

Unfunded Mandates

This rule will not impose an unfunded mandate on State, local, or tribal governments or the private sector of \$100 million or more in any given year. This determination is based upon the fact that the State submittal, which is the subject of this rule, is based upon counterpart Federal regulations for which an analysis was prepared and a determination made that the Federal regulation did not impose an unfunded mandate.

AGENCY: Coast Guard, DHS.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the Burlington

Northern Santa Fe (BNSF) Railway Company swing span bridge across Bayou Boeuf, mile 10.2, at Amelia, St. Mary Parish, Louisiana. The deviation is necessary to complete scheduled repairs necessitated by a bridge allision. This deviation allows the bridge to remain in the closed-to-navigation position for sixteen consecutive hours.

DATES: This deviation is effective from 6 a.m. through 10 p.m. on Thursday, March 14, 2013.

SUPPLEMENTARY INFORMATION: The BNSF Railway Company has requested a temporary deviation from the operating schedule of the swing span railroad bridge across Bayou Boeuf, mile 10.2, at Amelia, St. Mary Parish, Louisiana. The bridge provides no vertical clearance in the closed-to-navigation position. However, the bridge will be able to open in the event of an emergency.

In accordance with 33 CFR 117.5, the bridge currently opens on signal for the passage of vessels. This deviation allows the swing span of the bridge to remain in the closed-to-navigation position from 6 a.m. through 10 p.m. on Thursday, March 14, 2013.

The closure is necessary in order to change out a shaft and reducer gear damaged during a bridge allision that occurred last year. Notices will be published in the Eighth Coast Guard District Local Notice to Mariners and will be broadcast via the Coast Guard Broadcast Notice to Mariners System.

Navigation at the site of the bridge consists mainly of tows with barges and some recreational pleasure craft. Due to prior experience, as well as coordination with waterway users, it has been determined that this closure will not have a significant effect on

these vessels. An alternate route is available by using the GIWW, Morgan City to Port Allen Alternate Route.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the effective period of this temporary deviation. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: February 4, 2013.

SUPPLEMENTARY INFORMATION: The BNSF Railway Company has requested a temporary deviation from the operating schedule of the swing span railroad bridge across the Charenton Canal, mile 0.4, at Baldwin, St. Mary Parish, Louisiana. The bridge provides 10 feet of vertical clearance in the closed-to-navigation position. Due to the type of equipment being used and safety concerns, vessels will not be allowed to pass under the bridge while in the closed-to-navigation position. However, the bridge will be able to open in the event of an emergency.

Navigation on the waterway consists of tugs with tows, fishing vessels, and recreational craft including sailboats and powerboats.
