Proposal To Extend, With Revision, Under OMB Delegated Authority, the Following Survey

Report title: Senior Credit Officer Opinion Survey on Dealer Financing Terms.

Agency form number: FR 2034.

OMB control number: 7100–0325.

Frequency: Up to six times a year.

Reporters: U.S. banking institutions and U.S. branches and agencies of foreign banks.

Estimated annual reporting hours: 450 hours.

Estimated average hours per response: 3 hours.

Number of respondents: 25.

General description of report: This information collection would be voluntary (12 U.S.C. 225a, 248(a)(2), 1844(c), and 3105(c)(2)) and would be given confidential treatment (5 U.S.C. 552(b)(4)).

Abstract: This voluntary survey collects qualitative and limited quantitative information from senior credit officers at responding financial institutions on (1) Stringency of credit terms, (2) credit availability and demand across the entire range of securities financing and over-the-counter derivatives transactions, and (3) the evolution of market conditions and conventions applicable to such activities up to six times a year. Given the Federal Reserve's interest in financial stability, the information this

survey collects is critical to the monitoring of credit markets and capital market activity. Aggregate survey results are made available to the public on the Federal Reserve Board Web site.¹ In addition, selected aggregate survey results may be published in *Federal Reserve Bulletin* articles and in the annual Monetary Policy Report to the Congress.

Current Actions: The survey instrument currently contains 47 core questions divided into three broad sections, as well as additional questions on special topics of timely interest. The Federal Reserve proposes to modify the survey instrument to contain 79 core questions that would be substantively similar to the current survey while instituting some reorganization and refinements: (1) More granular information on dealers' clients would be added to the Counterparty Types section; (2) the number of questions in Over-the-Counter Derivatives section would be significantly reduced; and (3) questions on additional collateral types would be added to the Securities Financing section.

Board of Governors of the Federal Reserve System, January 23, 2013.

Robert deV. Frierson,
Secretary of the Board.
