**FOR FURTHER INFORMATION CONTACT:**

Colette Cairns or Jennifer Skidmore,

**SUPPLEMENTARY INFORMATION:** On  
October 30, 2012, notice was published  
in the **Federal Register** (77 FR 65673)  
that a request for an enhancement  
permit to take shortnose sturgeon had  
been submitted by the above-named  
organization. The requested permit has  
been issued under the authority of the  
Endangered Species Act of 1973, as  
amended (ESA; 16 U.S.C. 1531 *et seq.*)  
and the regulations governing the  
taking, importing, and exporting of  
endangered and threatened species (50  
CFR parts 222-226).

The Riverbanks Zoo and Garden has  
been issued a permit to continue  
enhancement activities previously  
authorized under Permit No. 1589.  
Activities include the care and  
maintenance of two captive-bred, non-  
releasable shortnose sturgeon. The  
display is used to increase public  
awareness of the shortnose sturgeon and  
its status by educating the public on  
shortnose sturgeon life history and the  
reasons for the species decline. The  
project to display endangered cultured  
shortnose sturgeon responds directly to  
a recommendation from the NMFS  
recovery plan outline for this species.  
The permit does not authorize any takes  
from the wild, nor does it authorize any  
release of captive sturgeon into the wild.  
The permit is valid for five years.

Issuance of this permit, as required by  
the ESA, was based on a finding that  
such permit (1) was applied for in good  
faith, (2) will not operate to the  
disadvantage of such endangered or  
threatened species, and (3) is consistent  
with the purposes and policies set forth  
in section 2 of the ESA.

**SUPPLEMENTARY INFORMATION:**

*Title:* Generic Clearance for Collection  
of Qualitative Feedback on Agency  
Service Delivery.

*Abstract:* In accordance with section  
748 of the Dodd-Frank Act, the OCO  
anticipates undertaking a variety of  
service delivery-focused activities over  
the next few years which include  
consumer outreach and information-  
sharing with stakeholders that are  
responsive to stakeholders’ needs and  
sensitive to changes in the consumer  
market. The proposed information  
collection activity will use similar  
methods for information collection or  
otherwise share common elements, and  
provide a means to gather qualitative  
customer and stakeholder feedback in  
an efficient, timely manner. By  
qualitative feedback we mean  
information that provides useful  
information on perceptions and  
opinions. The solicitation of  
information on delivery of consumer  
services will address such areas as  
appropriate messages, effective message  
delivery methods, and current consumer  
beliefs, psychographics and social  
norms that will assist the agency in  
developing an outreach and  
communications campaign designed to  
change consumer behavior. Since these  
systems will use similar methods for  
information collection or otherwise  
share common elements, the OCO is  
proposing a generic clearance for this  
process which will allow the OCO to  
implement these systems and meet the  
obligations of the PRA without the  
delays of the normal clearance process.  
Collection methods may include focus
