Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget this request for extension of the previously approved collections of information discussed below.

Industries Guides are used by registrants in certain industries as disclosure guidelines to be followed in presenting information to investors in Securities Act (15 U.S.C. 77a *et seq.*) and Exchange Act (15 U.S.C. 78a *et seq.*) registration statements and certain other Exchange Act filings. The paperwork burden from the Industry Guides is imposed through the forms that are subject to the disclosure requirements in the Industry Guides and is reflected in the analysis of these documents. To avoid a Paperwork Reduction Act inventory reflecting duplicative burdens, for administrative convenience

the Commission estimates the total annual burden imposed by the Industry Guides to be one hour. The information required by the Industry Guides is filed on occasion and is mandatory. All information is provided to the public. The Industry Guides do not directly impose any disclosure burden.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-68820; File No. SR-PHLX-2013-12]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend a Pilot Program Related to Rule 3312, Entitled "Clearly Erroneous Transactions"

February 1, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4² thereunder, notice is hereby given that on January 31, 2013, NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is

publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing with the Commission a proposal to extend a pilot program related to Rule 3312, entitled "Clearly Erroneous Transactions." The Exchange also proposes to adopt new paragraph (g) to Rule 3312 in connection with the upcoming operation of the Plan to Address Extraordinary Market Volatility Pursuant to Rule 608 of Regulation NMS under the Act (the "Limit Up-Limit Down Plan" or "Plan").³

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqomxphlx.cchwallstreet.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to extend the effectiveness of the Exchange's current rule applicable to Clearly Erroneous Transactions and to adopt new paragraph (g) to Rule 3312 in connection with upcoming operation of the Limit Up-Limit Down Plan.

Proposal To Extend Pilot

Portions of Rule 3312, explained in further detail below, are currently operating as a pilot program set to expire on February 4, 2013.⁴ The

⁴ See Securities Exchange Act Release No. 67538 (July 30, 2012), 77 FR 46548 (August 3, 2012) (SR-PHLX-2012-100).

Exchange proposes to extend the pilot program to September 30, 2013.

On September 10, 2010, the Commission approved, on a pilot basis, changes to Exchange Rule 3312 to provide for uniform treatment: (1) Of clearly erroneous transaction reviews in multi-stock events involving twenty or more securities; and (2) in the event transactions occur that result in the issuance of an individual stock trading pause by the primary market and subsequent transactions that occur before the trading pause is in effect on the Exchange.⁵ The Exchange also adopted additional changes to Rule 3312 that reduced the ability of the Exchange to deviate from the objective standards set forth in Rule 3312.⁶ The Exchange believes the benefits to market participants from the more objective clearly erroneous transactions rule should continue on a pilot basis through September 30, 2013, which is the date that the Exchange anticipates that the phased implementation of the Limit Up-Limit Down Plan will be complete. As explained in further detail below, although the Limit Up-Limit Down Plan is intended to prevent transactions that would need to be nullified as clearly erroneous, the Exchange believes that certain protections should be maintained while the industry gains initial experience operating with the Limit Up-Limit Down Plan, including the provisions of Rule 3312 that currently operate as a pilot.

Proposed Limit Up-Limit Down Provision to Rule 3312

The Exchange proposes to adopt new paragraph (g) to Rule 3312, to provide that the existing provisions of Rule 3312 will continue to apply to all Exchange transactions, including transactions in securities subject to the Plan, other than as set forth in proposed paragraph (g). Accordingly, other than as proposed below, the Exchange proposes to maintain and continue to apply the Clearly Erroneous Transaction standards in the same way that it does today. Notably, this means that the Exchange might nullify transactions that occur within the price bands disseminated pursuant to the Limit Up-Limit Down Plan to the extent such transactions qualify as clearly erroneous under existing criteria. As an example, assume that a Tier 1 security pursuant to the Plan has a reference price pursuant to both the Plan and Rule 3312 of \$100.00. The lower pricing band under the Plan
