

• The Nursery and Floriculture Chemical Use Survey, is conducted every 3 years in conjunction with the production survey mentioned above. It measures chemical usage, related to the production of nursery and floriculture crops in six major producing States. The resulting publication is part of the NASS series on Agricultural Chemical Usage, and it summarizes rates of application, total amount of active ingredients applied, and use of pest management practices. NASS collects on-farm chemical use data to enhance the quality of information used in the evaluation of issues related to agricultural chemicals, including pesticide registrations. Pest management data are used to measure integrated pest management adoption levels and evaluate the impact of alternative pesticide regulations, policies, and practices. A sample of nursery and floriculture operations with sales over \$10,000 in the major States will be personally interviewed, since chemical use data are not accurately collected by telephone or mail.

• A nursery production survey and a Christmas tree production survey are conducted every year in Oregon.

**Authority:** These data will be collected under authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985 as amended, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents. This Notice is submitted in accordance with the Paperwork Reduction Act of 1995, (Pub. L. 104-113) and Office of Management and Budget regulations at 5 CFR part 1320 (60 FR 44978, August 29, 1995).

NASS also complies with OMB Implementation Guidance, "Implementation Guidance for Title V of the E-Government Act, Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA)," **Federal Register**, Vol. 72, No. 115, June 15, 2007, p. 33376.

**Estimate of Burden:** Based on previous data collected, the average amount of respondent burden for the Nursery and Floriculture Chemical Use Survey (6 States) is estimated to average 60 minutes per respondent (conducted once every three years). The Nursery and Christmas Tree Production Survey (17 States) is estimated to average 35 minutes per respondent (conducted once every three years). The annual nursery production survey conducted in Oregon is estimated to average 30 minutes per respondent. The annual Christmas tree production survey in Oregon is estimated to average 20 minutes per respondent. Publicity materials and instruction sheet will

account for 10 minutes of additional burden per respondent. Respondents who refuse to complete a survey will be allotted 2 minutes of burden per attempt to collect the data.

**Respondents:** Producers of nursery, greenhouse, and floriculture products.

**Estimated Annual Number of Respondents:** (Nursery Production and Christmas Tree Survey at  $15,000 \times$  frequency of  $\frac{1}{3}$ ) + (Chemical Use Survey at  $4,200 \times$  frequency of  $\frac{1}{3}$ ) + (Oregon Nursery Production Survey at  $800 \times$  frequency of 1.0) + (Oregon Christmas Tree Production at  $1,000 \times$  frequency of 1.0) = approximately 8,200.

**Estimated Total Annual Burden on Respondents:** approximately 7,500 hours. Copies of this information collection and related instructions can be obtained without charge from David Hancock, NASS Clearance Officer, at (202) 690-2388.

**Comments:** Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, through the use of appropriate automated, electronic, mechanical, technological or other forms of information technology collection methods.

All responses to this notice will become a matter of public record and be summarized in the request for OMB approval.

Signed at Washington, DC, January 31, 2013.

**Joseph T. Reilly,**

*Associate Administrator.*

## DEPARTMENT OF AGRICULTURE

### Rural Utilities Service

#### Information Collection Activity; Comment Request

**AGENCY:** Rural Utilities Service, USDA.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended), the Rural Utilities Service (RUS) invites

comments on this information collection for which approval from the Office of Management and Budget (OMB) will be requested.

**DATES:** Comments on this notice must be received by April 15, 2013.

**FOR FURTHER INFORMATION CONTACT:**

Michele L. Brooks, Director, Program Development and Regulatory Analysis, Rural Utilities Service, 1400 Independence Ave. SW., STOP 1522, Room 5162—South Building, Washington, DC 20250-1522. Telephone: (202) 690-1078. FAX: (202) 720-8435. Email: [michele.brooks@wdc.usda.gov](mailto:michele.brooks@wdc.usda.gov).

**SUPPLEMENTARY INFORMATION:** The Office of Management and Budget's (OMB) regulation (5 CFR part 1320) implementing provisions of the Paperwork Reduction Act of 1995 (Pub. L. 104-113) requires that interested members of the public and affected agencies have an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8(d)). This notice identifies an information collection that RUS is submitting to OMB for extension.

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to: Michele L. Brooks, Director, Program Development and Regulatory Analysis, Rural Utilities Service, STOP 1522, 1400 Independence Ave. SW., Washington, DC 20250-1522. FAX: (202) 720-8435. Email: [michele.brooks@wdc.usda.gov](mailto:michele.brooks@wdc.usda.gov).

**Title:** 7 CFR 1779, Water and Waste Disposal Programs Guaranteed Loans.

**OMB Number:** 0572-0122.

**Type of Request:** Extension of a currently approved information collection.

**Abstract:** The Rural Utilities Service is authorized by Section 306 of the Consolidated Farm and Rural Development Act (7 U.S.C. 1926) to make loans to public agencies, nonprofit corporations, and Indian tribes for the development of water and waste

disposal facilities primarily servicing rural residents. The guaranteed loan program encourages lender participation and provides specific guidance in the processing and servicing of guaranteed loans. The regulations governing the Water and Waste Disposal Guaranteed Loan program are codified at 7 CFR part 1779. The required information, in the form of written documentation and Agency approved forms, is collected from applicants/borrowers, their lenders, and consultants. The collected information will be used to determine applicant/borrower eligibility, project feasibility, and to ensure borrowers operate on a sound basis and use loan funds for authorized purposes. Failure to collect proper information could result in improper determinations of eligibility, improper use of funds, and/or unsound loans.

*Estimate of Burden:* Public reporting burden for this collection of information is estimated to average 7.8 hours per response.

*Respondents:* Business or other for profit; Not-for-profit institutions; State, Local or Tribal Government.

*Estimated Number of Respondents:* 15.

*Estimated Number of Responses per Respondent:* 7.3.

*Estimated Total Annual Burden on Respondents:* 858 hours.

Copies of this information collection can be obtained from Rebecca Hunt, Program Development and Regulatory Analysis, at (202) 205-3660, FAX: (202) 720-8435. Email: [rebecca.hunt@wdc.usda.gov](mailto:rebecca.hunt@wdc.usda.gov).

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: February 8, 2013.

## DEPARTMENT OF COMMERCE

### Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

*Agency:* National Oceanic and Atmospheric Administration (NOAA).

*Title:* National Estuarine Research Reserve System Science Collaboration Evaluation Survey.

*OMB Control Number:* None.

*Form Number(s):* NA.

*Type of Request:* Regular submission (request for a new information collection).

*Number of Respondents:* 140.

*Average Hours per Response:* 20 minutes.

*Burden Hours:* 47.

*Needs and Uses:* This request is for a new information collection.

The National Estuarine Research Reserve System (NERRS) Science Collaborative was created in 2009 to put Reserve-based science to work for coastal communities coping with the impacts of land use change, pollution, and habitat degradation in the context of a changing climate. The program operates on the belief that for science to be applied to solve coastal management problems, the people who need to use the science must be involved in its generation.

The projects funded by the NERRS Science Collaborative are designed to bring the intended users of the science into the research process so that their perspectives can inform problem definition, research design and implementation, and ultimately, application of the project results. This is what is meant by "collaboration," and it is the program's goal to use this process to ensure that the good science happening in and around the Reserves gets put to good use.

To help evaluate the efficacy of the NERRS Science Collaborative, NOAA is conducting a survey of the NERRS staff located in the 28 Reserves around the country to solicit their perspective about the program and how it has been implemented.

*Affected Public:* State, local or tribal government, not-for-profit institutions.

*Frequency:* Once.

*Respondent's Obligation:* Voluntary.

*OMB Desk Officer:*

*OIRA\_Submission@omb.eop.gov.*

Copies of the above information collection proposal can be obtained by calling or writing Jennifer Jessup, Departmental Paperwork Clearance Officer, (202) 482-0336, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at [Jjessup@doc.gov](mailto:Jjessup@doc.gov)).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [OIRA\\_Submission@omb.eop.gov](mailto:OIRA_Submission@omb.eop.gov).

Dated: February 8, 2013.

**Gwellnar Banks,**

*Management Analyst, Office of the Chief Information Officer.*

## DEPARTMENT OF COMMERCE

### Economics and Statistics Administration

#### Bureau of Economic Analysis Advisory Committee

**AGENCY:** Bureau of Economic Analysis, Commerce.

**ACTION:** Notice of public meeting.

**SUMMARY:** Pursuant to the Federal Advisory Committee Act (Pub. L. 92-463 as amended by Pub. L. 94-409, Pub. L. 96-523, Pub. L. 97-375 and Pub. L. 105-153), we are announcing a meeting of the Bureau of Economic Analysis Advisory Committee. The meeting will address ways in which the national economic accounts can be presented more effectively for current economic analysis and recent statistical developments in national accounting.

**DATES:** Friday, May 10, 2013 the meeting will begin at 9:00 a.m. and adjourn at 3:30 p.m.

**ADDRESSES:** The meeting will take place at the Bureau of Economic Analysis at 1441 L St. NW., Washington, DC.

**FOR FURTHER INFORMATION CONTACT:** Gianna Marrone, Program Analyst, Bureau of Economic Analysis, U.S. Department of Commerce, Washington, DC 20230; telephone number: (202) 606-9633.

*Public Participation:* This meeting is open to the public. Because of security procedures, anyone planning to attend the meeting must contact Gianna Marrone of BEA at (202) 606-9633 in advance. The meeting is physically accessible to people with disabilities. Requests for foreign language interpretation or other auxiliary aids should be directed to Gianna Marrone at (202) 606-9633.

**SUPPLEMENTARY INFORMATION:** The Committee was established September 2, 1999. The Committee advises the Director of BEA on matters related to the development and improvement of BEA's national, regional, industry, and international economic accounts, especially in areas of new and rapidly growing economic activities arising from innovative and advancing technologies, and provides recommendations from the perspectives of the economics profession, business,
