (2) will not operate to the  
disadvantage of such endangered or  
threatened species, and (3) is consistent  
with the purposes and policies set forth  
in section 2 of the ESA.

Dated: January 23, 2013.

proposed generic information collection  
will provide the OCO a means to gather

feedback in an efficient, timely manner  
to facilitate service delivery.

**DATES:** Comments must be submitted on

Outreach, Commodity Futures Trading  
Commission, 1155 21st Street NW.,  
Washington, DC 20581, (202) 418-5895;  
FAX: (202) 418-5541; email:

*Federal Register* notice.

**SUPPLEMENTARY INFORMATION:**

*Title:* Generic Clearance for Collection  
of Qualitative Feedback on Agency  
Service Delivery.

*Abstract:* In accordance with section  
748 of the Dodd-Frank Act, the OCO  
anticipates undertaking a variety of  
service delivery-focused activities over  
the next few years which include  
consumer outreach and information-  
sharing with stakeholders that are  
responsive to stakeholders’ needs and  
sensitive to changes in the consumer  
market. The proposed information  
collection activity will use similar  
methods for information collection or  
otherwise share common elements, and  
provide a means to gather qualitative  
customer and stakeholder feedback in  
an efficient, timely manner. By  
qualitative feedback we mean  
information that provides useful  
information on perceptions and  
opinions. The solicitation of  
information on delivery of consumer  
services will address such areas as  
appropriate messages, effective message  
delivery methods, and current consumer  
beliefs, psychographics and social  
norms that will assist the agency in  
developing an outreach and  
communications campaign designed to  
change consumer behavior. Since these  
systems will use similar methods for  
information collection or otherwise  
share common elements, the OCO is  
proposing a generic clearance for this  
process which will allow the OCO to  
implement these systems and meet the  
obligations of the PRA without the  
delays of the normal clearance process.  
Collection methods may include focus

<sup>1</sup> 17 CFR 145.9.

groups and surveys as well as other relevant collection methods that meet the conditions appropriate for a generic clearance as outlined below. The OCO will only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are non-controversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;
- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;
- Information gathered is intended to be used only internally for general service improvement and program management purposes and is not intended for release outside of the Commission (if released, the Commission must indicate the qualitative nature of the information);
- Information gathered will not be used for the purpose of substantially informing influential policy decisions; and

- Information gathered will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

*Type of Review:* Generic Clearance Request.

*Affected Public:* Individuals and Households, Businesses and Organization, State, Local or Tribal governments.

*Respondent's Obligation:* Voluntary.

*Estimated Number of Respondents:* A preliminary estimate of aggregate burden for this generic clearance follows. Since the statutory mandate behind the OCO's consumer outreach is new, the estimate of the number of respondents is a projection and could change significantly based on the collection method ultimately used in the research.

*Estimated number of Respondents/Affected Entities:* 240.

*Estimated average number of responses:* 10 per year.

*Estimated total average annual burden on respondents:* 2,400 responses.

*Frequency of collection:* once per request.

*Average minutes per response:* 120.

*Estimated total annual burden hours requested:* 4800 hours.

#### Request for Comments

The Commission invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.
