The FAA has determined that these Noise Exposure Maps and accompanying documentation are in compliance with applicable requirements. This determination is effective on February 4, 2013.

FAA's determination on the airport operator's Noise Exposure Maps is limited to a finding that the maps were developed in accordance with the procedures contained in Appendix A of 14 CFR part 150. Such determination does not constitute approval of the airport operator's data, information or plans, or a commitment to approve a Noise Compatibility Program or to fund the implementation of that Program. If questions arise concerning the precise relationship of specific properties to noise exposure contours depicted on a Noise Exposure Map submitted under Section 47503 of the Act, it should be noted that the FAA is not involved in any way in determining the relative locations of specific properties with regard to the depicted noise exposure contours, or in interpreting the Noise Exposure Maps to resolve questions concerning, for example, which properties should be covered by the

provisions of Section 47506 of the Act. These functions are inseparable from the ultimate land use control and planning responsibilities of local government. These local responsibilities are not changed in any way under 14 CFR part 150 or through FAA's review of Noise Exposure Maps. Therefore, the responsibility for the detailed overlaying of noise exposure contours onto the map depicting properties on the surface rests exclusively with the airport operator that submitted those maps, or with those public agencies and planning agencies with which consultation is required under Section 47503 of the Act. The FAA has relied on the certification by the airport operator, under Section 150.21 of 14 CFR part 150, that the statutorily required consultation has been accomplished.

Copies of the full Noise Exposure Maps documentation and of the FAA's evaluation of the maps are available for examination at the following locations: Federal Aviation Administration, Memphis Airports District Office, 2862 Business Park Drive, Building G, Memphis, Tennessee 38118.

Questions may be directed to the individual named above under the heading, **FOR FURTHER INFORMATION CONTACT**.

Issued in Memphis, Tennessee on February 4, 2013.

Manager, Memphis Airports District Office.

Federal Highway Administration

Buy America Waiver Notification

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice.

SUMMARY: This notice provides information regarding the FHWA's finding that a Buy America waiver is appropriate for the use of non-domestic 35', 45', and 55' Pre-stressed Spun Concrete Transmission and Distribution Power Poles in the Territory of Guam for synchronization of the existing system. This waiver is a general standing waiver that is applicable to the Territory of Guam.

DATES: The effective date of the waiver is February 13, 2013.

FOR FURTHER INFORMATION CONTACT: For questions about this notice, please contact Mr. Gerald Yakowenko, FHWA Office of Program Administration, (202) 366-1562, or via email at

gerald.yakowenko@dot.gov. For legal questions, please contact Mr. Michael Harkins, FHWA Office of the Chief Counsel, (202) 366-4928, or via email at *michael.harkins@dot.gov*. Office hours for the FHWA are from 8:00 a.m. to 4:30 p.m., e.t., Monday through Friday, except Federal holidays.

Background

The FHWA's Buy America policy in 23 CFR 635.410 requires a domestic manufacturing process for any steel or iron products (including protective coatings) that are permanently incorporated in a Federal-aid construction project. The regulation also provides for a waiver of the Buy America requirements when the application would be inconsistent with the public interest or when satisfactory quality domestic steel and iron products are not sufficiently available. This notice provides information regarding the FHWA's finding that a Buy America waiver is appropriate to use non-domestic 35', 45', and 55' Pre-stressed Spun Concrete Transmission and Distribution Power Poles in Territory of Guam.

In accordance with Division A, section 122 of the "Consolidated and Further Continuing Appropriations Act, 2012" (Pub. L. 112-55), the FHWA published a notice of intent to issue a waiver on its Web site for 35', 45', and 55' Pre-stressed Spun Concrete Transmission and Distribution Power Poles in the Territory of Guam and April 4, 2012, (<http://www.fhwa.dot.gov/construction/contracts/waivers.cfm?id=72>) and on March 5, 2012, (<http://www.fhwa.dot.gov/construction/contracts/waivers.cfm?id=66>). The FHWA received three comments in response to the publication for the 35' poles. One commenter (Allen Ackland) supported the waiver by reference to a comment submitted in response to the publication regarding the 45' and 55' poles. Another commenter (Pratip Lahiri) stated that he did not see the actual request to review and therefore could not make a definite statement about the waiver. The third commenter (Robin Shishido) stated that the documentation is same with that of 45' and 55' pre-stressed spun concrete transmission and distribution power poles. Also, the FHWA received two

comments in response to the publication for the 45' and 55' poles. One commenter (Anthony Charfauros) supported the waiver while the other commenter (replica sunglasses outlet) did not submit a relevant comment. During the 15-day comment periods for these publications, the FHWA conducted additional nationwide review to locate potential domestic manufacturers of 35', 45', and 55' Pre-stressed Spun Concrete Transmission and Distribution Power Poles in the Territory of Guam. Based on all the information available to the agency, the FHWA concludes that there are no domestic manufacturers of 35', 45', and 55' Pre-stressed Spun Concrete Transmission and Distribution Power Poles and therefore the application of Buy America is waived for such products in the Territory of Guam.

In accordance with the provisions of section 117 of the SAFETEA-LU Technical Corrections Act of 2008 (Pub. L. 110-244, 122 Stat. 1572), the FHWA is providing this notice as its finding that a waiver of Buy America requirements is appropriate. The FHWA invites public comment on this finding for an additional 15 days following the effective date of the finding. Comments may be submitted to the FHWA's Web site via the links provided to Territory of Guam waiver pages noted above.
