

procedures at the underlying markets and the potential benefits to investors discussed above, the Commission finds that it is appropriate and consistent with the Act to approve CBOE's proposal on a pilot basis. The collection of data during the pilot and CBOE's active monitoring of any effects of SPXPM on the markets will help CBOE and the Commission assess any impact of P.M. settlement in today's market.

As noted in Amendment No. 4, CBOE represented its intent to begin trading SPXPM on February 19, 2013, which is the first day of a new expiration cycle for options.

IV. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁹ that the proposed rule change (SR-CBOE-2012-120), as modified by Amendment Nos. 2, 3, and 4, be, and hereby is, approved, as amended, on a 12 month pilot basis set to expire on February 8, 2014.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.²⁰

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-68891; File No. SR-NASDAQ-2013-028]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing of Proposed Rule Change for the Permanent Approval of a Pilot Program To Permit Inbound Orders Routed by Nasdaq Execution Services LLC From the NASDAQ OMX BX Equities Market and NASDAQ OMX PSX

February 8, 2013.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on February 6, 2013, The NASDAQ Stock Market LLC ("Exchange" or "Nasdaq") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to

solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes a rule change for the permanent approval of its pilot program to permit inbound orders routed by Nasdaq Execution Services LLC ("NES") from the NASDAQ OMX BX Equities Market of NASDAQ OMX BX, Inc. ("BX") and the NASDAQ OMX PSX facility of NASDAQ OMX PHLX LLC ("PHLX").

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

In conjunction with BX and PHLX providing outbound routing services to all markets using their affiliated routing broker, NES,⁴ NASDAQ proposed that NES be permitted to route orders from BX and PHLX, respectively, to the Exchange on a pilot basis, subject to certain conditions and limitations, as described below.⁵ The current pilot program expires March 30, 2013.⁶

NES is a broker-dealer and member of NASDAQ, PHLX and BX. NES provides all routing functions for NASDAQ, BX and PHLX. BX, NASDAQ, PHLX and NES are affiliates. Accordingly, the affiliate relationship between NASDAQ and NES, its member, raises the issue of an exchange's affiliation with a member of such exchange. Specifically, in connection with prior filings, the

Commission has expressed concern that the affiliation of an exchange with one of its members raises the potential for unfair competitive advantage and potential conflicts of interest between an exchange's self-regulatory obligations and its commercial interests.⁷

Recognizing that the Commission has previously expressed concern regarding the potential for conflicts of interest in instances where a member firm is affiliated with an exchange of which it is a member, the Exchange previously proposed, and the Commission approved, limitations and conditions on NES's affiliation with the Exchange.⁸ The Exchange now proposes to permit NASDAQ to accept inbound orders that NES routes in its capacity as a facility of BX and PHLX on a permanent basis, subject to the imitations [sic] and conditions of this pilot:

- First, the Exchange and FINRA maintain a Regulatory Contract, as well as an agreement pursuant to Rule 17d-2 under the Act ("17d-2 Agreement").⁹ Pursuant to the Regulatory Contract and the 17d-2 Agreement, FINRA is allocated regulatory responsibilities to review NES's compliance with certain Exchange rules.¹⁰ Pursuant to the Regulatory Contract, however, NASDAQ retains ultimate responsibility for enforcing its rules with respect to NES.

- Second, FINRA monitors NES for compliance with the Exchange's trading rules, and collects and maintains certain related information.¹¹

- Third, FINRA provides a report to the Exchange's chief regulatory officer ("CRO"), on a quarterly basis, that: (i) Quantifies all alerts (of which FINRA is aware) that identify NES as a participant that has potentially violated Commission or Exchange rules, and (ii) lists all investigations that identify NES as a participant that has potentially violated Commission or Exchange rules.

⁷ See Securities Exchange Act Release Nos. 59153 (December 23, 2008), 73 FR 80485 (December 31, 2008) (SR-NASDAQ-2008-098); and 62736 (August 17, 2010), 75 FR 51861 (August 23, 2010) (SR-NASDAQ-2010-100).

⁸ *Id.*

⁹ 17 CFR 240.17d-2.

¹⁰ NES is also subject to independent oversight by FINRA, its designated examining authority, for compliance with financial responsibility requirements.

¹¹ Pursuant to the Regulatory Contract, both FINRA and the Exchange collect and maintain all alerts, complaints, investigations and enforcement actions in which NES (in its capacity as a facility of BX and PHLX routing orders to NASDAQ) is identified as a participant that has potentially violated applicable Commission or Exchange rules. The Exchange and FINRA retain these records in an easily accessible manner in order to facilitate any potential review conducted by the Commission's Office of Compliance Inspections and Examinations.

⁵ See Securities Exchange Act Release No. 65554 (October 13, 2011), 76 FR 65311 (October 20, 2011) (SR-NASDAQ-2011-142).

⁶ See Securities Exchange Act Release No. 67997 (October 5, 2012), 77 FR 62293 (October 12, 2012) (SR-NASDAQ-2012-112).

• Fourth, the Exchange has in place NASDAQ Rule 2160(c), which requires The NASDAQ OMX Group, Inc., as the holding company owning both the Exchange and NES, to establish and maintain procedures and internal controls reasonably designed to ensure that NES does not develop or implement changes to its system, based on non-public information obtained regarding planned changes to the Exchange's systems as a result of its affiliation with the Exchange, until such information is available generally to similarly situated Exchange members, in connection with the provision of inbound order routing to the Exchange.

The Exchange has met all the above-listed conditions. By meeting the above conditions, the Exchange has set up mechanisms that protect the independence of the Exchange's regulatory responsibility with respect to NES, as well as demonstrate that NES cannot use any information advantage it may have because of its affiliation with the Exchange. Because the Exchange has met all the above-listed conditions, it now seeks permanent approval of this inbound routing relationship. The Exchange will continue to comply with the conditions 1–4 stated above.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,¹² in general, and with Sections 6(b)(5) of the Act,¹³ in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest, because the proposed rule change will allow the Exchange to continue to receive inbound orders from NES, acting in its capacity as a facility of BX and PHLX, in a manner consistent with prior approvals and established protections. The Exchange believes that these conditions establish mechanisms that protect the independence of the Exchange's regulatory responsibility with respect to NES, as well as ensure that NES cannot use any information it

may have because of its affiliation with the Exchange to its advantage.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Permanent approval of the current pilot program does not raise any issues of intramarket competition because it involves inbound routing from an affiliated exchange. Nor does it result in a burden on competition among exchanges, because there are many competing exchanges that provide routing services, including through an affiliate.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission shall: (a) By order approve or disapprove such proposed rule change, or (b) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments
