

**SUPPLEMENTARY INFORMATION:** The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

*Title of Collection:* Evaluation of State Expanded Learning Time.

*OMB Control Number:* 1850-New.

*Type of Review:* New information collection.

*Respondents/Affected Public:* State, Local, or Tribal Governments.

*Total Estimated Number of Annual Responses:* 20.

*Total Estimated Number of Annual Burden Hours:* 7.

*Abstract:* This package requests approval to conduct semi-structured interviews with 21st Century Community Learning Centers (21st CCLC) state coordinators in states which received the optional Elementary and Secondary Education Act (ESEA) waiver to use 21st CCLC funds for expanded learning time (ELT). The interviews will be used to produce a descriptive report, which will summarize how states plan to use 21st CCLC funds to support ELT, the process for awarding 21st CCLC funds to support ELT, and how states will monitor subgrantees' ELT implementation.

Dated: January 22, 2013.

**Stephanie Valentine,**

*Acting Director, Information Collection Clearance Division, Privacy, Information and Records Management Services, Office of Management.*

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. EL13-41-000]

#### Occidental Chemical Corporation v. Midwest Independent Transmission System Operator, Inc.; Notice of Complaint and Petition for Declaratory Order

Take notice that on January 17, 2013, pursuant to section 206 and 306 of the Federal Power Act (FPA), 16 U.S.C. 824e, and 825e (2012) and Rules 206 and 207(a)(2) of the Rules of Practice and Procedure of the Federal Energy Regulatory Commission (FERC or Commission); 18 CFR 385.206 and 18 CFR 385.207(a)(2) (2012), Occidental Chemical Corporation (Complainant) filed (1) a formal complaint against Midwest Independent Transmission System Operator, Inc. (Respondent or MISO), alleging that the MISO QF Integration Plan is unlawful, in violation of FPA sections 205 and 206, as well as, violates the Public Utility Regulatory Policies Act of 1978 (PURPA) and the Commission's implementing regulations and (2) a petition for declaratory order requesting that the Commission direct MISO to permit qualifying facilities (QFs) to register for and participate in its markets without forgoing their statutory rights under PURPA and FERC's implementing regulations and find that the MISO QF Integration Plan is invalid and cannot be implemented by MISO pursuant to section 205 of the FPA.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondent's answer and all interventions, or protests must be filed on or before the comment date. The Respondent's answer, motions to

intervene, and protests must be served on the Complainants.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

*Comment Date:* 5:00 p.m. Eastern Time on February 14, 2013.

Dated: January 18, 2013.

**Kimberly D. Bose,**  
*Secretary.*

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. PF13-2-000]

#### Northern Natural Gas Company; Notice of Intent To Prepare an Environmental Assessment for the Planned West Leg 2014 Expansion Project, Request for Comments on Environmental Issues, and Notice of Onsite Environmental Review

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the planned West Leg 2014 Expansion Project (Project) involving construction and operation of facilities by Northern Natural Gas Company (Northern) in Dakota and Dodge Counties, Nebraska and Woodbury County, Iowa. The Commission will use this EA in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies on the project.

Your input will help the Commission staff determine what issues they need to evaluate in the EA. Please note that the scoping period will close on February 28, 2013. Further details on how to submit written comments are in the Public Participation section of this notice.

Environmental staff from the Commission's Office of Energy Projects will be in the Project area to attend Northern's open houses for the Project (February 4–6, 2013) and to conduct an onsite environmental review on February 6, 2013. FERC staff, accompanied by Northern representatives, will view the planned pipeline route from public access points (primarily road crossings), visit locations for aboveground facilities, and gather data for its environmental analysis of the planned project. Interested parties may attend and should plan to provide their own transportation. Those attending should meet Commission staff at the following location and time: Wednesday, February 6, 2013, at 9:00 a.m. CST, American Legion Hall, 901 Topaz Drive, Sergeant Bluff, Iowa 51054.

The site review will begin with project facilities in Iowa, and continue west into Nebraska. FERC staff expects the site review will take approximately two hours to complete.

This notice is being sent to the Commission's current environmental mailing list for this project. State and local government representatives should notify their constituents of this planned project and encourage them to comment on their areas of concern.

If you are a landowner receiving this notice, a pipeline company representative may contact you about the acquisition of an easement to construct, operate, and maintain the planned facilities. The company would seek to negotiate a mutually acceptable agreement. However, if the Commission approves the project, that approval conveys with it the right of eminent domain. Therefore, if easement negotiations fail to produce an agreement, the pipeline company could initiate condemnation proceedings where compensation would be determined in accordance with state law.

A fact sheet prepared by the FERC entitled "An Interstate Natural Gas Facility On My Land? What Do I Need To Know?" is available for viewing on the FERC Web site ([www.ferc.gov](http://www.ferc.gov)). This fact sheet addresses a number of typically-asked questions, including the use of eminent domain and how to participate in the Commission's proceedings.

### Summary of the Planned Project

Northern plans to construct the following facilities to meet customer requests for 90,430 dekatherms per day of natural gas:

- Approximately 6 miles of 20-inch-diameter pipeline, referred to as "New Greenfield Branch Line" from Dakota County, Nebraska to Woodbury County, Iowa;
- Two compressor stations, the Homer Compressor Station in Dakota County, Nebraska and the Fremont Compressor Station in Dodge County, Nebraska;
- A new metering station in Woodbury County, Iowa;
- A 0.4-mile tie-over between two pipelines and a valve site in Woodbury County, Iowa; and
- Minor modifications to existing facilities in Ellsworth, Ottawa and Otoe Counties, Kansas and Woodbury and Cherokee Counties, Iowa.

The general location of the Project facilities is shown in Appendix 1.<sup>1</sup>

### Land Requirements for Construction

Construction of the planned facilities would temporarily disturb about 215 acres of land for construction of the aboveground facilities and the pipeline. Following construction, Northern would maintain about 49 acres for permanent operation of the Project facilities. The remaining 166 acres disturbed by construction would be restored and revert to former uses.

### The EA Process

The National Environmental Policy Act (NEPA) requires the Commission to take into account the environmental impacts that could result from an action whenever it considers the issuance of a Certificate of Public Convenience and Necessity. NEPA also requires us<sup>2</sup> to discover and address concerns the public may have about proposals. This process is referred to as scoping. The main goal of the scoping process is to focus the analysis in the EA on the important environmental issues. By this notice, the Commission requests public comments on the scope of the issues to address in the EA. We will consider all

<sup>1</sup> The appendices referenced in this notice will not appear in the Federal Register. Copies of the appendices were sent to all those receiving this notice in the mail and are available at [www.ferc.gov](http://www.ferc.gov) using the link called "eLibrary" or from the Commission's Public Reference Room, 888 First Street NE., Washington, DC 20426, or call (202) 502-8371. For instructions on connecting to eLibrary, refer to the last page of this notice.

<sup>2</sup> "We," "us," and "our" refer to the environmental staff of the Commission's Office of Energy Projects.

filed comments during the preparation of the EA.

In the EA we will discuss impacts that could occur as a result of the construction and operation of the planned project under these general headings:

- Geology and soils;
- Land use;
- Water resources, fisheries, and wetlands;
- Cultural resources;
- Vegetation and wildlife;
- Air quality and noise;
- Endangered and threatened species;
- Public safety; and
- Cumulative impacts.

We will also evaluate possible alternatives to the planned project or portions of the project, and make recommendations on how to lessen or avoid impacts on the various resource areas.

Although no formal application has been filed, we have already initiated our NEPA review under the Commission's pre-filing process. The purpose of the pre-filing process is to encourage early involvement of interested stakeholders and to identify and resolve issues before the FERC receives an application. As part of our pre-filing review, we have begun to contact some federal and state agencies to discuss their involvement in the scoping process and the preparation of the EA.

The EA will present our independent analysis of the issues. The EA will be available in the public record through eLibrary. Depending on the comments received during the scoping process, we may also publish and distribute the EA to the public for an allotted comment period. We will consider all comments on the EA before we make our recommendations to the Commission. To ensure we have the opportunity to consider and address your comments, please carefully follow the instructions in the Public Participation section beginning on Page 5.

With this notice, we are asking agencies with jurisdiction by law and/or special expertise with respect to the environmental issues related to this project to formally cooperate with us in the preparation of the EA<sup>3</sup>. Agencies that would like to request cooperating agency status should follow the instructions for filing comments provided under the Public Participation section of this notice. Currently, the following agencies have expressed their

<sup>3</sup> The Council on Environmental Quality regulations addressing cooperating agency responsibilities are at Title 40, Code of Federal Regulations, § 1501.6.

intention to participate as a cooperating agency in the preparation of the EA:

- Nebraska Game and Parks Commission;
- Iowa Department of Agriculture and Land Stewardship;
- U.S. Army Corp of Engineers—Omaha District; and
- Natural Resource Conservation Service.

### Consultations Under Section 106 of the National Historic Preservation Act

In accordance with the Advisory Council on Historic Preservation's implementing regulations for section 106 of the National Historic Preservation Act, we are using this notice to initiate consultation with applicable State Historic Preservation Office(s), and to solicit their views and those of other government agencies, interested Indian tribes, and the public on the project's potential effects on historic properties.<sup>4</sup> We will define the project-specific Area of Potential Effects (APE) in consultation with the SHPO(s) as the project develops. On natural gas facility projects, the APE at a minimum encompasses all areas subject to ground disturbance (examples include construction right-of-way, contractor/pipe storage yards, compressor stations, and access roads). Our EA for this project will document our findings on the impacts on historic properties and summarize the status of consultations under section 106.

### Public Participation

You can make a difference by providing us with your specific comments or concerns about the Project. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. The more specific your comments, the more useful they will be. To ensure that your comments are timely and properly recorded, please send your comments so that the Commission receives them in Washington, DC on or before February 28, 2013.

For your convenience, there are three methods you can use to submit your comments to the Commission. In all instances, please reference the project docket number (PF13-2-000) with your submission. The Commission encourages electronic filing of comments and has expert staff available

to assist you at (202) 502-8258 or [efiling@ferc.gov](mailto:efiling@ferc.gov).

(1) You can file your comments electronically using the *eComment* feature located on the Commission's Web site ([www.ferc.gov](http://www.ferc.gov)) under the link to *Documents and Filings*. This is an easy method for interested persons to submit brief, text-only comments on a project;

(2) You can file your comments electronically using the *eFiling* feature located on the Commission's Web site ([www.ferc.gov](http://www.ferc.gov)) under the link to *Documents and Filings*. With *eFiling*, you can provide comments in a variety of formats by attaching them as a file with your submission. New *eFiling* users must first create an account by clicking on "*eRegister*." You must select the type of filing you are making. If you are filing a comment on a particular project, please select "Comment on a Filing"; or

(3) You can file a paper copy of your comments by mailing them to the following address:

Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Room 1A, Washington, DC 20426.

### Environmental Mailing List

The environmental mailing list includes federal, state, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American Tribes; other interested parties; and local libraries and newspapers. This list also includes all affected landowners (as defined in the Commission's regulations) who are potential right-of-way grantors, whose property may be used temporarily for project purposes, or who own homes within certain distances of aboveground facilities, and anyone who submits comments on the project. We will update the environmental mailing list as the analysis proceeds to ensure that we send the information related to this environmental review to all individuals, organizations, and government entities interested in and/or potentially affected by the planned project.

If we publish and distribute the EA, copies will be sent to the environmental mailing list for public review and comment. If you would prefer to receive a paper copy of the document instead of the CD version or would like to remove your name from the mailing list, please return the attached Information Request (Appendix 2).

### Becoming an Intervenor

Once Northern files its application with the Commission, you may want to

become an "intervenor" which is an official party to the Commission's proceeding. Intervenor play a more formal role in the process and are able to file briefs, appear at hearings, and be heard by the courts if they choose to appeal the Commission's final ruling. An intervenor formally participates in the proceeding by filing a request to intervene. Instructions for becoming an intervenor are located under the "For Citizens" link on the Commission's homepage, by clicking on "Get Involved". Please note that the Commission will not accept requests for intervenor status at this time. You must wait until the Commission receives a formal application for the project.

### Additional Information

Additional information about the project is available from the Commission's Office of External Affairs, at (866) 208-FERC, or on the FERC Web site ([www.ferc.gov](http://www.ferc.gov)) using the eLibrary link. Click on the eLibrary link, click on "General Search" and enter the docket number, excluding the last three digits in the Docket Number field (i.e., PF13-2). Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov) or toll free at (866) 208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings. Information about the onsite environmental review is posted on the Commission's calendar located at [www.ferc.gov/EventCalendar/EventsList.aspx](http://www.ferc.gov/EventCalendar/EventsList.aspx) along with other related information.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to [www.ferc.gov/esubscribenow.htm](http://www.ferc.gov/esubscribenow.htm).

Finally, Northern has posted additional information about the Project on a dedicated Web site at [www.northernnaturalgas.com/expansionprojects](http://www.northernnaturalgas.com/expansionprojects). From the drop-down menu, select "West Leg 2014". Northern may be contacted directly at 1-888-367-6671 or by email at [westleg2014expansion@nngco.com](mailto:westleg2014expansion@nngco.com).

<sup>4</sup> The Advisory Council on Historic Preservation regulations are at Title 36, Code of Federal Regulations, part 800. Those regulations define historic properties as any prehistoric or historic district, site, building, structure, or object included in or eligible for inclusion in the National Register of Historic Places.

Dated: January 18, 2013.

BILLING CODE 6717-01-P

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. Rm11-12-000]

#### Availability of e-Tag Information to Commission Staff; Notice Specifying webRegistry Code

In Order No. 771,<sup>1</sup> the Federal Energy Regulatory Commission amended its regulations to grant the Commission access, on a non-public and ongoing basis, to the complete electronic tags (e-Tags) used to schedule the transmission of electric power interchange transactions in wholesale markets. Order No. 771 requires e-Tag Authors (through their Agent Service) and Balancing Authorities (through their Authority Service), beginning March 15, 2013, to take appropriate steps to ensure Commission access to the e-Tags covered by this Final Rule by designating the Commission as an addressee on the e-Tags.

In Order No. 771, the Commission stated that, "following issuance of this Final Rule and the Commission's registration in the OATI webRegistry, the Commission will issue a notice specifying which entity code should be used to ensure that the Commission is an addressee on the e-Tag" (fn. 103). Although the Commission has not completed the registration process, the Commission intends to facilitate the continued development of compliance software and processes by issuing this notice to specify that "FERC" will be the likely entity and tag codes registered in the Purchasing-Seller Entity section of OATI webRegistry. This code should be used to designate the Commission as an addressee to comply with 18 CFR 366.2(d) of the Commissions regulations.

As stated in footnote 103 of the Final Rule, the Commission will issue a further notice at the completion of the registration process.

Dated: January 18, 2013.

**Kimberly D. Bose,**  
Secretary.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Project No. 7186-047]

#### Missisquoi Associates; Notice of Application for Amendment of License and Soliciting Comments, Motions to Intervene, and Protests

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. *Application Type:* Non-project use of project lands and waters.

b. *Project No:* 7186-047.

c. *Date Filed:* August 31, 2012, and supplemented December 19, 2012, and January 17, 2013.

d. *Applicant:* Missisquoi Associates.

e. *Name of Project:* Sheldon Springs Hydroelectric Project.

f. *Location:* Franklin County, Vermont.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791a-825f.

h. *Applicant Contact:* Kevin Webb, Hydro Licensing Manager, Missisquoi Associates, One Tech Drive, Suite 220, Andover, MA, 01810, (978) 681-1900 ext. 809.

i. *FERC Contact:* Mark Carter, (678) 245-3083, [mark.carter@ferc.gov](mailto:mark.carter@ferc.gov).

j. *Deadline for filing comments, motions to intervene, and protests:* February 4, 2013.

All documents may be filed electronically via the Internet. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or toll free at 1-866-208-3676, or for TTY, (202) 502-8659. Although the Commission strongly encourages electronic filing, documents may also be paper-filed. To paper-file, mail an original and seven copies to: Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426. Please include the project number (P-7186-047) on any comments or motions filed.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the

official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. *Description of Application:*

Missisquoi Associates requests Commission approval to allow its affiliate, EGP Solar 1, LLC, to construct and maintain a 2.2 megawatt solar photovoltaic system on approximately 12 acres of land within the project boundary of the Sheldon Springs project. The solar array would be constructed on both sides of Heather Lane (the project's access road), but public access through the site on Heather Lane would remain unobstructed. The majority of the area proposed to be used for the solar array is currently devoid of trees, although some grading and tree cutting is proposed.

l. *Locations of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street NE., Room 2A, Washington, DC 20426, or by calling (202) 502-8371. This filing may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field (P-7186) to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, call 1-866-208-3676 or email [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), for TTY, call (202) 502-8659. A copy is also available for inspection and reproduction at the address in item (h) above.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214, respectively. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received

<sup>1</sup> *Availability of E-Tag Information to Commission Staff*, 77 FR 76367 (Dec. 28, 2012), 141 FERC ¶ 61,235 (2012) (FR).
