

and quality of their broadband service. This collection will provide the Commission with unique data on household availability of broadband and on relative broadband speeds.

OMB Control Number: 3060–1042.

Title: Request for Technical Support—Help Request Form.

Form Number: N/A—electronic only.

Type of Review: Extension of a currently approved collection.

Respondents: Individuals and households, business or other for-profit, not-for-profit institutions, and state, local or tribal government.

Number of Respondents: 36,300 respondents; 36,300 responses.

Estimated Time per Response: 8 minutes.

Frequency of Response: On occasion reporting requirement and recordkeeping requirement.

Obligation to Respond: Voluntary.

There is no statutory authority for this information collection.

Total Annual Burden: 4,480 hours.

Total Annual Cost: \$387,200.

Privacy Impact Assessment: Yes.

Records may include information about individuals or households, and the use(s) and disclosure of this information is governed by the requirements of a system of records, FCC/WTB–7, “Remedy Action Request System” (RARS). There are no additional impacts under the Privacy Act.

Nature and Extent of Confidentiality: Submission of the form is voluntary. Individuals may decline to provide the information requested in the on-line form; however, support will not be funneled via electronic means into the Commission. The customer will have to call the Commission to request support in lieu of submitting an electronic submission.

Needs and Uses: The Commission will submit this expiring information collection to the Office of Management and Budget (OMB) after this comment period to obtain the full, three year clearance from them. The Commission is seeking an extension for these requirements. There is no change in the Commission’s previous burden estimates.

The FCC maintains Internet software used by the public to apply for licenses, participate in auctions for spectrum, and maintain license information. In this mission, FCC has a “help desk” that answers questions related to these systems as well as requesting and/or issuing user passwords for access to these systems. The form currently is available on the Commission’s Web site <https://esupport.fcc.gov/request.htm> under OMB control number 3060–1042. This form will continue to substantially

decrease public and staff burden since all the information needed to facilitate a support request will be submitted in a standard format but be available to a wider audience. This eliminates or at least minimizes the need to follow-up with the customers to obtain all the information necessary to respond to their request. This form also helps presort requests into previously defined categories to all staff to respond more quickly.

Federal Communications Commission.

Marlene H. Dortch,

Secretary.

BILLING CODE 6712–01–P

FEDERAL COMMUNICATIONS COMMISSION

Information Collection(s) Being Submitted for Review and Approval to the Office of Management and Budget (OMB)

AGENCY: Federal Communications Commission.

ACTION: Notice; request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burden and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3520), the Federal Communications Commission (FCC) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s). Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission’s burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and further ways to reduce the information burden for small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB Control Number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid Control Number.

DATES: Written Paperwork Reduction Act (PRA) comments should be submitted on or before March 14, 2013. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

ADDRESSES: Submit your PRA comments to Nicholas A. Fraser, Office of Management and Budget (OMB), via fax at 202–395–5167 or via Internet at Nicholas.A.Fraser@omb.eop.gov and to Leslie F. Smith, Federal Communications Commission (FCC), via the Internet at Leslie.Smith@fcc.gov. To submit your PRA comments by email, send them to PRA@fcc.gov.

FOR FURTHER INFORMATION CONTACT:

Leslie F. Smith, Office of Managing Director, FCC, at (202) 418–0217, or via the Internet at Leslie.Smith@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060–0392.

Title: 47 CFR 1 Subpart J—Pole Attachment Complaint Procedures.

Form Number: N/A.

Type of Review: Revision of currently approved collection.

Respondents: Businesses or other for-profit, and State, local or tribal governments.

Number of Respondents and Responses: 1,772 respondents; 1,772 responses.

Estimated Time per Response: 0.5 to 100 hours.

Frequency of Response: On occasion reporting requirement; Third party disclosure.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 224.

Total Annual Burden: 2,629 hours.

Total Annual Cost: \$450,000.

Privacy Act Impact Assessment: No privacy impacts.

Nature and Extent of Confidentiality: There is no need for confidentiality. However, respondents may request materials or information submitted to the Commission be withheld from public inspection under 47 CFR Section 0.459 of FCC rules.

Needs and Uses: The rules and regulations contained in 47 CFR Part 1 Subpart J provide complaint and enforcement procedures to ensure that telecommunications carriers and cable system operators have nondiscriminatory access to utility poles, ducts, conduits, and rights-of-way on rates, terms and conditions that are just and reasonable. The FCC will use the information collected under these rules to hear and resolve petitions for

stay and complaints as mandated by Section 224 of the Communications Act of 1934, as amended. The information that is also filed is used to determine the merits of the petitions and complaints. Additionally, state certifications are used to make public notice of the states' authority to regulate rates, terms and conditions for pole attachments, and to determine the scope of the FCC's jurisdiction.

On April 7, 2011, the FCC released a *Report and Order and Order on Reconsideration*, Implementation of Section 224 of the Act; A National Broadband Plan for our Future, WC Docket No. 07-245 and GN Docket No. 09-51, FCC 11-50. This rulemaking added 47 C.F.R. Section 1.1424. Section 1.1424 states that the procedures for handling pole attachment complaints filed by incumbent local exchange carriers are the same as the procedures for handling other pole attachment complaints. Section 1.1424 further requires incumbent local exchange carriers that claim they are similarly-situated to other attachers to bear the burden of demonstrating their similarity.

The Commission has also revised Section 1.1403(b) which requires that requests for access to a utility's poles, ducts, conduits or rights-of-way by a telecommunications carrier or cable operator be in writing. If access is not granted within 45 days of the request for access, the utility must explain the denial or grant of access conditioned on the performance of make-ready by the 45th day.¹

The other applicable rule sections remain unchanged: Section 1.1403(c) requires a utility to provide a cable television system operator or telecommunications carrier no less than 60 days written notice prior to removal of facilities, termination of any services to those facilities, increase in pole attachment rates, or modification of facilities. Section 1.1403(d) allows a cable television system operator or telecommunications carrier to file a "Petition for Temporary Stay" of the action contained in a notice received pursuant to Section 1.1403(c) within 15 days of receipt of such notice. The "Petition for Temporary Stay" must contain, in concise terms, the relief sought, the reasons for such relief, including a showing of irreparable harm and likely cessation of cable television service or telecommunications service, a copy of the notice, and a certificate of service. The named respondent may file

an answer within 7 days of the date the Petition was filed.

Section 1.1403(e) requires cable operators to notify pole owners upon offering telecommunications services.

Section 1.1404 specifies the information that must be included in a pole attachment complaint.

Section 1.1406(b) requires a complainant to file additional information supporting its complaint, if requested by the Commission.

Section 1.1407 requires the respondent to file a response within 30 days from the date the complaint was filed. The complainant then has 20 days from the date the response was filed to file a reply. The response and reply shall be served on all parties listed in the certificate of service.

Section 1.1414 requires states that regulate the rates, terms and conditions for pole attachments to file a certification with the FCC.

Section 1.1417 requires a utility to apportion the cost of providing unusable space on a pole so that such apportionment equals two-thirds of the costs of providing unusable space that would be allocated to such entity under an equal apportionment of such costs among all attaching entities. Section 1.1417 sets forth the procedures to be followed in establishing a maximum just and reasonable pole attachment rate.

Federal Communications Commission.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

[DA 12-127]

Emergency Access Advisory Committee; Announcement of Date of Next Meeting

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: This document announces the date of the Emergency Access Advisory Committee's (Committee or EAAC) next meeting. At the March 2013 meeting, the agenda will include discussion of reports from the subcommittees and other activities needed to ensure access to 911 by individuals with disabilities.

DATES: The Committee's next meeting will take place on Friday, March 1, 2013, 10:30 a.m. to 3:30 p.m. (EST), at the headquarters of the Federal Communications Commission (FCC or Commission).

ADDRESSES: Federal Communications Commission, 445 12th Street, SW., Washington, DC 20554, in the Commission Meeting Room.

FOR FURTHER INFORMATION CONTACT: Suzy Rosen Singleton, Consumer and Governmental Affairs Bureau, 202-810-1503, or Suzanne.Singleton@fcc.gov (email); and/or Zenji Nakazawa, Public Safety and Homeland Security Bureau, 202-418-7949, Zenji.Nakazawa@fcc.gov (email).

SUPPLEMENTARY INFORMATION: On December 7, 2010, in document DA 10-2318, Chairman Julius Genachowski announced the establishment and appointment of members and Co-Chairpersons of the EAAC, an advisory committee required by the Twenty-First Century Communications and Video Accessibility Act (CVAA), Public Law 11-260, for the purpose of achieving equal access to emergency services by individuals with disabilities as part of our nation's migration to a national Internet protocol-enabled emergency network, also known as the next generation 9-1-1 system (NG 9-1-1). The purpose of the EAAC is to determine the most effective and efficient technologies and methods by which to enable access to Next Generation 911 (NG 9-1-1) emergency services by individuals with disabilities, and to make recommendations to the Commission on how to achieve those effective and efficient technologies and methods. During the spring of 2011, the EAAC conducted a nationwide survey of individuals with disabilities and released a report on that survey on June 21, 2011. Following release of the survey report, the EAAC developed recommendations, which it submitted to the Commission on December 7, 2011, as required by the CVAA. At the March 2013 EAAC meeting, the agenda will include discussion of reports from the subcommittees and other activities needed to ensure access to 911 by individuals with disabilities.

The meeting site is fully accessible to people using wheelchairs or other mobility aids. Sign language interpreters, open captioning, and assistive listening devices will be provided on site. Other reasonable accommodations for people with disabilities are available upon request. In your request, include a description of the accommodation you will need and a way we can contact you if we need more information. Last minute requests will be accepted, but may be impossible to fill. Send an email to: fcc504@fcc.gov or call the Consumer and Governmental Affairs Bureau at (202) 418-0530 (voice), (202) 418-0432 (TTY). To

¹ The Commission has revised this language slightly to make it comport better with the language in 47 CFR Section 1.1403(b).
